## **No Material / Non-Substantive Change Justification**

**OMB Control Number 3235-0729, ICR Ref. No. 202507-3235-010**

The SEC is updating the list of Code of Federal Regulations (CFR) citations in the "Form N-CEN" information collection to add "17 CFR 270.30a-1" for clarity. Rule 30a-1 is cited in the most recent ICR's Supporting Statement (ICR Ref. No. 202409-3235-005), which is why this is not a material change.
