Section I. Reporting Basics

a) Overview

This document provides information on using Treasury's Portal to submit the required Homeowner Assistance Fund (HAF) Final Reports and the Financial Closeout Confirmation module. The Final Reports consist of two reports, the HAF Annual Report and the HAF Quarterly Report, which contains a new section to report on tangible personal property acquired with the HAF award. The Financial Closeout Confirmation module was developed to calculate the total balance due to Treasury at closeout of the HAF award. This document also supplements the [HAF Guidance on Participant Compliance and Reporting Responsibilities](#) containing relevant information on reporting requirements.

Additionally, you should visit Treasury's [HAF home page](#) for the latest guidance and updates on Programmatic and reporting topics. The home page now includes a [HAF Program Closeout Resource](#) that provides more details on the Final Reports and the HAF closeout process.

As part of the Final Report requirement, HAF participants are required to submit a Final Quarterly Report with performance and financial information, including background information about applications approved, applications received, Homeowners assisted, and details about HAF award obligations and expenditures. The Final Quarterly Report contains a new section regarding tangible personal property acquired with the HAF award that was not previously included in the report. HAF Participants are also required to submit a Final Annual Report with descriptions and figures related to their community engagement and outreach activities, performance goals, targeting plan, and coordination efforts during the reporting period. The Annual Report also solicits information from the HAF participants regarding their progress in implementing their HAF program(s), including contact information, outreach expenditures, performance on goals laid out in the HAF Plan, and coordination efforts with community-based organizations, housing agencies, and servicers.

The Financial Closeout Confirmation module provides a current record of the financial information related to the HAF participant's award for closeout based on Treasury's disbursements of the HAF award funds and the data reported by HAF participants in their Final Quarterly Report submission. In the module, HAF participants must review each component of the formula used to calculate the Total Balance Due to Treasury. The Total Balance Due to Treasury formula is based on the latest reported figures Treasury received from HAF participants on unobligated award funds, program income, and interest earned. HAF participants are given an opportunity to provide updates to their budget reporting, reported obligations and/or program income earned. HAF participants are also asked to provide the latest figures related to interest earned on their HAF award. In the module, HAF participants are required to certify that the Total Balance Due to Treasury is accurate and complete after reasonable inquiry of people, systems, and other information available to the HAF participant, and provide a point of contact who should receive communication from Treasury regarding the return of HAF award funds.

b) What is Covered in this User Guide?

This User Guide contains detailed guidance and instructions for HAF participants in using Treasury's Portal for submitting the HAF Final Quarterly Report, HAF Final Annual Report, and

the HAF Financial Closeout Confirmation module. HAF participants must submit required Final Quarterly Report, HAF Final Annual Report, and the HAF Financial Closeout Confirmation module via Treasury's Portal. This guide is not comprehensive and is meant to be used as a functional reference and in conjunction with the documents mentioned above.

This User Guide provides detailed instructions to help recipients enter and submit the following:

- Budget data
- Programmatic data
- Expenditure data
- Compliance information
- Equipment information
- Information on community engagement & outreach
- Performance goal information
- Information on methods for targeting
- Information on best practice & coordination
- The Total Balance Due to Treasury for the HAF award, calculated based on the latest reported information Treasury received from HAF participants on unobligated award funds, program income, and interest earned

c) Definitions

Award Date means the date the HAF participant signed the HAF Financial Assistance Agreement.

Expended means any HAF assistance that a HAF participant or Subrecipient has spent. Please note cumulative Expenditures cannot exceed cumulative Obligations.

Homeowner means an individual who applied and/or receives funds from the HAF participant or Subrecipient to pay for a singular qualified expense (i.e., if a Homeowner receives HAF assistance for more than one qualified expense category, they are counted for more than one qualified expense category).

In some places, Guidance requires that you provide the number of unique Homeowners. Unique Homeowners are only counted one time even if they applied and or/received funding for more than one qualified expense category.

HAF Assistance means any assistance provided by the HAF Program, whether through funds received by the HAF Program for qualified expenses or through services made available by the HAF program.

Monetary HAF Assistance means HAF assistance in the form of money provided to Homeowners or on behalf of Homeowners to financial institutions, utility providers, and taxing authorities or other third-party payees under a HAF Program. Homeowners that received both Monetary and Non-monetary Assistance should be counted once as having received Monetary HAF Assistance.

