PAPERWORK REDUCTION ACT
BURDEN DISCLOSURE STATEMENT

This data is being collected to evaluate the longer-term impact of the Science Undergraduate Laboratory Internship (SULI) program on past participants (those completing appointments between 9/2013 and 8/2016) in terms of appointment experience and resulting research proficiency, collaboration with researchers of the agencies that sponsored their appointment, scholarly accomplishments, education, and employment, and to investigate whether these outcomes differ in a group of similar individuals who applied to the SULI program during the same timeframe (9/2013 to 8/2016) but did not ultimately complete a SULI internship. The data you supply will be used for research and evaluation purposes to support ongoing program monitoring and enhancement efforts.

The public reporting burden for this collection of information is estimated to average 35 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Office of the Chief Information Officer, Enterprise Policy Development & Implementation Office, IM-22, Information Collection Management Program (DOE F 413.42 / 413.43), U.S. Department of Energy, 1000 Independence Ave SW, Washington, DC 20585; and to the Office of Management and Budget (OMB), OIRA, Paperwork Reduction Project (DOE F 413.42 / 413.43), Washington, DC 20503.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB control number.

Submission of this data is voluntary.

PRIVACY ACT STATEMENT

DOE Privacy Act Statement: Pursuant to 5 U.S.C. § 552a(e)(3), this Privacy Act Statement serves to inform you of the following concerning the collection of the information on this form.

Authority: Collection of the information solicited on this form is authorized by the Department of Energy Science Education Enhancement Act of 1991 (42 USC 7381; Public Law 105-510). The information is collected to document the SULI cohorts through their career trajectory. This study will answer questions concerning long-term impact on participants as compared to their peers who did not participate in the SULI program. Collection of this information is voluntary.

Purpose: The purpose of the longitudinal follow up study of SULI past participants and applicants is to evaluate the longer-term impact of the program on past participants (those completing appointments between 9/2013 and 8/2016) in terms of appointment experience and resulting research proficiency, collaboration with researchers of the agencies that sponsored their appointment, scholarly accomplishments, education, and employment, and to investigate whether these outcomes differ in a group of similar individuals who applied to the SULI program during the same timeframe (9/2013 to 8/2016) but did not ultimately complete a SULI internship. This study is being conducted by the Oak Ridge Institute for Science and Education (ORISE) on behalf of the Department of Energy Office of Science (DOE SC) Workforce Development for Teachers and Scientists (WTDS) program.

Routine Uses: Your data will be used for research and evaluation purposes. The categories of personal data to be collected include name, address, email address, telephone number, demographic information, education and employment history, citizenship status, and disability status. ORISE may share your personal data with third parties who collect, store, and process data on behalf of ORISE and who are contractually obligated to keep data confidential, subject to appropriate protections to prevent it from unauthorized disclosure. Data collected under this authorization may also be shared with the Workforce Development for Teachers and Scientists (WDTS) program that manages SULI. The information solicited on this form may be made available as a "routine use" to other government agencies as listed in System of Records Notice DOE-82, *Grant and Contract Records for Research Projects, Science Education, and Related Activities*. The Department's SORNs can be found on the Department's website at: (click on link to view documents) <https://www.energy.gov/cio/doe-privacy-compliance-documents>.

Disclosure: Participation in the study is completely voluntary. You are free to withdraw at any time. Your personal data will be stored on an encrypted secure server. All personal data will be stored in accordance with the record retention requirements applicable to ORISE as a United States Department of Energy contractor, and any other applicable U.S. laws. You have the right to request access to, rectify, erase, and restrict the processing of your personal data, and you may also revoke consent to use your personal data at any time.

Consequences of Failure to Provide Information: Participation is completely voluntary. Individuals are under no obligation to respond to this data collection under any federal, state, or local law, statute, or regulation.

INSTRUCTIONS FOR COMPLETING SURVEY

Thank you for taking the time to complete a survey that will allow us to evaluate the impacts of the Science Undergraduate Laboratory Internships (SULI) program on participants' academic and career goals. The purpose of this survey is to learn about the long-term impact of your appointment in the SULI program completed between (9/2013) and (8/2016).

This survey is voluntary and will take approximately 20 to 30 minutes to complete. You may save your answers at any time and return later to continue, using the custom link that was provided to you via email.

All information that you provide on this form will be treated as **confidential**. Information will be released only in statistical summaries or in a way that **does not identify a particular person**. Questions can be directed to the following email address (click on the link to send an email to the study coordinator): SULI-study@ornl.gov.

When you respond to these questions, respond collectively for any and all SULI appointments you completed between (9/2013) and (8/2016).

The survey may be navigated using a mouse or a touchscreen. Alternatively, you may use the tab key on your keyboard to move through the questions and response options, then press the space key to select your response. To move back to a previous question or item, use shift+tab.

- Please list the year in which you first participated in SULI.

Use the format YYYY.

Educational Attainment

- Please provide the following information for the **FIRST** bachelor's degree you earned.

If you have not earned a bachelor's degree, leave the requested information blank.

	Institution name	City	State (postal abbreviation) or country	Degree Abbrev. (BA, BS, etc.)	Completed:	Degree date (MM/YYYY)	Degree field	Relevant to current work/field?	Check if you were working on this degree during your 1st SULI appointment.
FIRST bachelor's degree									☐

- We are also interested in other degrees you have earned in addition to the bachelor's degree referenced in the previous question. Please provide the following information for degrees you have earned from most recent to least recent (excluding the bachelor's degree previously provided).

If you have not earned any degrees in addition to the degree listed in the previous question (other bachelor's degrees, associate's degrees, or higher) leave the requested information blank.

	Institution name	City	State (postal abbreviation) or country	Degree type	Degree Abbrev. (MA, MS, PhD, JD, MFA, etc.)	Completed:	Degree date (MM/YYYY)	Degree field	Relevant to current work/field?	Check if you were working on this degree during your 1st SULI appointment.

4th Most recent										☐

- The next question asks about the TOTAL amount you have borrowed to finance undergraduate and graduate degrees you completed before [insert DATE], and how much you still owed as of [insert DATE].

Include the cost of tuition, room and board, fees, books, and supplies if they were part of the amount borrowed. If you have more than one graduate degree, please report the financing for all of the graduate degrees earned. Mark one answer in each of the four columns below.
