ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Florida, Florida Museum of Natural History (FLMNH) intends to repatriate certain cultural items that meet the definition of unassociated funerary objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after February 26, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to David Blackburn, University of Florida, Florida Museum of Natural History, 1659 Museum Road, Gainesville, FL 32611, email NagpraOffice@floridamuseum.ufl.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the FLMNH, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 28 unassociated funerary items have been requested for repatriation from an unnamed site in St. Lucie County, FL. The objects include one check stamped pottery sherd, one bark-like pattern pottery sherd, and 26 sand-tempered pottery sherds. The

collection was presented to the Florida Museum by J.D. Almond of Fort Pierce, Florida on March 30, 1915. All objects were from a burial mound with Native American graves in the grove of Mr. Almond, F.M. O'Byrne, and R.E. Skinner. The grove is located at Ten Mile Creek. The graves were under large oak and palmetto trees. Consultation determined the objects are culturally affiliated to the Miccosukee Tribe of Indians of Florida, the Seminole Nation of Oklahoma, and the Seminole Tribe of Florida.

Determinations

The FLMNH has determined that:

- The 28 unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Seminole Tribe of Florida.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after February 26, 2026. If competing requests for repatriation are received, the FLMNH must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The FLMNH is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in

this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: January 15, 2026.