Non-monetary HAF Assistance means HAF assistance in any form other than money provided to Homeowners under a HAF Program (e.g., housing counseling or referral to legal services, etc.). Only Homeowners that received Non-monetary HAF Assistance

and no Monetary HAF Assistance are to be counted as having received Non-Monetary HAF Assistance.

Obligated means an order placed for property and services, contracts and subawards, and similar transactions requiring payment. (See [2 CFR § 200.1](#).) Obligated funds **include** funds that have been **Expended**.

Examples of Obligated funds include:

- o HAF funds that have been committed, pledged, or otherwise promised, in writing, to a specific individual or entity as part of a HAF Program
- o HAF funds that have been set aside to cover obligations arising from loan guarantees; HAF funds that have been committed, pledged, or otherwise promised, in writing, as part of a transaction
- o HAF funds that have been committed, pledged, or otherwise promised, in writing, for allowable administrative expenses (e.g., an executed contract for services).
- o HAF funds expended to provide assistance to a Homeowner for one or more qualified expense category.

d) Designating Staff for Key Roles in Managing HAF Reports User Designations

HAF participants must designate staff or officials for the following three roles in managing reports for their HAF award. Participants must make the required designations before accessing Treasury's Portal. The required roles are as follows:

- **Account Administrator** for the HAF award maintains the names and contact information of the designated individuals for HAF reporting. The Account Administrator is also responsible for working within your organization to determine its designees for the roles of Point of Contact for Reporting and Authorized Representative for Reporting and providing their names and contact information via Treasury's Portal. Finally, the Account Administrator is responsible for making any changes or updates to the user roles as needed over the award period. We recommend that the Account Administrator identify an individual to serve in their place in the event of staff changes. The Account Administrator may also certify and submit official reports on behalf of the HAF participant.
- **Point of Contact for Reporting** is the primary contact for receiving official Treasury notifications about reporting on the HAF award, including alerts about upcoming reporting, requirements, and deadlines. The Point of Contact for Reporting is responsible for completing HAF reports but does not have the ability to certify and submit official reports on behalf of the HAF participant unless designated to one of the other two reporting roles.
- **Authorized Representative for Reporting** or ARR is primary individual responsible for certifying and submitting official reports on behalf of the HAF participant. Treasury will accept reports or other official communications only when submitted by the Authorized Representative for Reporting or the Account Administrator. The Authorized Representative for Reporting is also responsible for communications with the Treasury on extension

requests and amendments of previously submitted reports. The official reports may include special reports, Quarterly or Annual reports, and final reports.

Essential items to note:

- Each individual designated to one of the three roles above must register with ID.me or Login.gov to access Treasury's Portal.
- Users who have previously registered through ID.me may continue to access Treasury's Portal through that method. This [link](#) includes further instructions.
- If you have not previously registered with ID.me, you should register through Login.gov following this [link](#). The following links provide additional information:
 - o <https://login.gov/create-an-account/>
 - o <https://login.gov/help/get-started/create-your-account/>
- An individual may be designated for multiple roles. For example, the individual designated as the Point of Contact for Reporting may also be designated as the Authorized Representative for Reporting.
- The recipient organization may designate one individual for all three roles.
- The recipient organization may designate multiple individuals for each role.
- The recipient organization may make changes and updates to the list of designated individuals whenever needed. The Account Administrator must process these changes.

Refer to [Appendix A](#) for guidance on designating individuals for the three roles.

The designated individuals' names and contact information will be pre-populated in the "Recipient Profile" portion of the participant's HAF reports, and recipients will update the information, if necessary.

Please contact HAF@treasury.gov for additional information on procedures for registering with ID.me or Login.gov.

To begin the closeout process, check the box next to the HAF program application in the Eligible for Closeout section and select “Request to closeout”. Treasury will review your HAF award which may include a consultation with the HAF participant. For more information on the closeout process and timing, refer to the [HAF Closeout Resource](#).

For recipients requesting early closeout:

Once Treasury has finished reviewing your request for early closeout, you will receive an email notification and the status of the HAF Final Reports on the Closeout Reports page will change to “Ready for Closeout.” You will then have access to your report records for your Final Quarterly Report and Final Annual Report (shown in Figure 2). After you submit your Final Quarterly Report and Final Annual Report, Treasury will review the reports and perform other reviews as necessary related to closeout of your HAF award. You will receive a separate email notifying you when the HAF Financial Closeout Confirmation module is ready to be completed.

