2026 SOUTHEAST COASTAL FISHERIES TRIP REPORTING INSTRUCTIONS

<u>Please read instructions carefully.</u>

These forms are to be used to report all fishing activity related to Gulf Reef Fish, South Atlantic Snapper-Grouper, King and Spanish Mackerel, Shark and Atlantic Dolphin/Wahoo permits. Under current regulations, **ALL** fishermen are responsible for maintaining a fishing logbook and submitting a **TRIP REPORT FORM** for EVERY commercial fishing trip related to the permits listed above. A commercial trip is defined as a trip for profit with NO paying customers onboard. Any commercial trip that targets a federally managed species listed under any of the permit types listed above must be reported, even if no landings were made. For trip reports submitted, please report all landed species regardless of management status. Please do not submit more than one report per trip, even if landings were sold to multiple dealers. If no such trip is taken during a calendar month, you are responsible for submitting a **NO FISHING REPORT FORM** (forms located at the back of the logbook).

All Trip Report Forms must be submitted no later than seven (7) days after the completion of each trip (the date of landing). No Fishing Report Forms must be submitted seven (7) days after the end of a month for which you are reporting no fishing activity. Completed forms are to be mailed to (in the envelopes provided):

> **National Marine Fisheries Service**
> **Logbook Program**
> **P.O. Box 491500**
> **Key Biscayne, Florida 33149-9916**

When additional forms or envelopes are needed, include a note with your Trip or No Fishing report submission. Include your name, address and your vessel identification number. If you have any questions, please contact the Logbook Program at (305) 361-4581, or go to our website at **https://grunt.sefsc.noaa.gov/vrsr/**

Please print all requested information clearly. A form with incomplete or unclear information cannot be entered into the database and will be returned. This missing form may cause you to be out of compliance with federal regulations and your permit renewal denied.

The following instructions are for the LOGBOOK TRIP REPORT FORM:
You must fill out a separate form for EACH fishing trip made. A trip is the period of time during which you catch fish, or when your operations include activities that would support fishing, such as preparing to catch or harvest fish, or attempting to catch or harvest fish. The trip begins when the vessel leaves port to go fishing and ends when the vessel returns to port. A commercial trip is defined as a trip for profit with NO paying customers on board. DO NOT report multiple trips on one form. DO NOT submit more than one form for each fishing trip. All information for one fishing trip should be entered on one form. There are four sections on each form.

VESSEL SECTION (at the top) - Fill in each information block as described below:
  Signature - The person responsible for the completeness and accuracy must sign the form to verify all information.
  Vessel Name - Enter the vessel name as it appears on the permit.
  Vessel ID Number - Enter the official US Coast Guard documentation number or state registration number for the vessel as it appears on the permit.
  Operator Name - Enter the name of the person responsible for the operation of the vessel during the trip.
  Operator Number (optional) – For shark permit holders. Please put the NHID Number of the operator for the trip. The NHID Number is a unique identifier ("New Hampshire Identifier") assigned by NMFS to each operator who has attended the "Handling and Release Workshop." For permit holders of other fisheries please use a unique number such as your saltwater products number to help establish a catch history that can be linked to the operator instead of the vessel.
  Phone Number - Include a phone number where you can be reached.
  Trip Start Date - Enter the numerical date (month, day and year) when the vessel departed for the trip.
  Trip Unload Date - Enter the numerical date (month, day and year) when the catch for a single trip was unloaded at a dealer. If the catch was unloaded at more than one dealer, enter the date when the catch was unloaded at the **first** dealer.
  Days at Sea - Enter the number of calendar days spent away from port. Include traveling time to

and from fishing area. Count any fraction of a day as a whole day. If you left in the morning and returned any time before midnight, you would enter '1.'

Number of Crew - Enter the total number of people that fished during the trip. The captain is to be included in the number of crew.

County or Parish *and* State (of Unloading) - Enter the name of the county and the state where the boat returned to the dock after the trip. Do not use code numbers.

Dealer Name - Enter the complete name of the seafood dealer to whom you sold your catch. If the catch was unloaded at more than one dealer, enter the name of either the dealer where the **majority** of the catch was sold, or in the case of equal sales, the first dealer where the catch was sold and check the applicable box below. If you kept all of the catch, write in "PERSONAL USE." If there was no catch, please write in "NO CATCH."

Dealer Number - Enter the Federal dealer number issued by the NOAA Fisheries Southeast Regional Office. Please do not use state dealer codes.

State Trip Ticket Number - Please include the trip ticket number from your state sales receipt.

Check box for multiple dealers - If the landings were sold to more than one dealer, or if the landings were sold to one dealer and a portion of the landings were kept for personal use, please check this box.

NOTE: No catch trips - please complete the top four sections (vessel, date, county, and gear) and send in a logbook for trips with fishing effort but no landings by writing "NO CATCH" in the dealer name box. Reports are required for any trip on a federally permitted vessel when you catch fish, or when your operations include activities that would support fishing, such as preparing to catch or harvest fish, or attempting to catch or harvest fish. All such fishing activities must be reported, even if no landings are made. The trip is the period of time during which these activities are conducted, beginning when the vessel leaves port and ending when the vessel returns to port.
