

Supplemental Document: Justification for a no Material/Non-Substantive Change

MARAD requests approval to make the following changes to OMB 2133-0542 (U.S. Merchant Marine Academy Alumni Survey):

- Removed gender-related questions
- Updated the salary ranges for question 7 to correspond to the current market
- Updated the program learning outcomes in question 14 to the current outcomes for Marine Engineering and Marine Transportation
- Re-ordered questions to allow for more effective skip logic around the major-specific learning outcomes
- Disaggregated academic majors from the department-level (Marine Engineering and Marine Transportation) to the major-level (Marine Engineering, Marine Engineering Systems, Marine Engineering and Shipyard Management, Marine Transportation, and Maritime Logistics and Security)
