

Request Form for Withholding/Footnoting Data for Public Reporting

Overview

Hospitals and other facilities participating in the Hospital Inpatient Quality Reporting (IQR) Program, Hospital Outpatient Quality Reporting (OQR) Program, PPS-Exempt Cancer Hospital Quality Reporting (PCHQR) Program, Inpatient Psychiatric Facility Quality Reporting (IPFQR) Program, Ambulatory Surgical Center Quality Reporting (ASCQR) Program, Rural Emergency Hospital Quality Reporting (REHQR) Program, Hospital Value-Based Purchasing (VBP) Program, Hospital Readmissions Reduction Program (HRRP), and/or Hospital-Acquired Condition (HAC) Reduction Program, respectively, agree to have data publicly reported on a designated CMS website. Hospitals voluntarily reporting inpatient data with an Optional Public Reporting Notice of Participation have the option to withhold data from public reporting for those measures listed in **Table 1**.

Hospitals and other facilities participating in the Hospital IQR Program, Hospital OQR Program, PCHQR Program, IPFQR Program, ASCQR Program, REHQR Program, Hospital VBP Program, HRRP, and/or HAC Reduction Program can submit a request for CMS review to add a footnote to claims-based measure data included in public reporting on [the Compare tool on Medicare.gov](#) or its successor website, for those measures listed in **Table 2**.

Withholding/Footnoting Form

This section of the form provides the instructions for completing the withholding/footnoting form and is divided into subsections for those hospitals voluntarily participating in inpatient public reporting on *the Compare tool* and those hospitals and facilities that are statutorily included in the Hospital IQR, Hospital OQR, PCHQR, IPFQR, ASCQR, Hospital VBP, HRRP, and/or HAC Reduction Programs.

Hospitals Voluntarily Participating in Inpatient Public Reporting

The following information is applicable only to those hospitals *voluntarily participating* in inpatient public reporting on *the Compare tool* or its successor website, with an Optional Public Reporting Notice of Participation.

This form must be received no later than **the last day of the applicable preview period**, for hospitals not participating in public reporting with an Optional Public Reporting Notice of Participation.

NOTE: Forms received after the end of the preview period will not be considered for that Public Reporting release.

My hospital has reviewed its Preview Report. For this preview period, we wish to withhold from public reporting data submitted for the measure(s) as indicated below.

Hospitals voluntarily participating in inpatient public reporting with an Optional Public Reporting Notice of Participation may withhold any or all of the measures listed in the following table, by marking the Withhold column. If a measure that is included in the calculation of the Overall Star Rating is withheld from public reporting, then the Overall Star Rating will be withheld as well.

Facilities Participating in Hospital IQR, OQR, PCHQR, IPFQR, ASCQR, REHQR, HVBP, HRRP, DRA HAC and/or HAC Reduction Programs

The following form is intended to allow facilities that are statutorily required to participate in programs to request a footnote be added to their data on the *Compare tool* or its successor website in the event that the facility identifies errors in their claims-based measure data during the preview or review and correction period. The footnote would be added to the data and would indicate that the facility has identified errors in their data. **NOTE:** Forms received after the end of the applicable program-specific Preview Period or Review and Corrections Period will not be considered.

My facility has reviewed its Preview Report and/or Review and Corrections Report. We wish to request CMS review to add a footnote to public reporting data calculated for the program(s) and measure(s) as indicated below.

Facilities may request CMS review to footnote any or all of the claims-based measures listed in the following table, by marking the Footnote column for the requested measure(s). When a measure is included in the calculation of the Overall Star Rating is footnoted, then the Overall Star Rating will be footnoted as well.
