

Appendix A

2026 NSSRN Questionnaire Changes

The following is a summary of the changes to the 2026 NSSRN questionnaire:

- Changes due to the Coronavirus Pandemic
 - The 2022 Section J – Nursing During the Coronavirus Pandemic was removed for the 2026 data collection effort.
 - Coronavirus-related response options were removed for 2026.
- Changes based on cognitive testing recommendations
 - Some question items were re-ordered to make the questionnaire flow more naturally for respondents.
 - A section of questions regarding nursing burnout was added (Item C47 on the 2026 form).
 - Explanatory text was added to the paper form and help text added to the internet data collection instrument.
- Redundant or unneeded open-ended response options were removed when they proved to be laborious and unneeded after the 2022 data collection period
- Below is a detailed list of all questionnaire changes from 2022 to 2026.

OMB Changes from April 19th to Current					
Questionnaire Impacted	Type of Change (New Question, Response option, etc.)	Description of Change	Current Question Number	2026 Current Question Wording	2022 Prior Survey Wording
NSSRN	Year	The year changed throughout the survey	Survey-wide	2026	2022
NSSRN	Change in REFDATE	The reference date for respondents changed throughout the survey	Survey-wide	31-Dec-25	31-Dec-21
NSSRN	Question wording	Change from Nurse Anesthetist to Certified Registered Nurse Anesthetist	A7	On December 31, 2025, did you have any active nursing certifications as a Nurse Practitioner, Clinical Nurse Specialist, Nurse-Midwife, or Certified Registered Nurse Anesthetist?	On December 31, 2021, did you have any active nursing certifications as a Nurse Practitioner, Clinical Nurse Specialist, Nurse-Midwife, or Nurse Anesthetist?
NSSRN	Question wording	Updated question wording	A8b	Were any of these certifications from a National NP Board?	Were any of your NP certifications from a NATIONAL CERTIFYING ORGANIZATION?
NSSRN	Question wording and response options	Change to the phrasing of the question	A8c	Which of the following National NP Board Certifications did you hold? Mark (X) ALL that apply. Family NP Adult-Gerontology Primary Care NP Adult-Gerontology Acute Care NP Pediatric Primary Care NP Pediatric Acute Care NP Adult NP Gerontology NP Pediatric Primary Care NP Pediatric Acute Care NP Psychiatric-Mental Health NP Neonatal NP Women's Health NP Other	Which of the following NP certifications did you have from a NATIONAL CERTIFYING ORGANIZATION? Mark (X) ALL that apply. Family NP Adult-Gerontology Primary Care NP Adult-Gerontology Acute Care NP Pediatric Primary Care NP Pediatric Acute Care NP Psychiatric-Mental Health NP Neonatal NP Emergency NP Advanced Diabetes Management NP Palliative Care NP Women's Health Care NP School NP Other, Specify:

NSSRN	Remove question	Removal of question	N/A (formerly C15)	N/A	For the primary nursing position you held on December 31, 2021, how many MONTHS did you work in 2021? Include paid vacation, paid sick leave, and military service, and include months where you only worked for a few hours. Months worked in 2021

