# Section Q Participation in Assessment and Goal Setting

M2	2401. Intervention Synopsis						
	At the time of or at any time since the most recent SOC/ROC assessment, were the following interventions BOTH included in the physician-ordered plan of care AND implemented? (Mark only one box in each row.)						
	Plan/Intervention	No	Yes		Not Applicable		
		↓ Check o	only one box in	each row 🔱			
b.	Falls prevention interventions	0		□ NA	Every standardized, validated multi-factor fall risk assessment conducted at or since the most recent SOC/ROC assessment indicates the patient has no risk for falls.		
C.	Depression intervention(s) such as medication, referral for other treatment, or a monitoring plan for current treatment	0	1	NA NA	Patient has no diagnosis of depression AND every standardized, validated depression screening conducted at or since the most recent SOC/ROC assessment indicates the patient has: 1) no symptoms of depression; or 2) has some symptoms of depression but does not meet criteria for further evaluation of depression based on screening tool used.		
d.	Intervention(s) to monitor and mitigate pain	0	1	NA NA	Every standardized, validated pain assessment conducted at or since the most recent SOC/ROC assessment indicates the patient has no pain.		
e.	Intervention(s) to prevent pressure ulcers	0	1	NA NA	Every standardized, validated pressure ulcer risk assessment conducted at or since the most recent SOC/ROC assessment indicates the patient is not at risk of developing pressure ulcers.		
f.	Pressure ulcer treatment based on principles of moist wound healing			□ <sub>NA</sub>	Patient has no pressure ulcers OR has no pressure ulcers for which moist wound healing is indicated.
