

American Innovation and Manufacturing Act - Petition

Worksheet Instructions:

If your company intends to import HFCs for use in a process resulting in transformation, you must submit the petition to the electronic Greenhouse Gas Reporting Tool (e-GGRT) at least 30 days before the shipment submission. Section 4 must also be completed if your company intends to have an import license. If not, Section 4 may be left blank.

EPA may request additional information or ask follow up questions to verify the accuracy of the information submitted under the AIM Act.

American Innovation and Manufacturing Act - Petition to Import

Worksheet Instructions:

If your company intends to import HFCs for use in a process resulting in transformation or destruction, you must report this information to the Reporting Tool (e-GGRT) at least 30 days before the shipment is to arrive at a U.S. port. Section 303 of the AIM Act requires that if you intend to have an intermediary company hold the imported HFCs prior to their destruction or transformation, you must also report this information.

EPA may request additional information or ask follow up questions to verify the accuracy of this information. Please provide the information requested in the follow up questions.
