"(c) (1) When used in this section—

"(A) The term 'collective bargaining costs' means the annual cost, calculated on the basis of the per diem rate of expense as of any date, of all items of expense required of the applicant through collective bargaining or other agreement, covering the employment of United States officers and crew of a vessel, including payments required by law to assure old-age pensions, unemployment benefits, or similar benefits and taxes or other governmental assessments on crew payrolls, but excluding subsistence of officers and crews on vessels other than passenger vessels as defined in section 613 of this Act and costs relating to:

"(i) the officers or members of the crew that the Secretary of Commerce has found, prior to the award of a contract for the construction or reconstruction of a vessel, to be unnecessary for the efficient and economical operation of such vessel: *Provided*, That the Secretary of Commerce shall afford representatives of the collective-bargaining unit or units responsible for the manning of the vessel an opportunity to comment on such finding prior to the effective date of such finding: *And provided further*, That in determining whether officers or members of the crew are necessary for the efficient and economical operation of such vessel, the Secretary of Commerce shall give due consideration to, but shall not be bound by, wage and manning scales and working conditions required by a bona fide collective-bargaining agreement, or

"(ii) those officers or members of the crew that the Secretary of Commerce has found, prior to ninety days following the date of enactment of this subsection, to be unnecessary for the efficient and economical operation of the vessel.

"(B) The term 'base period costs' means for the base period beginning July 1, 1970, and ending June 30, 1971, the collective-bargaining costs as of January 1, 1971, less all other items of cost that have been disallowed by the Secretary of Commerce prior to ninety days following the date of enactment of this subsection, and not already excluded from collective-bargaining costs under subparagraph (A) (i) or (A) (ii) of this subsection. In any subsequent base period the term 'base period costs' means the average of the subsidizable wage cost of United States officers and crews for the preceding annual period ending June 30 (calculated without regard to the limitation of the last sentence of paragraph (D) of this subdivision but increased or decreased by the increase or decrease in the index described in subdivision (3) of this subsection from January 1 of such annual period to January 1 of the base period), and the collective-bargaining costs as of January 1 of the base period: *Provided*, That in no event shall the base period cost be such that the difference between the base period cost and the collective-bargaining costs as of January 1 of any base period subsequent to the first base period exceeds five-fourths of 1 per centum of the collective-bargaining costs as of such January 1 multiplied by the number of years that have elapsed since the most recent base period.

"(C) The term 'base period' means any annual period beginning July 1, and ending June 30 with respect to which a base period cost is established.

"(D) The term 'subsidizable wage costs of United States officers and crews' in any period other than a base period means the most recent base period costs increased or decreased by the increase or decrease

from January 1 of such base period to January 1 of such period in the index described in subdivision (3) hereof, and with respect to a base period means the base period cost. The subsidizable wage costs of United States officers and crews in any period other than a base period shall not be less than 90 per centum of the collective-bargaining costs as of January 1 of such period nor greater than 110 per centum of such collective-bargaining costs.

"(2) The Secretary of Commerce shall determine the collective-bargaining costs on ships in subsidized operation as of January 1, 1971, and as of each January 1 thereafter, and shall as of intervals of not less than two years nor more than four years, establish a new base period cost, except that the Secretary shall not establish a new base period unless he announces his intention to do so prior to the December 31 that would be included in the new base period.

"(3) The Bureau of Labor Statistics shall compile the index referred to in subdivision (1). Such index shall consist of the average annual change in wages and benefits placed into effect for employees covered by collective-bargaining agreements with equal weight to be given to changes affecting employees in the transportation industry (excluding the offshore maritime industry) and to changes affecting employees in private nonagricultural industries other than transportation. Such index shall be based on the materials regularly used by the Bureau of Labor Statistics in compiling its regularly published statistical series on wage and benefit changes arrived at through collective bargaining. Such materials shall remain confidential and not be subject to disclosure.

Wage change
index.

"(d) Each foreign wage cost computation shall be made after an opportunity is given to the contractor to submit in writing and in timely fashion all relevant data within his possession. In making the computation, the Secretary shall consider all relevant matter so presented and all foreign wage cost data collected at his request or on his behalf. Such foreign cost data shall be made available to an interested contractor, unless the Secretary shall find that disclosure of the data will prevent him from obtaining such data in the future. In determining foreign manning for purposes of this section, the foreign manning determined for any ship type with respect to any base period shall not be redetermined until the beginning of a new base period.

Foreign wage
computation.

"(e) The wage subsidy shall be payable monthly for the voyages completed during the month, upon the contractor's certification that the subsidized vessels were in authorized service during the month. The Secretary of Commerce shall prescribe procedures for the calculation and payment of subsidy on items of expense which are included in 'collective-bargaining costs' but are not included in the daily rate because they are unpredictably timed."

