

(5)(A)(i) Except as provided by clause (ii), upon request therefor by citizens of the United States who engage in a specified activity (other than commercial fishing) within a specified geographical region, the Secretary shall allow, during periods of not more than five consecutive years each, the incidental, but not intentional, taking by citizens while engaging in that activity within that region of small numbers of marine mammals of a species or population stock if the Secretary, after notice (in the Federal Register and in newspapers of general circulation, and through appropriate electronic media, in the coastal areas that may be affected by such activity) and opportunity for public comment—

(I) finds that the total of such taking during each five-year (or less) period concerned will have a negligible impact on such species or stock and will not have an unmitigable adverse impact on the availability of such species or stock for taking for subsistence uses pursuant to subsection (b) or section 1379(f) of this title or, in the case of a cooperative agreement under both this chapter and the Whaling Convention Act of 1949 (16 U.S.C. 916 et seq.), pursuant to section 1382(c) of this title; and

(II) prescribes regulations setting forth—

(aa) permissible methods of taking pursuant to such activity, and other means of effecting the least practicable adverse impact on such species or stock and its habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stock for subsistence uses; and

(bb) requirements pertaining to the monitoring and reporting of such taking.

(ii) In the case of a military readiness activity (as defined in section 315(f) of the Bob Stump National Defense Authorization Act for Fiscal Year 2003 (Public Law 107–314; 16 U.S.C. 703 note), clause (i) shall be applied—

(I) in the matter preceding clause (I), by substituting "seven consecutive years" for "five consecutive years"; and

(II) in clause (I), by substituting "seven-year" for "five-year".

(iii) For a military readiness activity (as defined in section 315(f) of Public Law 107–314; 16 U.S.C. 703 note), a determination of "least practicable adverse impact on such species or stock" under clause (i)(II)(aa) shall include consideration of personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity. Before making the required determination, the Secretary shall consult with the Department of Defense regarding personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity.

(iv) Notwithstanding clause (i), for any authorization affecting a military readiness activity (as defined in section 315(f) of Public Law 107–314; 16 U.S.C. 703 note), the Secretary shall publish the notice required by such clause only in the Federal Register.

(B) The Secretary shall withdraw, or suspend for a time certain (either on an individual or class basis, as appropriate) the permission to take marine mammals under subparagraph (A) pursuant to a specified activity within a specified geographical region if the Secretary finds, after notice and opportunity for public comment (as required under subparagraph (A) unless subparagraph (C)(i) applies), that—

(i) the regulations prescribed under subparagraph (A) regarding methods of taking, monitoring, or reporting are not being substantially complied with by a person engaging in such activity; or

(ii) the taking allowed under subparagraph (A) pursuant to one or more activities within one or more regions is having, or may have, more than a negligible impact on the species or stock concerned.

(C)(i) The requirement for notice and opportunity for public comment in subparagraph (B) shall not apply in the case of a suspension of permission to take if the Secretary determines that an emergency exists which poses a significant risk to the well-being of the species or stock concerned.

(ii) Sections 1373 and 1374 of this title shall not apply to the taking of marine mammals under the authority of this paragraph.

(D)(i) Upon request therefor by citizens of the United States who engage in a specified activity (other than commercial fishing) within a specific geographic region, the Secretary shall authorize, for periods of not more than 1 year, subject to such conditions as the Secretary may specify, the incidental, but not intentional, taking by harassment of small numbers of marine mammals of a species or population stock by such citizens while engaging in that activity within that region if the Secretary finds that such harassment during each period concerned—

(I) will have a negligible impact on such species or stock, and

(II) will not have an unmitigable adverse impact on the availability of such species or stock for taking for subsistence uses pursuant to subsection (b), or section 1379(f) of this title or pursuant to a cooperative agreement under section 1388 of this title.

(ii) The authorization for such activity shall prescribe, where applicable—

(I) permissible methods of taking by harassment pursuant to such activity, and other means of effecting the least practicable impact on such species or stock and its habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stock for taking for subsistence uses pursuant to subsection (b) or section 1379(f) of this title or pursuant to a cooperative agreement under section 1388 of this title,

(II) the measures that the Secretary determines are necessary to ensure no unmitigable adverse impact on the availability of the species or stock for taking for subsistence uses pursuant to subsection (b) or section 1379(f) of this title or pursuant to a cooperative agreement under section 1388 of this title, and

(III) requirements pertaining to the monitoring and reporting of such taking by harassment, including requirements for the independent peer review of proposed monitoring plans or other research proposals where the proposed activity may affect the availability of a species or stock for taking for subsistence uses pursuant to subsection (b) or section 1379(f) of this title or pursuant to a cooperative agreement under section 1388 of this title.

(iii) The Secretary shall publish a proposed authorization not later than 45 days after receiving an application under this subparagraph and request public comment through notice in the Federal Register, newspapers of general circulation, and appropriate electronic media and to all locally affected communities for a period of 30 days after publication. Not later than 45 days after the close of the public comment period, if the Secretary makes the findings set forth in clause (i), the Secretary shall issue an authorization with appropriate conditions to meet the requirements of clause (ii).

(iv) The Secretary shall modify, suspend, or revoke an authorization if the Secretary finds that the provisions of clauses (i) or (ii) are not being met.

(v) A person conducting an activity for which an authorization has been granted under this subparagraph shall not be subject to the penalties of this chapter for taking by harassment that occurs in compliance with such authorization.

(vi) For a military readiness activity (as defined in section 315(f) of Public Law 107–314; 16 U.S.C. 703 note), a determination of "least practicable adverse impact on such species or stock" under clause (i)(I) <sup>1</sup> shall include consideration of personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity. Before making the required determination, the Secretary shall consult with the Department of Defense regarding personnel safety, practicality of implementation, and impact on the effectiveness of the military readiness activity.

(vii) Notwithstanding clause (iii), for any authorization affecting a military readiness activity (as defined in section 315(f) of Public Law 107–314; 16 U.S.C. 703 note), the Secretary shall publish the notice required by such clause only in the Federal Register.
