DEPARTMENT OF VETERANS AFFAIRS

[OMB Control No. 202508–2900–0004]

Agency Information Collection Activity: Document Evidence Submission

AGENCY: Veterans Benefits Administration, Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: Veterans Benefits Administration (VBA), Department of Veterans Affairs (VA), is announcing an opportunity for public comment on the

proposed collection of certain information by the agency. Under the Paperwork Reduction Act (PRA) of 1995, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed new collection, and allow 60 days for public comment in response to the notice.

DATES: Comments must be received on or before November 10, 2025.

ADDRESSES: Comments must be submitted through www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Program-Specific information: Kendra McCleave, 202–461–9568, kendra.mccleave@va.gov.

VA PRA information: Dorothy Glasgow, 202–461–1084, VAPRA@va.gov.

SUPPLEMENTARY INFORMATION: Under the PRA of 1995, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. This request for comment is being made pursuant to Section 3506(c)(2)(A) of the PRA.

With respect to the following collection of information, VBA invites comments on: (1) whether the proposed collection of information is necessary for the proper performance of VBA's functions, including whether the information will have practical utility; (2) the accuracy of VBA's estimate of the burden of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or the use of other forms of information technology.

Title: Document Evidence Submission (VA Form 20–10208).

Type of Review: New collection.

Abstract: VA Form 20–10208 (previously under OMB control number 2900–0877) is used by claimants submitting additional evidence or information in support of a claim or used to update information on a claimant's VA account. This proposal requests to assign a new control number and an additional use by a claimant when submitting evidence as part of a

pre-discharge claim. Without this information, VA would not be able to efficiently and successfully process and associate evidence or information of record to a claimant's file which could negatively affect adjudication and decisions made by VA. The increase in burden is due to the associated burden from the previous control number with the additional respondents from this proposed modification.

Affected Public: Individuals or Households.

Estimated Annual Burden: 6,832 hours.

Estimated Average Burden per Respondent: 5 minutes.

Frequency of Response: One time.

Estimated Number of Respondents: 81,981 per year.

Title: Clearance for A–11 Section 280 Improving Customer Experience Information Collection.

OMB Control Number: 2900–0876.

Type of Review: Revision.

Abstract: Whether seeking a loan, Social Security benefits, Veterans benefits, or other services provided by the Federal Government, individuals and businesses expect Government customer services to be efficient and intuitive, just like services from leading private-sector organizations. Yet the 2016 American Consumer Satisfaction Index and the 2017 Forrester Federal Customer Experience Index show that, on average, Government services lag

nine percentage points behind the private sector.

A modern, streamlined and responsive customer experience means raising government-wide customer experience to the average of the private sector service industry; developing indicators for high-impact Federal programs to monitor progress towards excellent customer experience and mature digital services; and providing the structure (including increasing transparency) and resources to ensure customer experience is a focal point for agency leadership. To support this, OMB Circular A–11 Section 280 established government-wide standards for mature customer experience organizations in government and measurement. To enable Federal programs to deliver the experience taxpayers deserve, they must undertake three general categories of activities: conduct ongoing customer research, gather and share customer feedback, and test services and digital products.

These data collection efforts may be either qualitative or quantitative in nature or may consist of mixed methods. Additionally, data may be collected via a variety of means, including but not limited to electronic or social media, direct or indirect observation (*i.e.*, in person, video and audio collections), interviews, questionnaires, surveys, and focus groups. Veterans Experience Office will limit its inquiries to data collections that solicit strictly voluntary opinions or responses. Steps will be taken to ensure anonymity of respondents in each activity covered by this request.

The results of the data collected will be used to improve the delivery of Federal services and programs. It will include the creation of personas, customer journey maps, reports and summaries of customer feedback data and user insights.

The Veterans Experience Office will collect this information by electronic means, when possible, as well as by mail, fax, telephone, technical discussions, and in-person interviews. Veterans Experience Office may also utilize observational techniques to collect this information.

Collections will be targeted at the solicitation of opinions from respondents who have experience with the program or may have experience with the program soon. For the purposes of this request, “customers” are individuals, businesses, and organizations that interact with a Federal Government agency or program, either directly or via a federal contractor. This could include individuals or households; businesses or other for-profit organizations; not-for-profit institutions; State, local or tribal governments; Federal government; and Universities.

Affected Public: Individuals and households.

Estimated Annual Burden: 504,982 hours.

Estimated Average Burden per Respondent: Varied, dependent upon the data collection method used. The possible response time to complete a questionnaire or survey may be 2 minutes or up to 2 hours to participate in an interview.

Frequency of Response: Varied, dependent upon the data collection method used.

Estimated Number of Respondents: 5,942,778.

Authority: 44 U.S.C. 3501 *et seq.*
