According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0581-0274. The time required to complete this information collection is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

USDA AMS collects weekly information on the sales of dairy products such as cheddar cheese to be published in the Dairy Products Sales Release. The information you provide is important to establish U.S. dairy product prices used in setting minimum class prices under the Federal Milk Order program. An accurate response to this survey is **mandatory** and subject to verification by the AMS under **Public Law No. 106-532**. This law specifically protects the confidentiality of your report from public disclosure except as directed by the US Secretary of Agriculture or the US Attorney General for enforcement purposes to ensure compliance with the Dairy Product Mandatory Reporting program.

This worksheet should be completed by an AMS representative with the owner or manager making day-to-day marketing decisions and all other employees (including primary and secondary reporters) working on the weekly Dairy Product Mandatory Reporting Program (DPMRP) Dairy Product Sales Survey.

List the names of all those who attended the meeting and any changes that could affect DPMRP reporting since the last Dairy Product Sales Survey was completed. (i.e. change in personnel, equipment, software, production):
