

Standard Form (SF) Family, which are used for all HUD applications and available on [grants.gov](https://www.hud.gov/grants). The burden associated with these government-wide forms are reflected in separate OMB-sponsored government-wide information collections and are not reflected in this collection. Additional OMB control numbers applicable to government wide Standardized Forms (SF) are also noted in this collection. As the burden is accounted for in those separate collections, it is not included in this calculation.

Further, HUD combined into this collection form HUD 2880 Applicant/Recipient Disclosure/Update Report (formerly approved under OMB control number 2501-0032) to consolidate public input and burden into one OMB control number. The form HUD 2880 is also updated to reflect changes to the information respondents report in the Employee ID field under Part III of the form. For each person reported in Part III, HUD expects applicants to provide a unique ID that is not the person's social security number. Lastly, the updated form HUD 2880 includes

updates to the certification language, which now reads as follows:

I/We, the undersigned, certify under penalty of perjury that the information provided above is true, correct, and accurate. Warning: If you knowingly make a false statement on this form, you may be subject to criminal and/or civil penalties under 18 U.S.C. 1001. In addition, any person who knowingly and materially violates any required disclosures of information, including intentional non-disclosure, is subject to civil money penalty not to exceed \$10,000 for each violation.

All HUD-specific forms in this information collection have been modified to include updated Paperwork Reduction Act burden statements, in order to comply with 5 CFR 1320.8(b)(3). The burden statements now reads as follows:

The public reporting burden for this collection of information is estimated to average [X] hours per response, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of the requested information. Comments regarding the

accuracy of this burden estimate and any suggestions for reducing this burden can be sent to the Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th St SW, Room 4176, Washington, DC 20410-5000. Do not send completed forms to this address. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a valid OMB control number. The information you provide will enable HUD to carry out its responsibilities under this Act and ensure greater accountability and integrity in the provision of certain types of assistance administered by HUD. This information is required to obtain the benefit sought in the HUD program. Failure to provide any required information may delay the processing of your application and may result in sanctions and penalties including of the administrative and civil money penalties specified under 24 CFR 4.38. This information will not be held confidential and may be made available to the public in accordance with the Freedom of Information Act (5 U.S.C. 552).

SUPPLEMENTARY INFORMATION:

Title of Collection: Soliciting and Assessing Feedback From IAF Grantees.

OMB Control Number: will be assigned upon OMB approval.

Type of Review: New Collection (Request for a new OMB control number).

Affected Public: IAF grantees.

Estimated Number of IAF Grantee Survey Respondents: 400.

Estimated Number of IAF Grantee Survey Responses: 340.

Average Time per IAF Grantee Survey: 37 minutes.

Total Estimated IAF Grantee Survey Burden Time: 246.67 hours.

Abstract: The IAF works to promote sustainable development in Latin America and the Caribbean by offering small investments directly to civil society organizations through funding actions, such as grants and cooperative agreements. By gathering perceptions from grantees on how the IAF works as a funder, the IAF is able to assess its performance and identify opportunities for improvements. The IAF seeks to work with a contractor to independently carry out this survey with IAF grantees. The contractor will use an online survey with a set of standardized questions focused primarily on grant processes, such as the approach to grant selection, the time lapse between selection and commitment, and reporting and evaluation. The contractor will also apply these standardized questions to other funders, thus providing the IAF with findings relative to that of other comparable organizations.

Request for Comments: The IAF issued a 60-day **Federal Register** notice on August 30, 2022 (87 FR 52990). Comments were solicited and continue to be invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including

through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.
