

SURVEY OF REFERRAL STAFF

Introduction

A research organization named Mathematica is working with Viability to improve the MOMS Partnership program. We are going to ask you some questions about how you refer people to the MOMS Partnership. The answers to your questions will help improve the referral process. It should take about 5 minutes to complete this survey.

You can decline to complete the survey or leave any questions blank. Your individual response will not be associated with your name. All responses will be combined; no one outside the research team will know how you responded.
