TANF Data Collaborative 2.0
Applied Data Analytics
Post Course Survey

This will be sent to all participants upon the completion of the 22-week ADA training course via SurveyMonkey. Responses will not be shared with the course participants.

The Coleridge Initiative is administering a post-course survey to continuously improve our TDC 2.0 Applied Data Analytics training course. The information may also be included in the final project report to describe participants' experiences with the initiative. All responses are anonymous; we appreciate your honesty and thoughtfulness in completing the survey. Your participation in this feedback survey is voluntary.

Time Estimate: 9 minutes

Q1. What was your goal of participating in this training course? [Select all that apply.]

Build analytical skills

Work with new data assets

Project scoping and application

Improve programming

Other (please specify)

Q2. How would you rate your engagement in lectures and project work?

Not engaged

Moderately engaged

Very engaged

Q3. Outside of the course, approximately how much time did you spend per week on the course material?

Less than 1 hour

1 – 2 hours

3 – 4 hours

More than 4 hours

Q4. Have you shared any of the information from the training with colleagues who did not participate?

Yes

No

Q4b. Describe the information that you have shared with your colleagues [Select all that apply]:

Project code

Course notebooks

Course lecture slides

Supplemental materials (literature, memos, textbook, diagrams)

Final presentation and/or report

Q5. Would you recommend the course to a colleague?

Yes

No

Q6. Did you have any experience with the following topics before participating in the training?

	No	Yes
Programming skills (R, SQL)		
Project Scoping		
Data-driven Policy Analysis		
Equity Framework		
Data Visualization		

Q7. Did you improve your skills in the following topics as a result of the training?

	Did Not Improve	Slightly Improved	Significantly Improved
Programming skills (R, SQL)			
Project Scoping			
Data-driven Policy Analysis			
Equity Framework			
Data Visualization			

Q8. Were there skills/topics you expected to learn in the course that you did not? If so, what were they?

Q9. List other topics you think would be appropriate to include in the course:

Q10. Is there anything else you would like to share to help us improve the course?