(2) Redesignated subsection (f) is amended to read as follows:

"(f) Ninety percent of the amount of the insurance and maintenance and repair and subsistence of officers and crews subsidy shall be payable monthly for the voyages completed during the month on the basis of the subsidy estimated to have accrued with respect to such voyages. Any such payment shall be made only after there has been furnished to the Secretary of Commerce such security as he deems to be reasonable and necessary to assure refund of any overpayment. The contractor and the Secretary of Commerce shall audit the voyage accounts as soon as practicable after such payment. The remaining 10 percent of such subsidy shall be payable after such audit."

"Any citizen of the United States owning or leasing one or more eligible vessels (as defined in subsection (k)(1)) may enter into an

agreement with the Secretary of Commerce under, and as provided in, this section to establish a capital construction fund (hereinafter in this section referred to as the 'fund') with respect to any or all of such vessels. Any agreement entered into under this section shall be for the purpose of providing replacement vessels, additional vessels, or reconstructed vessels, built in the United States and documented under the laws of the United States for operation in the United States foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States and shall provide for the deposit in the fund of the amounts agreed upon as necessary or appropriate to provide for qualified withdrawals under subsection (f). The deposits in the fund, and all withdrawals from the fund, whether qualified or nonqualified, shall be subject to such conditions and requirements as the Secretary of Commerce may by regulations prescribe or are set forth in such agreement; except that the Secretary of Commerce may not require any person to deposit in the fund for any taxable year more than 50 percent of that portion of such person's taxable income for such year (computed in the manner provided in subsection (b) (1) (A)) which is attributable to the operation of the agreement vessels.

Capital construction fund.

“(b) Ceiling on Deposits.

“(1) The amount deposited under subsection (a) in the fund for any taxable year shall not exceed the sum of:

“(A) that portion of the taxable income of the owner or lessee for such year (computed as provided in chapter 1 of the Internal Revenue Code of 1954 but without regard to the carryback of any net operating loss or net capital loss and without regard to this section) which is attributable to the operation of the agreement vessels in the foreign or domestic commerce of the United States or in the fisheries of the United States,

26 USC 1 et seq.

“(B) the amount allowable as a deduction under section 167 of the Internal Revenue Code of 1954 for such year with respect to the agreement vessels,

68A Stat. 51;
83 Stat. 625, 649.

“(C) if the transaction is not taken into account for purposes of subparagraph (A), the net proceeds (as defined in joint regulations) from (i) the sale or other disposition of any agreement vessel, or (ii) insurance or indemnity attributable to any agreement vessel, and

“(D) the receipts from the investment or reinvestment of amounts held in such fund.

“(2) In the case of a lessee, the maximum amount which may be deposited with respect to an agreement vessel by reason of paragraph (1) (B) for any period shall be reduced by any amount which, under an agreement entered into under this section, the owner is required or permitted to deposit for such period with respect to such vessel by reason of paragraph (1) (B).

“(3) For purposes of paragraph (1), the term ‘agreement vessel’ includes barges and containers which are part of the complement of such vessel and which are provided for in the agreement.

“Agreement vessel.”

“(c) Requirements as to Investments.

“Amounts in any fund established under this section shall be kept in the depository or depositories specified in the agreement and shall be subject to such trustee and other fiduciary requirements as may be specified by the Secretary of Commerce. They may be invested only in interest-bearing securities approved by the Secretary of Commerce; except that, if the Secretary of Commerce consents thereto, an agreed percentage (not in excess of 60 percent) of the assets of the fund may be invested in the stock of domestic corporations. Such stock must be

currently fully listed and registered on an exchange registered with the Securities and Exchange Commission as a national securities exchange, and must be stock which would be acquired by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and the preservation of their capital. If at any time the fair market value of the stock in the fund is more than the agreed percentage of the assets in the fund, any subsequent investment of amounts deposited in the fund, and any subsequent withdrawal from the fund, shall be made in such a way as to tend to restore the fund to a situation in which the fair market value of the stock does not exceed such agreed percentage. For purposes of this subsection, if the common stock of a corporation meets the requirements of this subsection and if the preferred stock of such corporation would meet such requirements but for the fact that it cannot be listed and registered as required because it is nonvoting stock, such preferred stock shall be treated as meeting the requirements of this subsection.

“(d) Nontaxability for Deposits.

“(1) For purposes of the Internal Revenue Code of 1954—

“(A) taxable income (determined without regard to this section) for the taxable year shall be reduced by an amount equal to the amount deposited for the taxable year out of amounts referred to in subsection (b) (1) (A),

“(D) the earnings and profits of any corporation (within the meaning of section 316 of such Code) shall be determined without regard to this section, and

“(E) in applying the tax imposed by section 531 of such Code (relating to the accumulated earnings tax), amounts while held in the fund shall not be taken into account.