NSSRN	Question wording	Updated question wording	C16	For the primary nursing position you held on December 31, 2025, how many hours were you SCHEDULED to work in a typical week in 2025? Exclude additional, unscheduled hours worked. You will be asked about actual hours worked in question C17. Hours	For the primary nursing position you held on December 31, 2021, how many hours were you SCHEDULED to work in a typical week in 2021? Hours scheduled per week
NSSRN	Question wording and response options	Updating the question wording, instructional text and additional sub-questions	C17	Next, we will ask for information about how much you WORKED in a typical week in 2025 for the primary nursing position you held on December 31, 2025. Standby hours are a period of time when a nurse is not actively working but must remain available to come in and work immediately, if needed. a. How many hours did you work in a typical week in 2025? Include unpaid hours and hours paid at the base, overtime, and differential rates. Include on-call hours EXCEPT on-call hours that were standby only. Hours (enter 0 if none) Of the hours you reported above, how many of these hours were - b. Worked at the base pay rate? c. Worked at the overtime pay rate? d. Worked at a differential pay rate? e. Unpaid? f. During a typical week in 2025, how many of your work hours were on-call hours? Do not include standby hours.	Next, we will ask for information about how much you WORKED in a typical week in 2021 for the primary nursing position you held on December 31, 2021. a. How many hours did you work in a typical week in 2021? Include unpaid hours and hours paid at the base, overtime, and differential rates. Include on-call hours except on-call hours that were standby only. Of the hours you reported above, how many of these hours were - b. Worked at the overtime pay rate? c. Unpaid?
NSSRN	Question wording and response options	Updating the question wording, instructional text and additional sub-questions	C18	For the primary nursing position you held on December 31, 2025, please estimate the percentage of your time/effort spent in the following activities during a typical workweek. Do not use decimals. Percentages should add to 100%. a. Clinical Activities (including patient care, charting, care coordination) % b. Management and Administration Activities (including supervising and scheduling) % c. Educational Activities (including teaching, precepting, and continuing education) % d. Research Activities % e. All Other Activities % Total	For the primary nursing position you held on December 31, 2021, please estimate the percentage of your time spent in the following activities during a typical workweek. Do not use decimals. a. Patient care and charting b. Care coordination (including consultation with agencies and/or professionals) c. Management, supervision, and administrative tasks d. Research e. Teaching, precepting, or orienting students or new hires (include preparation time) f. Non-nursing tasks (e.g., housekeeping, locating supplies) g. Other

NSSRN	Response option	Removal of writein field	C22	Other	Other, specify:
				Did you provide primary care services in the nursing position you held on December 31, 2025? Answer only about 2025. Primary care is care provided at a basic rather than specialized level for people making an initial approach to a doctor or nurse for treatment or diagnosis. Primary care may also include follow-up visits. Yes, primary care was my main job function Yes, but primary care was not my main job function	
NSSRN	New question	Addition of a new question	C25	No	N/A
				what were your primary and secondary clinical specialties? Primary Specialty Mark (X) ONE box only. General medical surgical Cardiac or cardiovascular care Chronic care Community or public health Critical care or intensive care Emergency or trauma care Gastrointestinal Geriatrics or gerontology Home health Hospice or palliative care Infectious or communicable disease Informatics Labor and delivery Neonatal care Neurological Obstetrics and gynecology Occupational health Oncology Orthopedics Primary care Psychiatric or mental health Pulmonary or respiratory Rehabilitation Renal or dialysis Pediatrics School health service (K-12 or post-secondary) Substance use disorder Specialty care (e.g., dermatology, endocrinology, ophthalmology, otolaryngology) Surgery, pre-op, post-op, PACU, or anesthesia Other specialty, Specify: Secondary Specialty Mark (X) ONE box only. No Secondary Specialty General medical surgical Cardiac or cardiovascular care Chronic care Community or public health Critical care or intensive care Emergency or trauma care Gastrointestinal Geriatrics or gerontology	Thinking of the primary nursing position you held on December 31, 2021, to what extent did you... Answer only about 2021. Mark (X) ONE box only for each row. A great extent Somewhat Very little Not at all a. Participate in evidence-based care (evidence-based care is care that utilizes best practices and clinical decisions supported by scientific research and clinical expertise) b. Participate in patient-centered care (care that is responsive to patient preferences, needs and values, and ensures that patient values guide clinical decisions) c. Participate in team-based care (comprehensive health services by at least two health professionals working collaboratively to provide safe, quality care) d. Participate in value-based care (care that improves health outcomes relative to the cost of care) e. Participate in population-based health care (care that focuses on the health status and needs of a target population possessing similar health concerns or characteristics) f. Care for medically complex/special needs patients g. Care for patients with mental health conditions h. Care for patients with substance use disorders i. Work on quality improvement measures or procedures
NSSRN	Question wording and response options	Changing of the question wording and unfolding into primary and secondary specialties. Response option updates.	C28		
NSSRN	New question	Addition of a new question	C33	Have you ever precepted any RN or APRN STUDENTS? Yes No	N/A
				Did you precept any RN or APRN STUDENTS in 2025? Mark (X) ALL that apply. Yes, I precepted RN students Yes, I precepted NP students Yes, I precepted other APRN students No. SKIP to Question C39	N/A
NSSRN	New question	Addition of a new question	C34		

