TITLE OF INFORMATION COLLECTION:

National Electronic Disease Surveillance System Base System (NBS) 7
Transition User Assessment

PURPOSE:

The goal of the National Electronic Disease Surveillance System Base System (NBS) Transition User Assessment is to gain actionable insight into the concerns and concrete needs of NBS jurisdictions that are considering or planning on upgrading their surveillance system to NBS 7. This insight will inform CDC’s strategic planning for resource allocation and support for moving jurisdictions onto NBS 7 and allow for stepping down the support for the current NBS version 6.

DESCRIPTION OF RESPONDENTS:

The survey will be distributed to 2-3 individuals at each of the 24 jurisdictions that currently utilize NBS as their surveillance system. At least one response is requested from each NBS jurisdiction. Jurisdictions that do not currently utilize NBS as their surveillance system are excluded. While the expertise of more than one person within a jurisdiction may be required to answer all questions within the assessment, one response should be submitted on behalf of the group.

PURPOSE: Provide a concise description of the purpose of this collection and how it will be used. If this is part of a larger study or effort, please include this in your explanation.

DESCRIPTION OF RESPONDENTS: Provide a concise description of the targeted group or groups for this collection of information. These groups must have experience with the program.

Personally Identifiable Information: Provide answers to the questions.

Gifts or Payments: As a general matter, incentives are not appropriate for customer service collections; however, incentives may be appropriate for focus groups or in-depth usability studies, especially when participants must travel to a site to participate. In the latter circumstance, the incentive should include travel costs. Customary incentives for focus groups in the Federal government are \$40 for a one-hour interview and \$75 for a 90-minute focus group. If you answer yes to the question, please describe the incentive and provide a justification for amounts other than those cited above; justifications should be limited to Federal studies of a similar design and subpopulation.

Burden: Provide the Annual burden hours: Multiply the Number of responses and the participation time and divide by 60.

FEDERAL COST: Provide an estimate of the annual cost to the Federal government.

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents. Please provide a description of how you plan to identify your potential group of respondents and how you will select them. If the answer is yes, to the first question, you may provide the sampling plan in an attachment.