For recipients engaging in standard closeout:

At the end of the Period of Performance, recipients will have 120 calendar days after September 30, 2026 to submit their Final Reports to Treasury via Treasury’s Portal. Once the Closeout Report status reflects “Ready for Closeout”, you will have access to your report records for your Final Quarterly Report and Final Annual Report (shown in Figure 2). After you submit your Final Quarterly Report and Final Annual Report, Treasury will review the reports and perform other reviews as necessary related to

closeout of your HAF award. You will receive a separate email notifying you when the HAF Financial Closeout Confirmation module is ready to be completed.

To begin your Final Quarterly Report, Final Annual Report, or HAF Financial Closeout Confirmation module, select the “pencil” button under the “Edit” column shown above in Figure 2, which will take you into the report to enter information about your HAF award activities. You can complete the Final Quarterly Report and Final Annual Report in any order, but once both reports are submitted, they will be locked for review and you will not be able to make any edits. You will receive a separate email after you submit your Final Quarterly Report and Final Annual Report, and after Treasury has completed necessary closeout reviews, notifying you when the HAF Financial Closeout Confirmation module has been created for you to complete.

The Navigation Bar on the left of Treasury’s Portal will allow you to move between sections in the reports. Figure 3 displays the top of the Navigation Bar for the Final Quarterly Report.

Figure 3 Top of Navigation Bar for Final Quarterly Report

b) Helpful Tips/Shortcuts for Submitting Data to Treasury’s Portal

Treasury’s Portal leads you through a series of online forms that, when completed, will fulfill your reporting obligations. While navigating through Treasury’s Portal and submitting required information for the Final Quarterly Report, Final Annual Report, and Financial Closeout Confirmation module, users will need to enter data directly into Treasury’s Portal manually.

1. Manual Data Entry

Manual data entry requires you to provide inputs as instructed on the screen. Manual inputs are described in detail below for each User Guide section.

Your inputs will be subject to validation by Treasury’s Portal to ensure that the data provided is consistent with the expected format or description (e.g., entering “one hundred” instead of 100). If a given data entry fails a validation rule, Treasury’s Portal will display an error for you to address.

You will not be able to submit manually entered data that does not satisfy the data validation rules.

2. Narrative Boxes

Tip: When filling out detailed narratives, you are encouraged to type out responses in a word processing application (such as Microsoft Word) to minimize grammatical errors, track word count, and concisely answer all required narrative details. You can copy and paste the final written narratives directly into Treasury's Portal text boxes.

3. Corrections and Resubmissions

Once information is entered into Treasury's Portal, the information will be accepted by Treasury's Portal as a record if there are no data validation errors.

Once your report is complete and has passed all data validation checks, your report is ready for certification and submission by an Account Administrator (AA) or Authorized Representative for Reporting (ARR). HAF participants should make every effort to ensure accuracy in the data they certify upon submission of their Final Quarterly Report, Final Annual Report, and HAF Financial Closeout Confirmation module. If you believe corrections are needed after you have submitted your Final Quarterly Report, Final Annual Report, or HAF Financial Closeout Confirmation module, please contact us by email at HAF@treasury.gov.

Treasury's Portal allows for reopening of submitted Final Quarterly Report or Final Annual Report records until both reports have been submitted. If you have edits to make to your Final Quarterly Report or Final Annual Report before both reports have been submitted, a pencil icon will remain in the Edit column of the submitted report on the Closeout Reports page. Click on the pencil icon and a pop up will appear notifying you that, if the report is reopened for editing, the report will need to be re-certified upon resubmission of the report (shown in Figure 4). If you wish to continue with reopening of the report, click on "Open the report for editing" and you will be taken to the reopened report.

f) Disaggregated Application Data¹²

In this section, you will be asked to provide disaggregate data by various categories such as race, sex, ethnicity, area median income, and reason for denial (see Figures 14-16).

If your disaggregated application data has not changed from the last quarter, you have the option to automatically populate the values submitted with your last quarterly report by using the “Populate” button (see red box on Figure 14). You can reset automatically populated values to 0 at any time using the “Reset” button.

Disaggregated application data can be entered manually on this page or uploaded directly using the template discussed in [section e](#). Be sure to save your work as you go by using the “Save” button.

All Columns of each Table require cumulative counts of applications.

¹¹ Please be sure to save your completed template as “Comma Separated Values” (.csv) before uploading.

¹² Tribal governments and the Department of Hawaiian Homelands will not be required to fill out this screen.

