Facilitator Post-Training Survey

DRAFT

November 2021

Thank you in advance for taking this survey! This pilot project is sponsored by the Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services and is being conducted by Mathematica. The purpose of this short survey is to learn about your experience in the [NAME OF TRAINING]. The information you provide will help ACF learn about ways to enhance training for facilitators delivering SRAE programs. The feedback you provide will be used by the research team to improve the [NAME OF TRAINING] to better meet your needs as a facilitator.

Your participation in this survey is voluntary. There are no risks associated with completing the survey, which should take about 10 minutes. We will not collect any personal information (for example, your name, email, or phone number) as part of the survey. Your answers will remain anonymous, except as required by law, and no [SITE NAME] staff will see your individual responses. We hope you answer all survey questions, but you may skip any question you do not want to answer.

If you have any questions or comments about this information collection, contact Tiffany Waits, the survey director, at twaits@mathematica-mpr.com or (202) 264-3498.
