SUPPLEMENTARY INFORMATION: The Cybersecurity and Infrastructure Security Agency Act of 2018 (Pub. L. 115-278) created the Cybersecurity and Infrastructure Security Agency (CISA). CISA is responsible for protecting the Nation's critical infrastructure from physical and cyber threats. This mission requires effective coordination and collaboration from government and private sector organizations. As part of the collaboration efforts, CISA receives requests for CISA employees to give presentations and speeches at various events.

This digital collection of information is necessary to ensure an efficient and timely process to schedule outreach and engagement with CISA stakeholders. This information may be disclosed as generally permitted under 5 U.S.C. 522.

The Speaker Request Form will be the first point of contact between CISA and the public to initiate CISA speaking engagements. The form will be available on www.cisa.gov and any member of the public can submit a request for a CISA employee to speak at an event. The form

will be used by CISA to track and manage external speaking engagements. The information will also be used to schedule and determine the most appropriate CISA speaker based on date, time, location, presentation format, and topic. The form collects information regarding the requested speaking engagement, *e.g.*, the host organization, the speaking topic, agenda, and additional event details.

The requested information helps CISA determine whether the speaker should attend the engagement and/or how CISA should best prepare for the event. The information is used to determine if accepting the request will further CISA's mission.

The CISA Speakers Bureau team will use the information to identify a speaker and route the Speakers Request Form to that person for consideration. The form will be available on www.cisa.gov as a fillable pdf and/or webform and will be submitted to the CISA External Affairs Speakers Bureau. The data collected will be stored in an internal SharePoint site.

The CISA Speaker Request Form was previously approved by OMB on July 26, 2022, and is set to expire on July 31, 2025.

This is an extension of an existing information collection.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.
