#### SUPPLEMENTARY INFORMATION:

##### I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, the Department of Homeland Security (DHS) United States Coast Guard (USCG) proposes to update and reissue a current DHS system of records titled, ``DHS/United States Coast Guard-006 Great Lakes Registered Pilot and Applicant Pilot Eligibility System of Records. The collection and maintenance of this information will assist DHS/USCG in meeting its statutory obligation to establish, regulate, and oversee the operations of a pilotage system on the Great Lakes. The DHS/USCG-006 Great Lakes Registered Pilot and Applicant Pilot Eligibility System of Records is the USCG's record system used to maintain records of individuals who are registered as Great Lakes pilots to perform pilotage duties aboard foreign trade vessels on the Great Lakes, and to maintain applications of mariners seeking registration as a Great Lakes registered pilot. As a result of a biennial review of the system, USCG has updated, (1) the system location to declare the new command name (Office of Waterways and Ocean Policy, Great Lakes Pilotage Division) and the new office symbol (CG-WWM-2); (2) the categories of records in the system to remove the annual report of physical examination and drug testing records no longer maintained by this system; and (3) the system manager and address category to include the new command name, office symbol, and mail stop.

Consistent with DHS's information-sharing mission, information stored in the DHS/USCG-006 Great Lakes Registered Pilot and Applicant Pilot Eligibility Records may be shared with other DHS components that have a need to know the information to carry out their national security, law enforcement, immigration, intelligence, or other homeland security functions. In addition, information may be shared with appropriate federal, state, local, tribal, territorial, foreign, or international government agencies consistent with the routine uses set forth in this system of records notice.

This updated system will be included in DHS's inventory of record systems.

##### II. Privacy Act

The Privacy Act embodies fair information practice principles in a statutory framework governing the means by which Federal Government agencies collect, maintain, use, and disseminate individuals' records. The Privacy Act applies to information that is maintained in a ``system

of records.'' A ``system of records'' is a group of any records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined to encompass U.S. citizens and lawful permanent residents. As a matter of policy, DHS extends administrative Privacy Act protections to all individuals when systems of records maintain information on U.S. citizens, lawful permanent residents, and visitors.

Below is the description of the DHS/USCG-006 Great Lakes Registered Pilot and Applicant Pilot Eligibility Records.
