10. FOR VALUE RECEIVED, the undersigned Borrower ("Borrower") and any cosigners jointly and severally promise to pay to the order of the United States of America, acting through the Farm Service Agency, United States Department of Agriculture ("Government"), or its assigns, at its office in (a) \_\_\_\_\_ or at such other place as the Government may later designate in writing, the principal sum of (b) \_\_\_\_\_ dollars (c) (\$ \_\_\_\_\_), plus, interest on the unpaid principal balance at the **RATE** of (d) \_\_\_\_\_ percent (e) \_\_\_\_\_ (%) per annum. If this note is for a Limited Resource loan (indicated in Item 8) the Government may **CHANGE THE RATE OF INTEREST** in accordance with its regulations, by giving the Borrower thirty (30) days prior written notice by mail to the Borrower's last known address. The new interest rate shall not exceed the highest rate established in the Government's regulations for the type of loan indicated in Item 8. The interest rate may be modified to non-program (NP) rates under Item 22.

11. Principal and interest shall be paid in (a) \_\_\_\_\_ installments as indicated below, except as modified by a different rate of interest on or before the following dates:

(b) Installment amount	(c) Due Date	(b) Installment amount	(c) Due Date
\$		\$

in the amount (d) \$ \_\_\_\_\_ thereafter on the (e) \_\_\_\_\_ of each (f) \_\_\_\_\_ until the principal and interest are fully paid except that the final installment of the entire indebtedness evidenced hereby, if not sooner paid, shall be due and payable (g) \_\_\_\_\_ years from the date of this note, and except that prepayments may be made as provided below. The consideration for this note shall also support any agreement modifying the foregoing schedule of payments. Loan terms may be modified to NP terms under Item 22.

12. If the total amount of the loan is not advanced at the time of loan closing, the loan funds shall be advanced to the Borrower as requested by the Borrower and approved by the Government. Approval by the Government will be given, provided the advance is requested for a purpose authorized by the Government. Interest shall accrue on the amount of each advance from the actual date disbursed.

13. Any amount advanced or expended by the Government for the collection of this note or to preserve or protect any security for the loan or otherwise expended under the terms of any security agreement or other instrument executed in connection with the loan evidenced by this note shall, at the option of the Government, become a part of and bear interest at the same rate as the principal of the debt evidenced by this note and be immediately due and payable by the Borrower to the Government without demand.

14. Every payment made on any indebtedness evidenced by this note shall be applied according to priorities set in 7 CFR Part 765, or any successor regulation.

15. Prepayment of scheduled installments, or any portion of these installments, may be made at any time at the option of the Borrower. Refunds and extra payments shall, after payment of interest, be applied to the last installments to become due under this note and shall not affect the obligation of the Borrower to pay the remaining installments as scheduled in this note.

16. Property constructed, improved, purchased, or refinanced in whole or in part with the loan evidenced by this note shall not be leased, assigned, sold, transferred, or encumbered, voluntarily or otherwise, without the written consent of the Government. Unless the Government consents otherwise in writing, the Borrower will operate such property as a farm.

17. If "Debt Write-Down," "Consolidation," "Rescheduling," or "Re-amortization" is indicated in Item 9, this note is given to consolidate, reschedule or re-amortize, but not in satisfaction of, the unpaid principal and interest on the following described notes or assumption agreements under new terms:

(a) FUND CODE/ LOAN NO.	(b) FACE AMOUNT	(c) INTEREST RATE	(d) DATE (MM-DD- YYYY)	(e) ORIGINAL BORROWER	(f) LAST INSTALL. DUE (MM-DD-YYYY)

18. Security instruments taken in connection with the loans evidenced by these described notes and other related obligations are not affected by this consolidation, write-down, rescheduling, or re-amortization. These security instruments shall continue to remain in effect and the security given for the loans evidenced by the described notes shall continue to remain as security for the loan evidenced by this note, and for any other related obligations.

19. If at any time it shall appear to the Government that the Borrower may be able to obtain financing from a responsible cooperative or private credit source at reasonable rates and terms for loans for similar purposes and period of time, the Borrower will, at the Government's request, apply for and accept a loan in sufficient amount to pay this note in full and, if the lender is a cooperative, to pay for any necessary stock. The provisions of this paragraph do not apply if the loan represented by this promissory note was converted to a NP loan or made to the Borrower as a Conservation Loan.

20. The Borrower recognizes that the loan described in this note will be in default should any loan proceeds be used for a purpose that will contribute to excessive erosion of highly erodible land or to the conversion of wetlands to produce an agricultural commodity as provided in 7 CFR Part 12 and to any successor regulation.

21. Failure to pay when due any debt evidenced by this note or perform any covenant of agreement under this note shall constitute DEFAULT under this and any other instrument evidencing a debt of the Borrower owing to the Government or securing or otherwise relating to such debt; and default under any such other instrument shall constitute default under this note. Upon such default, the Government at its option may declare all or any part of any such indebtedness immediately due and payable or, if the default is solely based on a failure to comply with the requirements of Item 19, convert all loans to NP rates and terms under Item 22.
22. For Borrowers who fail to comply with the requirements of Item 19, the Government, at its option, may convert the loan rates and terms described in this note to NP rates and terms. The interest rate will be the NP rate in effect at the time of default. The NP terms will be the lesser of: (i) the term remaining for this note, (ii) the useful life of the security, or (iii) twenty-five (25) years for farm ownership loans and emergency loans made for similar purposes or five (5) years for operating loans and emergency loans made for similar purposes. The conversion to NP rates and terms will occur only after all appeal options in 7 CFR Part 11 have been exhausted. Item 19 does not apply to loans once converted to NP. Borrowers with loans converted to NP rates and terms for failure to comply with the requirements of item 19 have defaulted on their loan agreements as indicated in Item 21, which may impact future loan making and servicing applications, including Primary Loan Servicing and Homestead Protection.
23. This note is given as evidence of a loan to the Borrower made by the Government pursuant to the Consolidated Farm and Rural Development Act and for the type of loan as indicated in Item 8. This note shall be subject to the present regulations of the Government and to its future regulations not inconsistent with the express provisions of this note.
24. Presentment, protest, and notice are waived.
