TITLE OF INFORMATION COLLECTION: Feedback Survey for *I am Moving, I am Learning (IMIL)* Training

PURPOSE AND USE: The *I am Moving, I am Learning (IMIL)* training is a biennial training and technical assistance (TTA) service. The Training involves two days of in-person learning with plenaries and workshop sessions that present a proactive approach to addressing childhood obesity in Head Start Program children. The National Center for Health, Behavioral Health, and Safety (NCHBHS), which is under a cooperative agreement with the Office of Head Start, provides TTA to program staff on the implementation of IMIL practices. The training helps professionals understand the importance of health and nutrition, including body language, brain development, and staff wellness, and their role in promoting child and family wellness.

The proposed information collection will be administered to participants or coordinators of IMIL Trainings to solicit feedback to improve future trainings and understand post-training needs for additional supports or materials. Information will be used by NCHBHS for internal planning to inform training and technical assistance and other supports/resources in an effort to improve future service delivery. This is the second source of satisfaction data to be collected from participants of the IMIL Training. The survey will be delivered via an online survey platform.

DESCRIPTION OF RESPONDENTS: This feedback survey will be administered to participants or coordinators of IMIL Training. This includes Head Start and Early Head Start staff.
