

CDC estimates the average public reporting burden for this collection of information as 2 minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30333; ATTN: PRA (0920-1154).

## ATTACHMENT C: SURVEY LINK EMAIL

Dear [Name],

The Sheriffs' Advice-Seeking Survey is being conducted on behalf of the Centers for Disease Control and Prevention (CDC) in partnership with the National Sheriffs' Association. The purpose of this survey is to collect information about advice seeking on adopting evidence-based strategies to help people re-entering the community after incarceration. Additionally, the survey will gather information on the uptake of these strategies among state and local sheriff organizations. Your participation in this important quality improvement initiative is greatly appreciated.

Below is the link to a brief survey. At your convenience, please complete and submit the brief survey, which we anticipate will only require about seven (7) minutes of your time.

Please click on the link below to complete the survey:

\*Web address: <some Individualized URL>

\*Access code: [Access code]

If you have any difficulties with the survey tool/link or need clarification about the survey questions, please contact XXXX, at XXXXXX.

Thank you in advance for your time and participation in this important study.

Sincerely,

[NAME]
