However, the subcategories (Chinese, Asian Indian, Filipino, for example) may total a higher number than the individuals in that category, due to multiple sub-categories chosen by one individual of a single race.

Enter only full numerical values. Ranges (e.g., 30–45) or text values (e.g., thirty to forty-five) will not be accepted. Defining race and ethnicity. In accordance with the Office of Management and Budget (OMB) Statistical Policy Directive No. 15: Standards for Maintaining, Collecting, and Presenting Federal Data on Race and Ethnicity (SPD 15), the race and ethnicity categories set forth are sociopolitical constructs and are not an attempt to define race and ethnicity biologically or genetically. The SPD 15 race and ethnicity categories are intended to result in more accurate and useful race and ethnicity data across the Federal government.

Section 3: Workforce Information

Table 3.1 Breakdown of Full-Time Equivalents (FTE) Across Grant Categories

Please use the chart below to indicate the total staff full-time equivalents (FTE) paid using FVPSA funding. One FTE is equal to the number of hours a full-time employee works for an organization. FTE Planned refers to planned/expected staff, while FTE Staffed refers to actual staff hired. Each full-time paid staff member should equal 1 and each part-time paid staff member should equal 0.5. For employees paid across categories, use decimals (e.g., 0.25, 0.50, etc.) to refer to the amount of time spent across grant categories. For example, if you have one employee dedicated 0.5 FTE to work on the CSDVSA grant and their time is split equally performing both Outreach and Finance, they would be counted in *both* categories. In this case, write 0.25 in the Total FTE column for Outreach and 0.25 for Finance. Enter only numerical values; ranges (e.g., 30–45), text values (e.g., thirty to forty-five), and percentages (50%) will not be accepted.

If your organization had staff working across additional categories, please indicate the specific type of service and the total number of staff in the “Other” row.

NOTE: If no grant funds were allocated toward FTEs, please enter zeroes in each category.
