

## OD2A-LOCAL Performance Measures: Quick Reference Guide for Qualitative Data

This document serves as a Quick Reference Guide to qualitative data that will be entered into Partner's Portal including data for one qualitative performance measure, HE\_Impact, as well as contextual and data quality questions for all eight performance measures. All information presented in this document can be found within the *OD2A-LOCAL Performance Measures Technical Guidance v2. (April 2025)*. Additionally, this companion document can be used alongside the Excel Reporting Tool, which will capture quantitative data on seven performance measures. All data will be submitted to CDC within the Performance Measures Module of Partner's Portal.

### Qualitative Performance Measure: HE\_Impact

HE_Impact	Impactful practices for improving access to care and treatment for disproportionately affected populations
<b>Reporting Specifications</b>	<p>The following format is recommended for reporting this qualitative indicator:</p> <ol style="list-style-type: none"><li>1. Brief description of the implemented and/or tailored (<i>adapted to specific cultural, linguistic, environmental, or social needs of populations</i>) evidence-based intervention or innovative practice (<i>including setting and whether navigators were included if applicable</i>) and how these compare to previous efforts. (3,000 characters)</li><li>2. How access to care or treatment has been improved, and what new/existing community assets were leveraged. (2,000 characters)</li><li>3. Specific populations disproportionately affected by overdose and underserved with care and treatment programs are impacted by efforts (<i>if tracked</i>).</li><li>4. <i>This is optional. Any other outcomes that were improved (provides recipients the option to expand beyond access to care and include any other outcomes, for example, retention in care, decreased opioid use).</i> (500 characters)</li></ol> <p>The length of the narrative should be succinct, but each impactful practice* should have a descriptive paragraph if more than one is outlined.</p>

## Contextual and Data Quality Questions

Label Name	Performance Measure	Contextual Questions	Data Quality Questions
<b>HE_Impact</b>	Impactful practices for improving access to care and treatment for disproportionately affected populations	<ol style="list-style-type: none"> <li>1. What barriers prevent achieving access to care and treatment for SUD? (2,000 characters)</li> <li>2. What facilitators support achieving access to care and treatment for SUD? (2,000 characters)</li> </ol>	<ol style="list-style-type: none"> <li>1. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness, data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)</li> </ol>
<b>HE_Activities</b>	Number of health impact overdose prevention interventions focused on disproportionately affected populations implemented with OD2A funding	<ol style="list-style-type: none"> <li>1. Please describe the activities in this performance measure, for whom they were intended, and how the activities were implemented and/or tailored (e.g., linguistically, culturally) for disproportionately affected populations? (8,000 characters)</li> </ol>	<ol style="list-style-type: none"> <li>1. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness, data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)</li> </ol>
<b>HR_Encounters</b>	Number of harm reduction service encounters at organizations funded or supported by OD2A	<ol style="list-style-type: none"> <li>1. What are the barriers for people accessing harm reduction services in your jurisdiction? (2,000 characters)</li> <li>2. What are the facilitators for people accessing harm reduction services in your jurisdiction? (2,000 characters)</li> <li>3. What types of services are included in the encounters reported? (1,000 characters)</li> <li>4. Please estimate the proportion of harm reduction service encounters that occurred:            ___% at brick-and-mortar locations            ___% via mobile-based outreach services            ___% via mail-based delivery            ___% other (please specify)</li> <li>5. <i>(If selecting optional disaggregate), describe who your jurisdiction serves when referring to populations disproportionately affected by overdose.</i> (1,000 characters)</li> </ol>	<ol style="list-style-type: none"> <li>1. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness, data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)</li> <li>2. How many OD2A-funded organizations are included in the data submitted? (3 characters)</li> </ol>

