Success Stories (Base and Enhanced component)

Suggested Title *

(250 character max)

[   ]

The Problem: Describe the problem identified ⓘ Describe the topic area related problem the program, initiative, or activity is addressing:

- Explain why the problem was important to address
- Describe which population was affected by the problem
- Note the data sources or systems used to describe the extent of the problem

(2000 character max)

[   ]

The Narrative: How was Core SIPP funding used to address the problem? ⓘ Describe your program, initiative, or activity aimed to address the problem:

- What program, initiative, or activity are you highlighting?
- Who (e.g. state/local health department and/or local/state partners) was involved in developing, supporting, or leading the program, initiative, or activity?
- Describe how the activity is innovative
- Include references, if applicable
- Identify in simple terms the methods used, if applicable

(2000 character max)

[   ]

Outcomes and Impact: What outcomes (short-, intermediate-, or long-term) resulted from your actions? ℹ Describe the evaluation of the activity:

- Identify the measurable short-term outcomes (e.g. early results of the process), intermediate outcomes (e.g. results of the short-term outcomes), and/or long-term outcomes that demonstrate how the activity addressed the problem (e.g. change in prevention policy, programs, or practices; increased funding)
- The first year of success stories can focus on short-term outcomes
- Avoid stories lacking an outcome (e.g. "A fact sheet was created and distributed to stakeholders."). Be more specific and provide details (e.g. describe what was included in the factsheet, why it was relevant to specific stakeholders, and how stakeholders used the fact sheet)

(2000 character max)

Lessons Learned: What lesson(s) was learned that can help others with similar problems in the future? (optional).

ℹ If applicable, share any lessons learned from your program, initiative, or activity highlighted in the success story:
- Provide a conclusion that effectively wraps up the story
- Summarize the problem, activity, and outcomes
- Discuss barriers overcome or facilitators that contributed to success
- Avoid using broad statements like "There was a noticeable decrease." Be specific and reference data