Obligations and Expenditures reported in the Disaggregated Application Data table must be consistent with data entered previously in Budget Reporting and Programmatic Information sections. If applicants selected multiple categories, they should be counted in multiple rows. The segment totals for Obligations and Expenditures (row labeled Totals) must be greater than or equal to the related aggregate figures entered in the Budget Reporting and Programmatic Information sections (shown in the row labeled Programmatic Totals). System will generate a warning if Obligations and Expenditures Totals are less than the figures entered under Budget Reporting and Programmatic Information.

You have been provided with the option to bulk upload your disaggregated data using an Excel Template for ease of reporting. Please refer to [section e](#) above for more information on the bulk upload process. You may also upload partial datasets and manually edit the missing entries using the screen displayed in Figures 17-20 above.

h) Geographic Data¹⁴

On this screen, you must provide Geographic Data by zip code. If your geographic data has not changed from last quarter, you have the option to automatically populate the values submitted with your last quarterly report by using the “Populate” button (see red box on Figure 21). You can reset automatically populated values at any time using the “Reset” button.

Data import functionality can only accommodate 400 records at a time, so if you have more than 400 zip codes to report, you must use multiple data files, each with 400 zip codes or less, and repeat the upload, validate, and import process for each data file. *This information must be provided via Data File Import*, as pictured in Figure 21 and 22 below.

Direct Monetary Assistance to homeowners tied to specific Zip Codes and Non-monetary assistance to homeowners associated with a specific zip code should be reported here. HAF Obligations and Expenditures associated with disbursements to housing counselors and legal service providers are conversely not tied to specific Zip Codes and should not be reported here.

Geographic Data

HAF Obligations and Expenditures associated with direct assistance to homeowners are tied to specific Zip Codes. HAF Obligations and Expenditures associated with disbursements to housing counselors and legal service providers are conversely not tied to specific Zip Codes. Additionally, in some cases non-monetary assistance to homeowners may not be associated with a specific zip code.

In the first section below, prepare and upload geographically-associated data aggregated by Zip Code. In the second section, Geographic Exceptions, enter data that is not associated with specific Zip Codes. The sum of Obligations and Expenditures in the two sections should be equal to the total Obligations and Expenditures for HAF assistance.

If Geographic Data has not changed from last quarter, please select **Populate** below.

Import Geographic Data

The data import process can accommodate up to 400 records at a time. If you have data for more than 400 Zip Codes, please prepare and upload multiple data files with no more than 400 Zip Codes each, and repeat the Upload, Validate, and Import process for each data file.

1. Prepare
 - a. [Download the HAF Quarterly Geographic Data Template using this link](#)
 - b. Open the template file and enter your data in the appropriate cells. Enter numbers only - do not enter other symbols, such as dollar signs, commas, etc. Do not leave data cells empty - enter "0" as needed.
 - c. Save the file as a CSV UTF-8 (comma delimited).
2. Upload
 - a. Click Upload Data File below and select your .csv data file, OR drag-and-drop your data file to the drop area.
 - b. After the file loads, click Done. Your data will appear in table.
3. Validate
 - a. Click Validate to ensure your data meets the technical requirements.
 - b. If technical errors are indicated, correct them and click Update.
 - c. If errors persist, please repeat the previous steps.
4. Import
 - a. Click Import to add your data to your Quarterly Report.

Repeat this process for each of your data files. After adding data to your report, review your data and edit or remove individual rows as necessary.

When you have completed the template, select “Upload Files”¹⁵. Please be sure to follow template instructions without changing anything in rows 1-7 and enter data starting in row 8. Be sure to delete the sample data provided in rows 8-15 before uploading. The file must be saved as a CSV UTF-8 (comma delimited) file. *Improperly formatted submissions will fail to validate.* Once your data has been uploaded, follow the instructions that appear on the import box and validate that your records populated in the table as expected (see Figure 22).

Geographic Exceptions

Please provide the following information for HAF assistance that cannot be accurately associated with particular Zip Codes.

*1. Number of homeowners who have received non-monetary assistance that cannot be associated with particular Zip Codes.

*2. Cumulative obligations that cannot be associated with particular Zip Codes.

*3. Cumulative expenditures that cannot be associated with particular Zip Codes.

Figure 23 Geographic Exceptions

Three questions are on the Geographic Data tab. As shown in Figure 23, the fields request the number of homeowners that received Non-Monetary HAF assistance but cannot be associated

with a specific zip code and cumulative obligations and cumulative expenditures associated with these homeowners.

