

Subject: U.S. Census Bureau Question

Check our email address - it's official if it's from census.gov

Good morning,

I hope this message finds you well. I am a survey researcher with the U.S. Census Bureau. We want to learn if companies are shipping from their retail locations directly to customers.

We would like you to complete a short questionnaire. Your information will help the Census Bureau account for recent trends in e-commerce and provide an accurate and useful picture of the nation's shipping activity. Any information you provide will be confidential and used only for research purposes. The survey should take less than 2 minutes.
