Title: Block Boundary Suggestion Project (BBSP)
Participant Guide for Geographic Update
Partnership Software (GUPS) Standalone GUPS Standalone Guide – Instructions for Participating in GUPS Standalone

Introduction

Section 1: BBSP Overview

Section 2: Suggested Workflow

2.1 Linear Feature Review

2.2 Area Landmark Review

2.3 Legal Boundary Updates

2.4 Linear Feature Extension Review

2.5 Prototype Block Review

2.5.1 Block Size Review

2.5.2 Block Shape Review

2.6 Block Boundary Suggestion Flagging

2.7 Block Area Group Delineation

2.8 Block Boundary Review

2.9 Review Change Polygons and Geography Review

2.10 Submitting Updates to the Census Bureau

Section 3: Getting Started

3.1 System and Hardware Requirements for Installing GUPS

3.1.1 Installing GUPS

3.2 Census Bureau Spatial Data

3.2.1 Accessing the Census Bureau Spatial Data Through the Census Web Option

3.2.2 Accessing the Census Bureau Spatial Data Through the My Computer Option

Section 4: GUPS Basics: Map Management, View, and Tool

4.1 Starting GUPS (Map Management)

4.1.1 Creating a New BBSP Project

4.1.2 Opening an Existing BBSP Project

4.1.3 Opening a Shared BBSP Project

4.2 Page Layout

4.2.1 Map View

4.2.2 Menu, Standard Toolbar, and BBSP Toolbar

4.2.3 Manage Layers Toolbar

4.2.4 Table of Contents

4.3 Status Bar

Section 5: BBSP Update Activities in GUPS Standalone

5.1 Linear Feature Review

5.1.1 Adding a Linear Feature

5.1.2 Deleting a Linear Feature

5.1.3 Restoring a Linear Feature

5.1.4 Editing a Linear Feature's Attribution

5.1.5 Splitting an Existing Linear Feature

5.2 Area Landmark Review

5.2.1 Modify Area Feature Tool

5.2.2 Boundary Correction by Adding Area to Area Landmark

5.2.3 Boundary Correction by Removing Area from Area Landmark

5.2.4 Creating a New Area Landmark

5.2.5 Removing an Area Landmark

5.2.6 Modifying an Area Landmark

5.3 Legal Boundary Updates

5.3.1 Adding or Removing Area for both Legal Changes and Boundary Corrections

5.3.2 Submitting Legal Changes

5.3.3 Submitting Boundary Corrections

5.3.4 Adding a New Legal Entity

5.3.5 Deleting a Legal Entity

5.4 Linear Feature Extension Review

5.4.1 Reviewing and Assigning Flags to 2020 Feature Extensions

5.5 Prototype Block Review

5.5.1 Block Size Review

5.5.2 Block Shape Review

5.6 Block Boundary Suggestion Flagging

5.6.1 Block Boundary Criteria

5.6.2 Assigning a 2030 Block Boundary Suggestion Flag

5.6.3 Assigning a 2030 Block Boundary Suggestion Flag to Multiple Features

5.6.4 Creating a 2030 Linear Feature Extension

5.7 Block Area Grouping Delineation

5.7.1 Creating a Block Area Grouping

5.8 Block Boundary Review

5.8.1 Reviewing Your Block Boundary Suggestions

5.9 Performing Validation

5.9.1 Reviewing Change Polygons

5.9.2 Reviewing Legal Boundary Changes including Legal Documentation Changes

5.9.3 Conducting a Geography Review
5.10 Submitting Updates to the Census Bureau
5.10.1 Creating a Share with Another Participants File
5.10.2 Creating Your Submission to the Census Bureau
Section 6 File Submission through SWIM
Appendix A Area and Linear Feature Updates Permitted
Appendix B Street Type Abbreviations
Appendix C MTFCC Descriptions
Appendix D Shapefile Data Dictionary
Appendix E Acronyms
Appendix F BBSP Participation Support

Table of Contents submitted to OMB for 2025 NSC

Title: Block Boundary Suggestion Project (BBSP): Participant Guide for Geographic Update Partnership Software (GUPS) Standalone Instructions for Participating in the Block Boundary Suggestion Project Using the Standalone (i.e., desktop) version of the Geographic Update Partnership Software

