Form Approved
GSA Control No. 4150-0000
Exp. Date 10/10/2010

STD clinic specific measures taken from Component A (with modifications noted in darker shaded cells/columns)

Risk-Specific Measure (Performance not in Component A)												
Performance Measure Characteristics				Measurement Specifications				Data Source Attributes				
Reference Measure (PM) reference values from Component A available	Program name	Performance Measure	Population	Unit of Measurement	Denominator	Frequency of Reporting	Risk Stratification	Report Lead Frequency	Data Source (Agency or Source)	lag in Reporting	Baseline and Target	
PM STD 1	Lifespan and healthy life expectancy	Percent of residents aged 65 and older who are cognitively fit	Percentages	Percentage	Number of cognitively fit residents aged 65 and older divided by the total number of residents aged 65 and older	Bi-annually	High: greater than 60% cognitively fit residents aged 65 and older Medium: 50-60% cognitively fit residents aged 65 and older Low: less than 50% cognitively fit residents aged 65 and older	Quarterly	STD clinic	3 months	N/A	
					Number of cognitively fit residents aged 65 and older	Bi-annually					N/A	
PM STD 2	Healthy life expectancy	Percent of residents aged 65 and older who are cognitively fit and have no chronic conditions	Percentages	Percentage	Number of cognitively fit residents aged 65 and older with no chronic conditions divided by the total number of cognitively fit residents aged 65 and older	Bi-annually	High: greater than 60% cognitively fit residents aged 65 and older with no chronic conditions Medium: 50-60% cognitively fit residents aged 65 and older with no chronic conditions Low: less than 50% cognitively fit residents aged 65 and older with no chronic conditions	Quarterly	STD clinic	3 months	N/A	
PM STD 3	Disengagement (T1) that is cognitively fit and has no chronic conditions	Number of residents aged 65 and older who are cognitively fit and have no chronic conditions	STD clinics	Number	Number of cognitively fit residents aged 65 and older with no chronic conditions	Bi-annually	N/A	2016	2016 data	STD clinic	3 months	N/A
PM STD 4	Disengagement (T2) that is cognitively fit and has no chronic conditions	Number of residents aged 65 and older who are cognitively fit and have no chronic conditions	STD clinics	Number	Number of cognitively fit residents aged 65 and older with no chronic conditions	Bi-annually	N/A	2016	2016 data	STD clinic	3 months	N/A
PM STD 5	Disengagement (T3) that is cognitively fit and has no chronic conditions	Number of residents aged 65 and older who are cognitively fit and have no chronic conditions	STD clinics	Number	Number of cognitively fit residents aged 65 and older with no chronic conditions	Bi-annually	N/A	2016	2016 data	STD clinic	3 months	N/A
PM STD 6	Disengagement (T4) that is cognitively fit and has no chronic conditions	Number of residents aged 65 and older who are cognitively fit and have no chronic conditions	STD clinics	Number	Number of cognitively fit residents aged 65 and older with no chronic conditions	Bi-annually	N/A	2016	2016 data	STD clinic	3 months	N/A