The sum of Obligations and Expenditures reported in the zip code file and in the three questions an assistance to homeowners that cannot be associated to a specific zip code should be sum to Total Obligations and Expenditures for HAF assistance reported in the Budget Reporting and Programmatic Information sections. When you have entered data for these questions select “Save and Next” to continue.

i) Programs

In your HAF Plan you submitted information regarding planned HAF Programs. On this screen you will enter general HAF participant Program information as well as information on corresponding Program Design Elements. Figure 24 below outlines the process for the Programs screen. Please note that you will be asked to enter individual Program information and then brought back to summary screen. If you have more than one Program, you will need to click “Add Program” and fill out corresponding information. If the need arises, you may edit or delete existing Programs.

Figure 24 Program Creation Process

Once you have created a Program you will be asked to provide topline Program details and then to provide disaggregated details by each of the Programs’ Design Elements, which your organization submitted as a part of their HAF Plan.

To begin select “Add Program” to enter a new line item for each Program and fill in the corresponding information.

At any time, you may select “View/Download All” to review your entries in a top-down view during or after completion. The screen displayed in Figure 25 will not contain any Program entries until you have created your first Program entry.

Figure 25 Program Overview

i. Add/Edit Program

Once you have selected “Add Program” the module displayed in Figure 26 will appear.

Figure 26 Add/Edit Program

After selecting “Add Program”, you will be prompted to provide the Program specific figures including:

1. Program Details: Program name, start date, and a program description.
 - For the Program name, please tie the name to what was provided in your previously submitted term sheet.
2. Program Income Earned Cumulative to Calendar Quarter end date: Cumulative Program Income Earned, Award Date – Calendar Quarter end date.

3. Program Income Expended Cumulative to Calendar Quarter end date:
Cumulative Program Income Expended, Award Date – Calendar Quarter end date.

Refer to the Definitions [section](#) if you need further information.

Note that all information provided should be broken out to figures specific to the Program you are currently working on. After completing a Program, you will be able to toggle between and edit existing Programs from the Programs Overview, detailed in Figure 25 above.

Add / Edit Design Element

Use this module to enter information regarding program design elements for each HAF program. Please add a new line item for each program design element under EACH program and fill in the corresponding information. For example, if a HAF program is used for mortgage assistance, internet assistance, and utilities assistance, a HAF participant would enter three separate line items for each of those program design elements and fill out the relevant information.

Please do NOT include Administrative Expenses in program or design element Expenditures or Obligations. Administrative expenses should be captured in the Budget Reporting section.

All added Program Design Elements in the Program are visible to make viewing progress and editing individual Program Design Elements more accessible.

Once you’ve chosen to either Add or Edit a given Program Design Element, you will be presented with the screen depicted in Figure 27. Provide the corresponding information to continue.

1. Program Design Element: Please select from the drop-down which Program Design Element you would like to add to your Program.
2. Total Expenditures Cumulative to Report Calendar Quarter end date by Program Design Element: The Total Cumulative Expenditures of the Program Design Element, the Award Date to the Calendar Quarter end date.
3. Total Obligations Cumulative to Report Calendar Quarter end date by Program Design Element: The Total Cumulative Obligations of the Program Design Element, from the Award Date to the Calendar Quarter end date.
4. Number of Unique Homeowners Assisted Cumulative to Report Calendar Quarter end date by the Program Design Element: The number of Homeowners assisted by the Program Design Element, from the Award Date to the Calendar Quarter end date.
5. Number of SDIs Assisted Cumulative to Report Calendar Quarter end date by the Program Design Element: The number of SDIs assisted by the Program Design Element, from the Award Date to the Calendar Quarter end date.

Once you have completed entering information on all Programs and their respective Program Design Elements, select “Next” to continue.

j) Obligations and Expenditures Verification

The information on this screen is read-only. Use the table displayed in Figure 29 to validate the figures that have been provided in previous screens. Note that this displayed information is populated by the Program Design Element screen provided earlier. This screen will display a validation error if the “Totals” figures from the Program Design Element screens do not match the information provided in the Budget Reporting screen.

I) SF-428

All HAF recipients must report on tangible personal property (equipment and supplies) acquired with HAF award funds during the award POP. On this screen, you will enter in information related to tangible personal property consistent with the Tangible Personal Property Report (SF-428-B form). The SF-428-B form is required if you acquired equipment with a per unit fair market value of about \$5,000 with the HAF award or if you have residual unused supplies with the total aggregate value above \$5,000 that was acquired with the HAF award. HAF participants are responsible for reporting on behalf of their subrecipients if their subrecipients used HAF award funds to acquire equipment or supplies, or both.