Introduction

Section 1: BBSP Overview

Section 2: Suggested Workflow

2.1 Linear Feature Review

2.2 Area Landmark Review

2.3 Legal Boundary Updates

2.4 Linear Feature Extension Review

2.5 Prototype Block Review

2.5.1 Block Size Review

2.5.2 Block Shape Review

2.6 Block Boundary Suggestion Flagging

2.6.1 Block Boundary Criteria

2.6.2 Assigning a "Must Hold" Flag

2.6.3 Assigning a "Do Not Hold" Flag

2.7 Block Area Group Delineation

2.8 Block Boundary Review

2.9 Potential Small Block Check

2.10 Review Change Polygons and Geography Review

2.11 Submitting Updates to the Census Bureau

Section 3: Getting Started

3.1 System Requirements

3.1.1 Installing GUPS

3.2 Creating a New GUPS Project

3.2.1 Loading Census Partnership and Prototype Block Shapefiles

3.2.2 Census Web Option

3.2.3 My Computer Option

3.2.3.1 Creating the My Computer Folder

3.2.3.2 Download the Partnership Shapefiles

3.2.3.3 Download the Prototype Block Shapefiles

3.3 Opening an Existing GUPS Project

3.3.1 Opening a Shared Submission

3.4 Getting Started in GUPS

3.4.1 Map View

3.4.2 Toolbars

3.4.2.1 Standard Toolbar

3.4.2.2 BBSP Toolbar

3.4.2.3 Add Data Toolbar

3.4.2.4 Additional Tools for BBSP

3.4.3 GUPS Data Settings Tool

Section 4: BBSP Update Activities in GUPS Standalone

4.1 Linear Feature Review

4.1.1 Adding a Linear Feature

4.1.2 Deleting a Linear Feature

4.1.3 Restoring a Linear Feature

4.1.4 Editing a Linear Feature's Attribution

4.1.5 Splitting an Existing Linear Feature

4.2 Area Landmark Review

4.2.1 Modify Area Feature Tool

4.2.2 Boundary Correction by Adding Area to Area Landmark

4.2.3 Boundary Correction by Removing Area from an Area Landmark

4.2.4 Creating a New Area Landmark

4.2.5 Deleting an Area Landmark

4.2.6 Modifying an Area Landmark

4.3 Legal Changes

4.3.1 Adding Area through Legal Changes (Annexations)

4.3.2 Removing Area through Legal Changes (De-Annexations)

4.3.3 Boundary Correction by Adding Area to a Legal Entity

4.3.4 Boundary Correction by Removing Area from a Legal Entity

4.3.5 Adding a New Legal Entity

4.3.6 Deleting a Legal Entity

4.4 Linear Feature Extension Review

4.4.1 Reviewing and Assigning Flags to 2020 Feature Extensions

4.4.1.1 Assigning a "Must Hold Flag"

4.4.1.2 Assigning a "Do Not Hold Flag"

4.4.1.3 Ignoring a 2020 Linear Feature Extension

4.5 Prototype Block Review

4.5.1 Block Size Review

4.5.2 Block Shape Review

4.6 Block Boundary Suggestion Flagging

4.6.1 Block Boundary Criteria

4.6.2 "Must Hold" Flag

4.6.3 "Do Not Hold" Flag

4.6.4 Removing a "Must Hold" or "Do Not Hold" Flag

4.6.5 Digitizing a New Linear Feature Extension

4.7 Block Area Grouping Delineation

4.7.1 Creating a Block Area Grouping

4.7.2 Deleting a Block Area Grouping

4.8 Block Boundary Review

4.8.1 Reviewing Your Block Boundary Suggestions

4.9 Potential Small Block Check

4.10 Review Change Polygon and Geography Review

4.10.1 Reviewing Change Polygons
4.10.2 Conducting Geography Review
4.11 Submitting Updates to the Census Bureau
4.11.1 Export Functionality
4.11.2 Creating A Share with Another Participant File
4.11.2 Creating a Submission for the Census Bureau
Section 5 Submit Changes to the Census Bureau
Appendix A Partnership Shapefile Names and Layouts
A1 Shapefile Names
A2 Shapefile Layouts
Appendix B MTFCC Descriptions

Explanation of Change

Reworded for consistency and clarity between the three guides.

Added final text.

