TITLE OF INFORMATION COLLECTION: Family Violence Prevention and Services:
Grants to the National Domestic Violence Hotline

PURPOSE: The Office of Family Violence Prevention and Services (OFVPS) in the Administration for Children and Families (ACF) provides administers the Family Violence Prevention and Services Act (FVPSA) discretionary grant funding to support the operation of a National Domestic Violence Hotline (Hotline). The Hotline provides telephone, online chat, and text-based support to a variety of contactors and in three key areas: 1) crisis intervention and support, 2) information about resources, and 3) referrals to domestic violence shelters and other programs. The Hotline also supports three special projects. The StrongHearts Native Helpline provides culturally relevant support and resources to American Indian/Alaska Native individuals experiencing domestic or dating violence, loveisrespect provides healthy relationship and dating violence resources to contactors in their teens and twenties, and National Deaf Domestic Violence Hotline (NDDVH) is a partnership with Abused Deaf Women Advocacy Services (ADWAS) to provide valuable services for Deaf survivors nationwide. The Hotline grantee is required to submit applications for the discretionary grant funding (42 U.S.C. 10413(d)) and implementing regulations (45 CFR Part 1370).

FVPSA is required to collect and report data on the provision of family violence, domestic violence, and dating violence services, including assistance and programs supported by Federal funds (42 USC 10404 (b)(3)(B)) and establish reporting requirements (42 U.S.C. 10413 (f)). FVPSA collects this information through Performance Progress Reports (PPRs). FVPSA currently collects information from the Resource Centers through the standard ACF Performance Progress Report (PPR) - Program Indicators (OMB #0970-0406). To ensure requested data is specific to the program’s reporting requirements, FVPSA has created a PPR that is specific to the Hotline. The proposed PPR in this request was developed by incorporating the standard ACF PPR data elements (0970-0406) with a Hotline-specific narrative section. The Hotline PPR will include metrics to better demonstrate its reach and capacity while aligning with reporting included in ACF’s annual Justification of Estimates for Appropriations for the program budget.

DESCRIPTION OF RESPONDENTS: There are currently 2 hotline grant recipients funded by the FVPSA Program, including the national domestic violence hotline and the Strong Hearts Native Helpline. Responses to FVPSA Hotline PPRs will, in most cases, be completed by existing grantee staff using data collection currently in place for discretionary grant recipients.

CERTIFICATION:

I certify the following to be true:

1. The collection is in compliance with U.S. Health and Human Services (HHS) regulations.
2. The collection is non-controversial and does not raise issues of concern to other federal agencies.
3. Information gathered is meant primarily for program improvement and accountability.

BURDEN HOURS

Estimates of Burden

Based on feedback collected during listening sessions with representatives of the Hotline grantee, staff spend approximately 10 hours developing and uploading each semi-annual PPR. All FVPSA Program PPRs are uploaded into the GrantSolutions environment.

Information Collection Title	Category of Respondent	No. of Respondents	No. of Responses per Respondent (Annual)	Burden per Response	Annual Burden
FVPSA National Domestic Violence Hotline Semi-Annual PPR	Private Sector	2*	2	10	40

* The FVPSA National Domestic Violence Hotline Semi-Annual PPR is consistent with the PPR used by the FVPSA National, Special Issue, and Culturally Specific Resource Centers Semi-Annual PPR and between the two grant recipients, there are more than 9 respondents. Therefore both collections are submitted for review and approval under 0970-0490.

FEDERAL COST: The estimated annual cost to the federal government is \$15,000. Based on a written estimate from the GrantSolutions Centers of Excellence, it is estimated that the programming costs for the GrantSolutions Online Data Collection System for the current proposed changes to this form will be \$15,000.

TYPE OF COLLECTION:

How will you collect the information? (Check all that apply)

- ☒ Web-based
- ☐ Email
- ☐ Paper mail
- ☐ Other, Explain:

All PPRs are submitted by grantees in an electronic format through GrantSolutions. This system allows grantees to submit their quantitative and qualitative data all in one central place. Having all the reports and their associated data in one system allows for easier tracking of completed and outstanding reports and reduces errors in data input along the way. Data may be retrieved directly from GrantSolutions by the OFVPS staff.

Please make sure that all instruments, instructions, and scripts are submitted with the request.