Per the Uniform Guidance, [2 CFR 200.1](#), tangible personal property includes [equipment](#) and [supplies](#). It does not include copyrights, patents or securities. A [computing device](#) is considered a supply if the acquisition cost is less than \$5,000 per unit, regardless of the length of its useful life.

Consistent with Uniform Guidance, [2 CFR 200.313\(e\)\(1\)](#), equipment acquired with HAF award funds with a current per unit fair market value of \$5,000 or less at the end of the award period of performance may be retained, sold, or otherwise disposed of by HAF recipients with no further responsibility to Treasury. Supplies acquired with HAF award funds with the total aggregate value of \$5,000 or less at the end of the award POP may also be retained by HAF recipients with no further responsibility to Treasury. Additionally, Treasury permits recipients with equipment with a per unit fair market value of more than \$5000 or unused supplies that have a total aggregate value of more than \$5,000 to be retained by the recipient if it is needed for another federal award or for activities for non-federally funded programs or projects for the government entities which have similar objectives as the HAF program.

i. Introduction

On this screen, you will be asked a series of questions related to equipment you acquired with HAF Funds to determine whether you need to complete an SF-428S and whether you have further responsibility to Treasury related to equipment.

¹⁶ Tribal governments and the Department of Hawaiian Home Lands will not be required to answer Data Element 6.

*Q1. Have you acquired equipment with a per unit acquisition cost greater than \$5,000 with HAF Funds?●

Yes

*Q2. Do you have residual unused supplies with an aggregate fair market value above \$5,000 that were acquired with HAF Funds?

Yes

*Q2(a). If you have residual unused supplies with an aggregate fair market value above \$5,000 that were acquired with HAF Funds, do you plan to utilize these supplies for another Federal or non-federal program?

No

*Q2(b). Please provide an estimate of current fair market value of your unused supplies acquired with HAF funds.

*Q2(c). Were these supplies originally acquired solely with HAF funds? (if acquisition costs were split with another program, please select No)

No

*Q2(c)i If acquisition costs of these supplies were split with another program, please provide the percentage share of HAF funds used for purchase.

Q2(d). After you sell your unused supplies, the total amount owed to the HAF program will be your sale proceeds minus your selling and handling costs, which cannot exceed \$500 or 10% of your sale proceeds, whichever is lesser. Once this sale has taken place, please contact HAF@treasury.gov for repayment instructions. If you have any comments, please provide here.

Figure 31 SF-428 Introduction pt. 1

Section B: Questions and Answers

Who is authorized to designate the Account Administrator, the Point of Contact for Reporting, and the Authorized Representative for Reporting for my organization's HAF's award?

- Treasury requests that each HAF participant follow its own decision-making procedures in making the three designations for each award.

What is the deadline for making the designation?

- Treasury requests that users of Treasury's Portal make the three designations as soon as possible to enable your organization to submit its Annual Performance Report.

What are the responsibilities for each of the three designated roles?

- **Account Administrator** for the HAF award has the administrative role of maintaining the names and contact information of the designated individuals for HAF reporting. The Account Administrator is also responsible for working within your organization to determine its designees for the roles of Point of Contact for Reporting and Authorized Representative for Reporting and providing their names and contact information via Treasury's Portal. The Account Administrator can also view and submit reports. Finally, the Account Administrator is responsible for making any changes or updates as needed over the award period. We recommend that the Account Administrator identify an individual to serve in their place in the event of staff changes.
- **Point of Contact for Reporting** is the primary contact for receiving official Treasury notifications about reporting on the HAF award, including alerts about upcoming reporting, requirements, and deadlines. The Point of Contact for Reporting is responsible for completing the HAF reports but cannot certify and submit these reports.
- **Authorized Representative for Reporting** is responsible for certifying and submitting official reports on behalf of the HAF award recipient. Treasury will accept reports or other official communications only when submitted by the Authorized Representative for Reporting. For example, the individual designated as the Account Administrator can also be designated as the Authorized Representative for Reporting or Point of Contact for Reporting. It is also acceptable for an organization to designate one individual for all three roles; however, it should also adhere to any applicable personnel checks and balances rules.

May my organization designate more than one individual per role?

Must each of the designated individuals register for using Treasury's Portal?

Please contact us at the email address below for more information and guidance on registering with ID.me or Login.gov. If you are already registered with ID.me, you do not have to register to Login.gov to access your reports.

Additional Questions or Additional Assistance?

- If you have additional questions about accessing or using Treasury's Portal to provide the designees' names and contact information, please email us at HAF@treasury.gov.
