

ATUS Stakeholder Survey email survey invitation

Subject Line: Provide Feedback on ATUS data and information products

The American Time Use Survey (ATUS) provides estimates on the full range of people's activities, including unpaid work such as childcare, housework, and volunteering. To improve the relevance and assess how we present ATUS data, the Bureau of Labor Statistics is conducting a brief survey to ask for your feedback about ATUS data and information products. This voluntary survey will take approximately 10 minutes to complete.

Use the link below to complete this short survey.
