D. Optional Activities

1. What assistance do you anticipate needing to implement the TEP, and/or use the findings from the evaluation?

2. Please indicate your interest in the following (Yes, No, Unsure)

Receiving assistance from evaluation TA providers

Participating in an evaluation community of practice (CoP) with other recipients

Developing and implementing an evaluation project that will help support the National Evaluation Plan (being developed by the national evaluation team (NET), coordinated by the national partners.)¹

¹This might entail, for example, being part of an evaluation project where multiple recipients who are working to evaluate a similar intervention might work together to engage in more aligned and standardized data collection or be engaged in writing up a case study. The National Evaluation Team (NET) may reach out to recipients who express interest in this and whose proposed evaluation topics fit with the national evaluation plan. At that time, the NET will provide additional information about what it would entail, and recipients can decide whether to participate.
