### Federal Energy Regulatory Commission

[Project No. 15055-001]

### Northern States Power Company; Notice of Intent To Prepare an Environmental Assessment

On August 18, 2023, Northern States Power Company filed an original license application for the Gile Flowage Storage Reservoir Project No. 15055. The project is located on the West Fork of the Montreal River in Iron County, Wisconsin.

In accordance with the Commission's regulations, on October 10, 2024, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an environmental assessment (EA) on the application to license the project.<sup>1</sup>