<b>HR_Naloxone</b>	Number of naloxone doses distributed by OD2A-funded or supported organizations	<ol style="list-style-type: none"> <li>1. What are barriers to accessing or receiving naloxone? (2,000 characters)</li> <li>2. What are facilitators to accessing or receiving naloxone? (2,000 characters)</li> <li>3. How did you use OD2A Funds to distribute naloxone (e.g., staffing to distribute, vending machines)? (1,000 characters)</li> <li>4. <i>This contextual question is optional. Describe mechanisms used to distribute naloxone (e.g., mail in, handoffs).</i> (1,000 characters)</li> </ol>	<ol style="list-style-type: none"> <li>1. If you selected “other” type of organizations in the reporting tool, please describe. (1,000 characters)</li> <li>2. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness, data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)</li> </ol>
<b>LTC_Navigators_Hours</b>	Number of hours navigators spent on linkage to care and harm reduction services via warm handoffs	<ol style="list-style-type: none"> <li>1. How many navigators are included in this performance measure? (3 characters)</li> <li>2. Describe what types of navigators are included in the data reported (e.g., certified peer recovery specialists, peer support specialists, case managers, patient navigators, community health workers, persons with lived experience). (3,000 characters)</li> <li>3. Describe methods to support and retain navigators, including average hourly pay, benefits, and additional supports (e.g., trauma, wellness, emotional/psychological support, infrastructure such as a phone). (2,000 characters)</li> </ol>	<ol style="list-style-type: none"> <li>1. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness, data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)</li> </ol>
<b>LTC_Referrals</b>	Number of referrals care and harm reduction services	<p><b>Types of Impactful Referrals</b></p> <ol style="list-style-type: none"> <li>1. <i>(Optional) This contextual question is optional. If you have other OD2A funded or supported referrals beyond referrals to MOUD, behavioral treatment only (without MOUD), and harm reduction services. Please describe the “other” types of referrals.</i> (1,000 characters)</li> </ol> <p><b>Reporting Partners</b></p> <ol style="list-style-type: none"> <li>2. Approximately, what % of healthcare facilities (e.g., hospitals, emergency departments, and other clinical settings) reported data to your</li> </ol>	<ol style="list-style-type: none"> <li>1. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness, data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)</li> </ol>

		<p>jurisdiction for this performance measure? (If % not available, report total number of healthcare facilities that reported)</p> <p>3. Approximately, what % of EMS agencies reported data to your jurisdiction for this performance measure? (If % not available, report total number of EMS agencies that reported).</p> <p>4. Approximately, what % of carceral settings (e.g., prisons and jails), reported data to your jurisdiction for this performance measure? (If % not available, report total number of carceral settings that reported).</p> <p>5. Approximately, what % of harm reduction settings (e.g., SSPs) reported data to your jurisdiction for this performance measure? (If % not available, report total number of carceral settings that reported).</p>	
<b>HS_Training</b>	Percent of clinicians who received training on implementing the “2022 CDC Clinical Practice Guideline for Prescribing Opioids for Pain”	<p>1. Describe the trainings including the title, number offered, length, who conducted them, and where the training occurred. (4,000 characters)</p> <p>2. What populations are served by the clinicians who were trained? (1,000 characters)</p> <p>3. What are barriers to effectively training clinicians on the “2022 CDC Clinical Practice Guideline”? (2,000 characters)</p> <p>4. What are facilitators to effectively training clinicians on the “2022 CDC Clinical Practice Guideline”? (2,000 characters)</p>	<p>1. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness, data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)</p>
<b>HS_SUD_Protocols</b>	Number of health/clinical settings implementing or improving protocols and/or policies for evidence-based SUD treatment or referrals	<p>1. Describe how access to MOUD for healthcare settings has changed since implementing policies or protocols. (2,000 characters)</p> <p>2. Describe the partnerships for SUD referral with the health settings included in this indicator. What steps were taken to develop and build the partnerships for SUD referrals? (3,000 characters)</p>	<p>1. What types of health settings are included in the reported data? (1,000 characters)</p> <p>2. Describe any issues or concerns that impact the quality of the data shared (e.g., data completeness,</p>

Updated 05/02/25 with character limits

			data accuracy, facilitators/barriers for collection and reporting). (2,000 characters)
