Note: The estimated annual IC time burden is the product, rounded to the nearest hour, of the estimated annual number of responses and the estimated time per response for a given IC. The estimated annual number of responses is the product, rounded to the nearest whole number, of the estimated annual number of respondents and the estimated annual number of responses per respondent. This methodology ensures the estimated annual burdens in the table are consistent with the values recorded in OMB's consolidated information system.

General Description of Collection: The regulation containing this information collection requirement is 12 CFR part 334, which implements sections 114 and 315 of the Fair and Accurate Credit Transactions Act of 2003 (FACT Act), Public Law 108–159 (2003). FACT Act Section 114: Section 114 requires the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, and the FDIC (the agencies) to jointly propose guidelines for financial institutions and creditors identifying patterns, practices, and specific forms of activity that indicate the possible existence of identity theft. In addition, each financial institution and creditor is required to establish reasonable policies and procedures to address the risk of identity theft that incorporate the guidelines. Credit card and debit card issuers must develop policies and procedures to assess the validity of a request for a change of address under

certain circumstances. The information collections pursuant to section 114 require each financial institution and creditor to create an Identity Theft Prevention Program and report to the board of directors, a committee thereof, or senior management at least annually on compliance with the proposed regulations. In addition, staff must be trained to carry out the program. Each credit and debit card issuer is required to establish policies and procedures to assess the validity of a change of address request. The card issuer must notify the cardholder or use another means to assess the validity of the change of address. FACT Act Section 315: Section 315 requires the agencies to issue regulations providing guidance regarding reasonable policies and procedures that a user of consumer reports must employ when such a user receives a notice of address discrepancy from a consumer reporting agency. Part 334 provides such guidance. Each user

of consumer reports must develop reasonable policies and procedures that it will follow when it receives a notice of address discrepancy from a consumer reporting agency. A user of consumer reports must furnish an address that the user has reasonably confirmed to be accurate to the consumer reporting agency from which it receives a notice of address discrepancy. There is no change in the methodology or substance of this information collection. The 7,847 decrease in total estimated annual burden from 72,784 hours in 2022 to 64,937 hours currently is due to a decrease in the estimated number of respondents and a reduction in the estimated number of responses per respondent.

This methodology ensures the estimated annual burdens in the table are consistent with the values recorded in OMB's consolidated information system.

General Description of Collection:

Each supervised lending institution is required to provide a notice of special flood hazards to a borrower acquiring a loan secured by a building on real property located in an area identified by FEMA as subject to special flood hazards, and various other notices to borrowers, servicers and FEMA. The Riegle Community Development Act requires that each institution also provide a copy of the notice to the servicer of the loan (if different from the originating lender). Section 100239 of the Biggert-Waters Flood Insurance Reform Act of 2012 requires each Federal banking agency (including the FDIC), and the Farm Credit

Administration, to adopt implementing regulations to direct regulated lending institutions to accept "private flood insurance," as defined by the Biggert-Waters Act. A lending institution would be required to implement policies and procedures to comply with the Biggert-Waters Act provision and verify in writing that a private insurance policy satisfies the criteria included in the definition, or document findings that separate required criteria have been met when accepting a private flood insurance policy in satisfaction of the mandatory flood insurance purchase requirement of the Flood Disaster Protection Act. The institution must also maintain records to permit

examination staff to ascertain how the institution has met the requirements of the regulation. There is no change in the methodology or substance of this information collection. The decrease in total estimated annual burden from 117,613 hours in 2022 to 105,688 hours currently is due to a decrease in the estimated number of respondents.

3. *Title:* Certification of Compliance with Mandatory Bars to Employment.

jurisdiction. There is no change in the methodology or substance of this information collection. The decrease in total estimated annual burden from 58 hours in 2022 to 31 hours currently is due to a decrease in the estimated number of respondents.
