There's a numbering issue in 1122-0022 for OVW. It looks like #5 was cut, and there are two #7s in the 60-day notice.
Once that is corrected, the three ICRs for OVW are cleared.

Subject: [FOR ODAG-Mr. McHenry APPROVAL]: APRIL 2025 - DOJ Paperwork Reduction Act - Information Collection Requests (ICRs) (Requested by Monday, April 28, 2025)

Greetings James:

I hope this note finds you well.

Attached are the Department's Information Collection Requests (ICRs) in accordance with the President's action memo regarding "90 FR 8249 - [Regulatory Freeze Pending Review](#)."

I am including a summary spreadsheet and a SharePoint link to the applicable supporting documents for your review and approval.

- **NOTE – for decision:** The Director, Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) has requested to delegate approving authority for the ATF ICRs to the Chief Counsel Robert Leider. Mr. Leider is **not** a political appointee as required per 90 FR 8249 (See Attached Email). To ensure the Department continues to comply with the Presidential memo, the Justice Management Division (JMD) will continue to send all ICRs to you, unless you authorize Mr. Leider to review and approve for ATF. Please advise.