“(2) Paragraph (1) shall apply with respect to any amount only if such amount is deposited in the fund pursuant to the agreement and not later than the time provided in joint regulations.

“(e) Establishment of Accounts.

“(f) Purposes of Qualified Withdrawals.

“(1) A qualified withdrawal from the fund is one made in accordance with the terms of the agreement but only if it is for:

“(A) the acquisition, construction, or reconstruction of a qualified vessel,

“(B) the acquisition, construction, or reconstruction of barges and containers which are part of the complement of a qualified vessel, or

“(C) the payment of the principal on indebtedness incurred in connection with the acquisition, construction or reconstruction of a qualified vessel or a barge or container which is part of the complement of a qualified vessel.

“(2) Under joint regulations, if the Secretary of Commerce determines that any substantial obligation under any agreement is not being fulfilled, he may, after notice and opportunity for hearing to the person maintaining the fund, treat the entire fund or any portion thereof as an amount withdrawn from the fund in a nonqualified withdrawal.

“(g) Tax Treatment of Qualified Withdrawals.

“(1) Any qualified withdrawal from a fund shall be treated—

“(A) first as made out of the capital account,

“(B) second as made out of the capital gain account, and

“(C) third as made out of the ordinary income account.

“(2) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the ordinary income account, the basis of such vessel, barge, or container shall be reduced by an amount equal to such portion.

“(3) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the capital gain account, the basis of such

vessel, barge, or container shall be reduced by an amount equal to—

“(A) Five-eighths of such portion, in the case of a corporation (other than an electing small business corporation, as defined in section 1371 of the Internal Revenue Code of 1954), or

“(4) If any portion of a qualified withdrawal to pay the principal on any indebtedness is made out of the ordinary income account or the capital gain account, then an amount equal to the aggregate reduction which would be required by paragraphs (2) and (3) if this were a qualified withdrawal for a purpose described in such paragraphs shall be applied, in the order provided in joint regulations, to reduce the basis of vessels, barges, and containers owned by the person maintaining the fund. Any amount of a withdrawal remaining after the application of the preceding sentence shall be treated as a nonqualified withdrawal.

“(5) If any property the basis of which was reduced under paragraph (2), (3), or (4) is disposed of, any gain realized on such disposition, to the extent it does not exceed the aggregate reduction in the basis of such property under such paragraphs, shall be treated as an amount referred to in subsection (h) (3) (A) which was withdrawn on the date of such disposition. Subject to such conditions and requirements as may be provided in joint regulations, the preceding sentence shall not apply to a disposition where there is a redeposit in an amount determined under joint regulations which will, insofar as practicable, restore the fund to the position it was in before the withdrawal.

“(h) Tax Treatment of Nonqualified Withdrawals.

“(1) Except as provided in subsection (i), any withdrawal from a fund which is not a qualified withdrawal shall be treated as a nonqualified withdrawal.

“(2) Any nonqualified withdrawal from a fund shall be treated—

“(B) second as made out of the capital gain account, and

“(C) third as made out of the capital account.

For purposes of this section, items withdrawn from any account shall be treated as withdrawn on a first-in-first-out basis; except that (i) any nonqualified withdrawal for research, development, and design expenses incident to new and advanced ship design, machinery and equipment, and (ii) any amount treated as a nonqualified withdrawal under the second sentence of subsection (g) (4), shall be treated as withdrawn on a last-in-first-out basis.

“(3) For purposes of the Internal Revenue Code of 1954—

“(A) any amount referred to in paragraph (2) (A) shall be included in income as an item of ordinary income for the taxable year in which the withdrawal is made,

“(B) any amount referred to in paragraph (2) (B) shall be included in income for the taxable year in which the withdrawal is made as an item of gain realized during such year from the disposition of an asset held for more than 6 months, and

“(C) for the period on or before the last date prescribed for payment of tax for the taxable year in which this withdrawal is made—

“(i) no interest shall be payable under section 6601 of such Code and no addition to the tax shall be payable under section 6651 of such Code,

“(4) For purposes of paragraph (3) (C) (ii), the applicable rate of interest for any nonqualified withdrawal—

“(A) made in a taxable year beginning in 1970 or 1971 is 8 percent, or

“(B) made in a taxable year beginning after 1971, shall be determined and published jointly by the Secretary of the Treasury and the Secretary of Commerce and shall bear a relationship to 8 percent which the Secretaries determine under joint regulations to be comparable to the relationship which the money rates and investment yields for the calendar year immediately preceding the beginning of the taxable year bear to the money rates and investment yields for the calendar year 1970.

“(i) Certain Corporate Reorganizations and Changes in Partnerships.

“Under joint regulations—

“(1) a transfer of a fund from one person to another person in a transaction to which section 381 of the Internal Revenue Code of 1954 applies may be treated as if such transaction did not constitute a nonqualified withdrawal, and
