

Form B Section	Current Field/Language	Revised Placement	Reason for Change
Bid Sheet	Bid Sheet Page This page provides bidders with descriptions and instructions, as well as a table, that includes HCPCS codes included in the program, the product class, item description, rental or purchase, item weight, total estimated capacity, fee schedule, and bid price. Bidders were required to enter their total estimated capacity and their bid price into the table.	Bid Sheet Page The descriptions and instructions, in addition to the table, have been revised to remove the product class, item weight, and total estimated capacity columns. The fee schedule column has been revised to bid limit.	The table on the Bid Sheet page was revised to align with the provisions outlined in the proposed rule, which no longer require bidders to submit an estimated capacity and streamline processes.
Furnished Items	Furnished Items page This page allows bidders to enter the number of units that their business organization furnished to all customers, both Medicare and non-Medicare, in competitive bidding areas during the past calendar year.	N/A - the entire Furnished Items page has been removed.	These fields and reports were removed to simplify the bidding process.