NSSRN	New question	Addition of a new question	C35	In 2025, how many STUDENTS did you precept? Enter zero if none. Your best estimate is fine. RN students NP students Other APRN students	N/A
NSSRN	New question	Addition of a new question	C36	In 2025, how many hours did you spend precepting STUDENTS to meet their clinical requirements? Your best estimate is fine. Extremely satisfied Moderately satisfied Moderately dissatisfied Extremely dissatisfied	N/A
NSSRN	New question	Addition of a new question	C37	Did you hold the same primary nursing position from January 1, 2020 through December 31, 2021? Yes No	N/A
NSSRN	Remove question	Removal of question	N/A (formerly C39)	N/A	Thinking about the primary nursing position you held on December 31, 2021, which of the following best describes your feelings of burnout during the coronavirus pandemic? Mark (X) ONE box only. They increased during the coronavirus pandemic They decreased during the coronavirus pandemic They did not change during the coronavirus pandemic
NSSRN	New question	Addition of a new question	C42	How satisfied were you with the following aspects of the primary nursing position you held on December 31, 2025? Mark (X) ONE box only for each row. a. Workplace safety? b. Your immediate supervisor? c. Your senior management? d. Opportunities for advancement? e. Job security? Extremely Satisfied Moderately Satisfied Moderately Dissatisfied Extremely Dissatisfied	N/A
NSSRN	New question	Addition of a new question	C46	Thinking about the primary nursing position you held on December 31, 2025, did you ever feel burned-out DURING 2025? Yes No	N/A

NSSRN	New question	Addition of a new question	C47	To what extent do you agree or disagree with the following statements about the primary nursing position you held on December 31, 2025? Mark (X) ONE box only for each row. a. I enjoy my work, but occasionally feel overwhelmed b. I feel stressed quite often, but can manage it c. I am exhausted and frequently feel burnout and frustration at work d. I feel completely burnt out and often feel like I can't go on Strongly Agree Agree Disagree Strongly Disagree	N/A
NSSRN	New question	Addition of a new question	C48	How often did you feel burned-out in your primary nursing position in 2025? A few times a year or less A few times a month A few times a week Every day	N/A
NSSRN	New question	Addition of a new question	C49	Which of the following reasons contributed to your feelings of burnout in your primary nursing position during 2025? Mark (X) ALL that apply. Inadequate staffing Lack of resources needed to do my job Poor management and/or communication Lack of autonomy or empowerment to make decisions Number of patients Long hours Lack of lunch time, break time, etc. Too many administrative tasks Inadequate training Shifting responsibilities or changing roles Personal or family commitments outside of work Other, Specify	N/A

What type of work setting best describes where you worked for the other position(s) held on December 31, 2021. Answer only about the year 2021. If you have more than one additional position, answer about the position where you spend the most time.
NSSRN	Question wording	Removal of the instructional text	G7 (formerly G12)	In any of the NP position(s) you held on December 31, 2025, did you provide patient care?	In any of the NP position(s) you held on December 31, 2021, did you provide patient care? Answer only about the year 2021.
NSSRN	Response option	Removal of one of the response options	I8	N/A	Underlying health condition(s) that may increase risk of severe illness due to Coronavirus (self or family)

NSSRN	Question wording and response options	Changed the question and response options to different related topic	J1 (formerly K1)	The National Practitioner Data Bank (NPDB) collects reports on adverse actions taken against a physician that affect that physician's clinical privileges. Many nurse practitioners and other health care professionals perform job functions similar to physicians or that impact patients. Should it be mandatory that the NPDB collect reports on adverse actions against the following providers that could affect their clinical privileges? Mark (X) Yes or No for EACH provider type. a. Nurse Practitioners b. Clinical Nurse Specialists c. Certified Registered Nurse Anesthetists d. Nurse Midwives e. Other APRNs f. Physician Assistants g. Mental Health Professionals h. Other Health Care Practitioners	The National Practitioner Data Bank (NPDB), is a nationwide repository of negative actions taken against health care professionals. Its primary function is to aid employers in making well-informed hiring decisions. Currently, certain entities are required to query the NPDB on physicians and dentists, prior to making decisions on hiring and clinical privileges. Do you think the query requirement should be expanded to other health care professions? Yes, it should be expanded to all health care professions Yes, it should be expanded to some but not all health care professions No, it should not be expanded I am unfamiliar with the National Practitioner Data Bank → SKIP to Section L on page 31
