

Invitation email

Subject: Your assistance is needed to evaluate Census Bureau procedures for health care facilities

Dear NAME,

We are writing to you because you were our point of contact for your organization for the 2020 Census. As we prepare for the next census, we are seeking assistance from administrators like yourself to help us evaluate the questions and definitions we use to classify various kinds of health care facilities.

We would like you to participate in a virtual meeting to assist us with our evaluation. During the meeting, we will review our questions and definitions, and also discuss the characteristics of your facility and the terminology you use for the services you provide. Your assistance will help us ensure that our health care facility questions and definitions are accurate and use clear, appropriate language. The meeting will last one hour or less, at a time that is convenient for you.

May we schedule you for a Teams meeting in the next few weeks?

Thanks in advance for considering our request. If you have any questions, please feel free to contact Dave Tuttle, the lead researcher for this study. You can reach Dave at 301-763-7809 or alfred.d.tuttle@census.gov.

Sincerely,

Kevin Younes

Reminder email

Subject: Reminder – You assistance is needed to improve Census Bureau procedures

Dear NAME,

We are reaching out to administrators of health care facilities to get your reactions to some changes we are making to our procedures for enumerating people staying in health care facilities in the next census. Our goal is to make sure the questions we ask and the definitions we use for health care facilities are clear and accurate. Feedback from health care professionals like you is critical for us to improve our procedures.

Please consider participating in a virtual meeting with us to share your thoughts and opinions about our plans. The meeting will take an hour or less and we will schedule it for a time that is convenient for you.

Thank you for your consideration. Please feel free to contact us if you have any questions. Dave Tuttle, the lead researcher for the project, will be glad to answer any questions you have. You can reach Dave at 301-763-7809 or alfred.d.tuttle@census.gov.

Sincerely,

Kevin Younes
