

American Innovation and Manufacturing Act - Petition

Worksheet Instructions:

If your company intends to import HFCs for use in a process resulting in transformation, you must submit the information to the electronic Greenhouse Gas Reporting Tool (e-GGRT) at least 30 days before the shipment submission. Section 4 must also be completed if your company intends to have an import license. If not, Section 4 may be left blank.

EPA may request additional information or ask follow up questions to verify the accuracy of the information submitted under Section 114 as authorized under the AIM Act.

Section 1 - Company Information

Instructions: Complete the following company information.

Company Name:	
Company ID:	
Importer Number:	
Form Alias:	

Section 2 - Import Information

Instructions: Provide the following information for the shipment you are petitioning for an export license, application for an export license, or official communication acknowledging the shipment.

1	2
Vessel Name §84.25(a)(1)(v)	Expected Year of Import §84.25(a)(1)(v)

Should the export license, application for an export license, or official communication acknowledging the shipment be treated as confidential business information by the government agency in the country of export?

1	2
Company Name §84.25(a)(1)(iii)	Contact Name §84.25(a)(1)(iii)

This collection of information is approved by OMB under the Paperwork Reduction Act (5 CFR 1320.3) as a collection of information required to respond to, a collection of information unless it displays a currently valid information, the accuracy of the provided burden estimates and any suggested method of collection. For more information on this collection of information, contact the Office of Management and Budget, Paperwork Project Director, 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in your comments.

EPA Form # 5900-536

How to Import for Transformation or Destruction

Before import or destruction, complete this reporting form and submit it to EPA through EPA's Reporting and Recordkeeping System. The reporting form must be completed before the shipment is to arrive at a U.S. port. Sections 1-3 and 5 must be completed prior to import. If an intermediary company holds the imported HFCs prior to their destruction or transformation, if you are the importer, you must also complete Section 4. Provide the name and address of the intermediary company in the Remarks section of this submission and supporting documentation, including pursuant to CAA section 608C(5)(A)(ii).

American Innovation and Manufacturing Act - Petition to Import

Worksheet Instructions:

If your company intends to import HFCs for use in a process resulting in transformation or destruction, you must report this information to the Reporting Tool (e-GGRT) at least 30 days before the shipment is to arrive at a U.S. port. Section 3 of the AIM Act requires that if you intend to have an intermediary company hold the imported HFCs prior to their destruction or transformation, you must also report this information to the Reporting Tool.

EPA may request additional information or ask follow up questions to verify the accuracy of this information. If you have any questions, please contact EPA at aim@epa.gov.
