

**MINOR REVISIONS TO THE MEDICAL CONTINUING DISABILITY
REVIEW (MCDR) APPLICATION
I454**

1. Background

The i454 Medical CDR Application is an internet application that allows authorized SSA disability beneficiaries to submit an SSA-454 (Continuing Disability Review Report) to SSA via the Internet. Users will receive an email after submission and can print their SSA-827 and SSA-454. The changes outlined below describe changes to our screens since our last screen package submission. The changes are minor wording changes, formatting/design changes. We are not adding new modalities, removing or adding questions, changing the order or questions or changing the scope of clearance.

2. Summary of Changes

2.1. Status tag on the SSA Landing Page

While the SSA Landing Page is outside the scope of our application, our prior screen package incorrectly showed the 'Action Required' status tag in uppercase letters. As such, we are providing this screen revision in our package:

2.2. Privacy Act Statement Language

The Privacy Act Statement language was changed in May, 2023 by OMB. As such, we are providing this screen revision in our package for compliance.

2.3. Instructional Text Modification for Accuracy

On the Instruction page, the sentence, “Please complete as much of the report as you can.” has been removed. This was an instruction from the paper SSA-454 that is not applicable to i454 because the user must complete all required questions before being able to submit their application:

Instructions

Form SSA-827 (06-2024) UF

Explanation of Form SSA-827

"Authorization to Disclose Information to the Social Security Administration (SSA)"

We need your written authorization to help get the information required to process your claim, and to determine your capability of managing benefits. Laws and regulations require that sources of personal information have a signed authorization before releasing it to us. Also, laws require specific authorization for the release of information about certain conditions and from educational sources.

You can provide this authorization by signing a form SSA-827. Federal law permits sources with information about you to release that information if you sign a single authorization to release all your possible sources. We will make copies of it for each source. A covered entity (that is, a source of medical information about you) may not condition treatment, payment, enrollment, or eligibility for benefits on whether you sign this authorization form. A few States, and some individual sources of information, require that the authorization specifically name the source that you authorize to release personal information. In those cases, we may ask you to sign one authorization for each source and we may contact you again if we need you to sign more authorizations.

You have the right to revoke this authorization at any time, except to the extent a source of information has already relied on it to take an action. To revoke, send a written statement to any Social Security Office. If you do, also send a copy directly to any of your sources that you no longer wish to disclose information about you. SSA can tell you if we identified any sources you didn't tell us about. SSA may use information disclosed prior to revocation to decide your claim.

It is SSA's policy to provide service to people with limited English proficiency in their native language or preferred mode of communication consistent with Executive Order 13166 (August 11, 2000) and the Individuals with Disabilities Education Act. SSA makes every reasonable effort to ensure that the information in the SSA-827 is provided to you in your native or preferred language.

Privacy Act Statement

Collection and Use of Personal Information

Sections 205(a), 223(d), and 1631(d) of the Social Security Act, as amended, allow us to collect this information. Furnishing us this information is voluntary. However, failing to provide all or part of the information may prevent us from making an accurate and timely decision on your claim that could result in a denial or loss of benefits.

We will use the information you provide to determine your eligibility or continuing eligibility of benefits, and your ability to manage any benefits that you currently receive. We may also share the information for the following purposes, called routine uses:

• To State audit agencies for the purpose of (a) auditing State supplementation payments and Medicaid eligibility considerations, and (b) expenditures of Federal funds by the State in support of the Disability Determination Services; and

• To third party contacts, where necessary, to establish or verify information provided by representative payees or representative payee applicants.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person's eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notices (SORNs), entitled Claims Fosters System, as published in the Federal Register (FR) on October 31, 2019, at 84 FR 8422; 60-0080, entitled Master Beneficiary Record, as published in the FR on January 11, 2006, at 71 FR 1826; 60-0103, entitled Supplemental Security Income and Special Veterans Benefits, as published in the FR on January 11, 2006, at 71 FR 1830; and 60-0320, entitled Electronic Disability (CDB) Claim File, as published in the FR on June 4, 2020, at 85 FR 3447. Additional information, and a full listing of all of our SORNs, is available on our website at www.ssa.gov/privacy.

Paperwork Reduction Act Statement

This information collection meets the requirements of 44 U.S.C. § 3607, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. We estimate that it will take about 10 minutes to read the instructions, gather the facts, and answer the questions. SEND OR BRING THE COMPLETED FORM TO YOUR LOCAL SOCIAL SECURITY OFFICE. You can find your local Social Security office through SSA's website at www.socialsecurity.gov. Offices are also listed under U. S. Government agencies in your telephone directory or you may call Social Security at 1-800-772-1213 (TTY 1-800-325-0778). You may send comments regarding this burden estimate or any other aspect of this collection, including suggestions for reducing this burden to: SSA, 6401 Security Blvd, Baltimore, MD 21235-6401. Send only comments relating to our time estimate or other aspects of this collection to this address, not the completed form.

Lastly, there were two dialog boxes that were not included in our previously submitted OMB package when a user happens to select a link from the mySSA header to navigate away from their report and if they select the 'Sign Out' link. This language will be updated once our application updates to UEF 3.0, but until then the language is being kept as below:

2.6. Correction to Character Count Maximum for the Remarks page

The prior screen package included a screenshot showing a maximum character count of 6000 for the Remarks page. The correct maximum allowed is 5500.

The diagram illustrates the correction of the character count maximum for the Remarks page. It consists of two screenshots of the 'Remarks' form, connected by a large blue arrow pointing downwards, indicating a transition or correction.

Top Screenshot (Incorrect):

Be sure to note the name of the section you are referring to. (6000 characters maximum)

2.7. Inclusion of Header on the Receipt page

The prior screen package did not include the header “Information You Submitted” on the Receipt pop-up. To be consistent with production, we are including this change in our new screen package.

The diagram illustrates the change in the Receipt pop-up header. On the left, the previous version shows a green status bar with a checkmark and the text "Your information was received on June 8, 2022 at 08:30:04 PM Eastern Time." Below this is a section titled "PERMISSION TO RELEASE RECORDS" containing the text "Do you agree to electronically sign your permission to release records to SSA?: I agree to electronically sign the release form." At the bottom is a section titled "INFORMATION ABOUT YOU". A blue arrow points to the right, where the updated version is shown. The updated version has the same green status bar but with a different timestamp: "Your information was received on December 20, 2022 at 9:16:30 AM Eastern Standard Time." A new yellow header bar titled "Information You Submitted" has been added above the "PERMISSION TO RELEASE RECORDS" section. The rest of the form content remains the same.
