Unexpected changes in Treasury's borrowing requirements, changes in the demand for Treasury securities, and other factors can create risks for Treasury. To mitigate these risks, Treasury closely monitors economic conditions, market activity, and, if necessary, responds with appropriate changes in debt issuance based on analysis and consultation with market participants, including the primary dealers through the quarterly survey and subsequent meetings.

#### SUPPLEMENTARY INFORMATION:

*Title:* Department of Veterans Affairs Acquisition Regulation (VAAR) Clauses 852.237-70, Indemnification and Medical Liability Insurance; 852.228-71, Indemnification and Insurance.

*OMB Control Number:* 2900-0590.  
<https://www.reginfo.gov/public/do/PRAsearch>.

*Type of Review:* Reinstatement without change of a previously approved collection.

*Abstract:* VAAR clause 852.237-70, Indemnification and Medical Liability Insurance, is used in lieu of Federal Acquisition Regulation (FAR) clause 52.237-7, Indemnification and Medical Liability Insurance, in solicitations and contracts for the acquisition of nonpersonal health care services. It requires the apparent successful bidder/

offeror, upon the request of the contracting officer, prior to contract award, to furnish evidence of insurability of the offeror and/or all health-care providers who will perform under the contract. In addition, the clause requires the contractor, prior to commencement of services under the contract, to provide Certificates of Insurance or insurance policies evidencing that the firm possesses the types and amounts of insurance required by the solicitation. The information is required in order to protect VA by ensuring that the firm to which award may be made and the individuals who may provide health care services under the contract are insurable and that, following award, the contractor and its employees will continue to possess the types and amounts of insurance required by the solicitation. It helps ensure that VA will not be held liable for any negligent acts of the contractor or its employees and ensures that VA and VA beneficiaries are protected by adequate insurance coverage.

VAAR clause 852.228-71, Indemnification and Insurance, is used in solicitations for vehicle or aircraft services. It requires the apparent successful bidder/offeror, prior to contract award, to furnish evidence that the firm possesses the types and amounts of insurance required by the solicitation. This evidence is in the form of a certificate from the firm's insurance company. The information is required to protect VA by ensuring that the firm to which award will be made possesses the types and amounts of insurance required by the solicitation. It helps ensure that VA will not be held liable for any negligent acts of the contractor and ensures that VA beneficiaries and the public are protected by adequate insurance coverage.

VA uses the information to determine whether additional contract terms and conditions are necessary. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
