

CONTRACT NO: _____

TAAMS DOC. NO: _____

EASEMENT FOR SALTWATER DISPOSAL WELL

Osage Reservation, Oklahoma

The regulation at 25 C.F.R. § 226.23, provides that:

The Superintendent, with the consent of the Osage [Minerals] Council, may grant commercial and non-commercial easements for wells off the leased premises to be used for purposes associated with oil and gas production. Rental payable to the Osage [Nation] for such easements shall be an amount agreed to by Grantee and the Osage [Minerals] Council subject to the approval of the Superintendent. Grantee shall be responsible for all damages resulting from the use of such wells and settlement therefor shall be made as provided in § 226.21.

Accordingly, ***for and in consideration*** of the sum of Three Hundred Dollars (\$300) paid to the Osage Agency - BIA, Dept. C155, P.O. Box 474888, Des Moines, IA 50947-4888, for the benefit of the Osage Nation, and for the further consideration of Three Hundred Dollars (\$300) to be paid on or before each anniversary of the Effective Date thereof, the Osage Minerals Council does hereby grant _____, hereinafter designated as the Grantee, including any subsequent successors and assigns, an Easement in order to dispose of oil field brines produced from Grantee's oil wells located in the _____ into Well No. _____ located in the _____, Osage County, Oklahoma. This Easement is associated with Oil and Gas Lease No. _____.

As required by 25 C.F.R. § 226.23, the stated consideration for this Easement is an amount agreed to by the Osage Minerals Council and the Grantee, and the Osage Minerals Council has determined that said consideration is in all respects reasonable and appropriate. The Effective Date of this Easement is _____, 20____.

Under this Easement, the Grantee has the right to ingress and egress to and from said disposal well with the right to install and maintain such equipment as is necessary or convenient for proper operation of the well for the duration of this Easement. This Easement will be effective for three years from the Effective Date and will be considered renewed annually thereafter, unless a Party requests, in writing, thirty (30) days before the Effective Date, that said Easement not be renewed. The rights of the surface landowner are as defined in the approved Osage Oil Mining Lease form and 25 C.F.R. Part 226.

If the annual rental payment is not paid prior to the Effective Date, a penalty of \$50 will be assessed. Failure to remit both the annual payment and the penalty fee within thirty (30) days following the anniversary date will result in immediate termination of the Easement. If the Grantee requests the renewal of a terminated Easement, the annual fee of \$300 plus a renewal penalty of \$200 will be required within 90 days of the termination date. Failure to pay the annual fee plus a \$200 renewal penalty within the 90-day period will require negotiation of a new Easement with the Osage Minerals

Council. In the event that a new Easement is negotiated after the 90-day period an additional reinstatement penalty will be assessed at the rate of \$25 per month, beginning with the Effective Date of the original Easement.

At the conclusion of this Easement, whether by termination, expiration, or otherwise, the Grantee will plug said well pursuant to 25 C.F.R. Part 226, and remove all associated equipment within ninety (90) days of such conclusion.

This Easement is subject to the regulations now or hereafter prescribed by the Secretary of the Interior relative to Osage oil or gas leases, as found in 25 C.F.R. Part 226, all of which are made a part of this Easement.

The disposal well shall be conditioned and operated in accordance with the instructions of the Superintendent.

All rights conferred herein are subordinate to any oil and/or gas lease which may be hereinafter granted by the Osage Minerals Council, and approved by the Superintendent, on the property covered by this Easement.

Assignment of this Easement or any interest therein may be made with the written consent of the Osage Minerals Council, and the approval of the Superintendent.

This Easement shall not be used for commercial purposes without the approval of the Osage Minerals Council and the Superintendent.

The Grantee shall furnish a bond in the minimal penal sum of \$5,000 with responsible surety to the satisfaction of the Superintendent, conditioned on compliance with the terms of the Easement and applicable regulations.

This Easement shall be subject to termination if any of the terms or conditions contained therein is violated.

The Superintendent has reviewed the subject property and determined that the following compliance effort under the National Environmental Policy Act ("NEPA") is appropriate. Check as applicable:

_____ The approval of this Easement and subsequent operations WILL NOT result in additional ground disturbing activities sufficient to rise above the level acceptable for a Categorical Exclusion. Accordingly, the Superintendent has determined that the following Categorical Exclusions are applicable, and no extraordinary circumstances exist that would require greater NEPA review: 516 DM 10.5.I Approvals or grants of conveyances and other transfers of interests in land where no change in land use is planned.

_____ The approval of this Easement and subsequent operations WILL result in additional ground disturbing activities sufficient to rise above the level acceptable for a Categorical Exclusion, or there are extraordinary circumstances that require greater NEPA review. Accordingly, the Superintendent has determined that additional NEPA compliance efforts are necessary before such ground disturbing activities commence.

EXECUTION AND ACCEPTANCE BY GRANTEE

The undersigned, being the Grantee, hereby accepts all conditions and provisions of the Easement as outlined above and will carry out all of its requirements fully.

Dated this ____ day of _____, 20__.

GRANTEE
