 - Enter event cost or price
 - Select payment type

Setting

- Ordering meal delivery online.

Scenario:

Imagine that it is now 9 o'clock in the evening. Earlier this evening you made an online order of some food from McDonald's for your family's supper. You placed the order at home, and had the food delivered to your home. Also **imagining** that, you paid with your credit card and received an electronic receipt in your email. Please enter the information regarding this meal into the Food Log.

- Food from McDonald's:
 - A Big Mac
 - A milk jug
 - A chicken sandwich combo meal (medium sandwich, fries, soda)
 - 10-piece Chicken nuggets with 3 barbeque sauce packs
 - A Happy Meal (hamburger, apple slices, a milk jug)
 - Three Baked Apple Pies
