EPA may request additional information or ask follow up questions to verify the accuracy of this information, including pursuant to CAA section 114 as authorized under the AIM Act.

Section 1 - Facility Identification

Instructions: Complete the following facility information.

Company Name:	
Facility Name:	
Facility ID:	

Section 2 - Production Information

Instructions: Provide the following information on the production facility.

Production Process Information	
1	2
HFC	Quantity of Fugitive Losses (%) §84.31(b)(1)(iv)
1	
2	
3	
4	
5	

Describe the method by which the producer in practice measures daily quantities of regulated substances:

Provide conversion factors by which the daily records as currently maintained can be converted to metric units:

including any constants or assumptions used in making those calculations (e.g., tank specific regulated substance). §84.31(b)(1)(ii)

[Redacted area]

Should the conversion factors, including any constants or assumptions used in making those calculations be treated as confidential business information (CBI)?

Describe internal accounting procedures for determining plant-wide production. §84.31(b)(1)(iii)

[Redacted area]

Provide a list of any coproducts, byproducts, or emissions from the production line that are other than listed in 40 CFR part 82, subpart A; or hazardous air pollutants initially identified in Section 112 rulemaking and codified in 40 CFR 63. §84.31(b)(1)(v)

[Redacted area]

Provide a description of any processes that use a regulated substance as a process agent. §84.31(b)(1)(vi)

[Redacted area]

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501. The collection of information are mandatory (40 CFR 84.31). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to average 200 hours per response. Send comments on the Agency's need for this information, the accuracy of the information, the burden of the collection of information, including through the use of automated collection techniques, or any other aspect of this collection of information, to the Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Do not send the completed form to this address.

Time Report

Information on only one facility may be reported per completed if your facility produces HFC-23. Provide

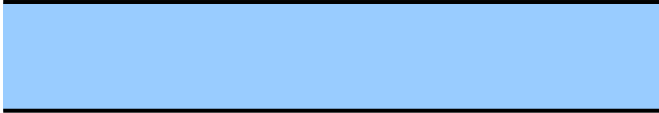

Submission and supporting documentation,

3
Estimated Percent Efficiency of the Production Process §84.31(b)(1)(vi)

Substances produced. §84.31(b)(1)(i)

--

Substances produced into kilograms of regulated substances produced.

er regulated substances; ozone-depleting substances of the Clean Air Act, and as revised through

31(b)(1)(vii)

et seq. (OMB Control No. 2060-0734). Responses to this person is not required to respond to, a collection of reporting burden for this collection of information is estimated of the provided burden estimates and any suggested to the Director, Regulatory Support Division, U.S. Include the OMB control number in any correspondence.
