**TANF Data Collaborative 2.0
Applied Data Analytics
Six-Month Follow-Up Survey**

*This will be sent to all participants six months after the ADA training course via SurveyMonkey. Responses will not be shared with the course participants.

The Coleridge Initiative is administering a 6-month follow-up survey to continuously improve our TDC 2.0 Applied Data Analytics training course. The information may also be included in the final project report to describe participants' experiences with the initiative. All responses are anonymous; we appreciate your honesty and thoughtfulness in completing the survey. Your participation in this feedback survey is voluntary.

Time Estimate: 9 minutes

Q1. The following topics were covered during the TDC 2.0 Applied Data Analytics training course. Are you currently applying or have you already applied these topics in your TDC Equity Analysis Award project?
