

The FAA will not reallocate the temporarily returned slots at JFK and LGA, as the goal is to reduce the total volume of operations in the New York City region. Carriers are encouraged to utilize their DCA slots in other markets before returning them to the FAA. In the event DCA slots are returned under this waiver, other carriers will have an opportunity to operate the slots on an *ad hoc* basis without historic precedence.

The FAA will treat as used the specific slots returned in accordance with the conditions in this notice for the period from October 26, 2025, through March 28, 2026, (Winter 2025/2026) and March 29, 2026, through October 24, 2026 (Summer 2026).

The relief is subject to the following conditions:

1. The specific slots must be returned to the FAA by August 15, 2025, for Winter 2025/2026; and by January 15, 2026, for Summer 2026.

2. This waiver applies only to slots that have corresponding, scheduled operations during the period of the grant. A carrier temporarily returning a slot to the FAA for relief under this waiver must identify corresponding scheduled operations for Winter 2025/2026, or approved slots for Summer 2026. The FAA may validate information against published schedule data prior to the issuance of this notice, and other operational data maintained by the FAA. Slots returned without an associated scheduled and canceled operation will not receive relief.

3. Slots newly allocated for initial use since the previous corresponding scheduling season are not eligible for relief.

4. Slot exemptions authorized at DCA by the Department of Transportation are not eligible for relief.

5. Carriers must not engage in unfair, deceptive, or anticompetitive practices regarding their slot usage, leasing agreements, or operations associated with the relief provided by this notice.

Issued in Washington, DC, on July 23, 2025.

Chief Counsel.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The OCC asks the OMB to extend its approval of the collection in this notice.

Title: Reverse Mortgage Products: Guidance for Managing Compliance and Risks.

OMB Control No.: 1557–0246.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: On August 17, 2010, the OCC, FDIC, FRB, and NCUA issued guidance¹ focusing on the need to provide adequate information to consumers about reverse mortgage products, to provide qualified independent counseling to consumers considering these products, and to avoid potential conflicts of interest. It also addressed related policies, procedures, internal controls, and third-party risk management.

The information collections contained in the guidance include provisions related to the implementation of policies and procedures, training, and program maintenance.

These provide that—

- Institutions offering reverse mortgages should have written policies and procedures that prohibit the practice of directing a consumer to a particular counseling agency or contacting a counselor on the consumer’s behalf.

- Policies should be clear so that originators do not have an inappropriate incentive to sell other products that appear linked to the granting of a mortgage.

- Legal and compliance reviews should include oversight of compensation programs so that lending personnel are not improperly encouraged to direct consumers to particular products.

- Training should be designed so that relevant lending personnel are able to convey information to consumers about product terms and risks in a timely, accurate, and balanced manner.

Estimated Frequency of Response: On occasion.

Estimated Number of Respondents: 12.

Estimated Total Annual Burden: 136 hours.

Comments: On May 20, 2025, the OCC published a 60-day notice for this information collection, (90 FR 21543). No comments were received.

Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC’s estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