Title: Block Boundary Suggestion Project (BBSP) Participant Guide for User Supplied Geographic Information System (GIS) Software Non-GUPS Guide - Instructions for Participating in BBSP with User Supplied GIS Software

Introduction

Section 1: BBSP Overview

Section 2: Suggested Workflow

2.1 Obtaining Census Shapefiles

2.1.1 Shapefile Projection

2.2 Updating Census Bureau Shapefiles

2.3 Linear Feature Review

2.3.1 Creating the Update Layer for Linear Features

2.3.2 Required Attributes for Linear Features

2.4 Area Landmark Review

2.4.1 Creating the Update Layer for Area Landmarks

2.4.2 Required Attributes for Area Landmarks

2.5 Legal Boundary Updates

2.5.1 Creating the Update Layer for Legal Boundary Updates

2.5.2 Required Attributes for Annexations and Deannexations

2.5.3 Required Attributes for Boundary Corrections

2.5.4 Boundary Correction Criteria

2.6 Linear Feature Extension Review

2.7 Prototype Block Review

2.7.1 Block Size Review

2.7.2 Block Shape Review

2.8 Block Boundary Suggestion Flagging

2.8.1 Block Boundary Criteria

2.8.2 Assigning a Must Hold Flag

2.8.3 Assigning a Do Not Hold Flag

2.9 Block Area Grouping Delineation

2.9.1 Creating the Block Area Grouping

2.9.2 Required Attributes for the Block Area Grouping

2.10 Validation Checks

2.11 Submitting Updates to the Census Bureau

Section 3 Creating Data Submissions
3.1 Submitting Linear Feature Updates/Block Boundary Suggestions
3.2 Submitting Area Landmark Updates
3.3 Submitting Legal Boundary Updates
3.3.1 Minor Civil Division Change Polygon Shapefile
3.3.2 Incorporated Place Change Shapefile
3.3.3 Consolidated City Change Polygon Shapefile
3.4 Submitting Block Area Grouping Updates
3.5 Creating .ZIP File containing all Change Files
Section 4: File Submission through SWIM
Appendix A Street Type Abbreviations
Appendix B MTFCC Descriptions
Appendix C Shapefile Data Dictionary

Title: Block Boundary Suggestion Project (BBSP): Participant Guide for Geographic Update Partnership Software (GUPS) Web Instructions for Participating in the Block Boundary Suggestion Project Using the Web version of the Geographic Update Partnership Software

Introduction

Section 1. Block Boundary Suggestion Project Overview

Section 2. Suggested Workflow

2.1 Linear Feature Review

2.2 Area Landmark Review

2.3 Legal Boundary Updates

2.4 Linear Feature Extension Review

2.5 Prototype Block Review

2.5.1 Block Size Review

2.5.2 Block Shape Review

2.6 Block Boundary Suggestion Flagging

2.6.1 Block Boundary Criteria

2.6.2 Assigning a "Must Hold" Flag

2.6.3 Assigning a "Do Not Hold" Flag

2.7 Block Area Grouping Delineation

2.8 Block Boundary Review

2.9 Potential Small Block Check

2.10 Boundary Review

2.11 Submitting Updates to the Census Bureau

Section 3. Getting Started

3.1 Getting Started with GUPS Web

3.1.1 Accessing GUPS Web

3.1.2 Logging into GUPS Web

3.1.3 GUPS Web User Access Roles

3.2 GUPS Web Dashboard

3.2.1 Map Management

3.2.2 Recent Projects

3.2.3 Opening a Project

3.2.4 User Management Module

3.3 GUPS Web Tools

3.3.1 GUPS Web Navigation Bar

3.3.2 Quick Tools

3.3.3 Tools

3.3.4 Layer Legend

3.3.5 Import/Export Tools

3.3.6 Project Management Tool

3.3.7 Notification Icon

3.3.8 User Count Icon

Section 4. BBSP Update Activities in GUPS Web
4.1 Linear Feature Review
4.1.1 Adding a Linear Feature
4.1.2 Deleting a Linear Feature
4.1.3 Restoring a Deleted Linear Feature
4.1.4 Modifying Attributes of a Linear Feature
4.1.5 Splitting a Linear Feature
4.2 Area Landmark Review
4.2.1 Modify Area Feature Tool
4.2.2 Boundary Correction by Adding Area to an Area Landmark
4.2.3 Boundary Correction by Removing Area from an Area Landmark
4.2.4 Creating a New Area Landmark
4.2.5 Deleting an Area Landmark
4.2.6 Modifying the Attributes of an Area Landmark
4.3 Legal Changes
4.3.1 Creating Legal Changes with the Modify Area Feature Tool
4.3.2 Adding Area through Legal Changes (Annexation)
4.3.3 Removing Area through Legal Changes (Deannexation)
4.3.4 Boundary Correction by Adding Area to a Legal Entity
4.3.5 Boundary Correction by Removing Area from a Legal Entity
4.3.6 Adding a New Legal Entity
4.3.7 Deleting a Legal Entity
4.3.8 Modifying the Attributes of a Legal Entity
4.4 Linear Feature Extension Review
4.4.1 Verify Linear Feature Extension Tool
4.5 Prototype Block Review
4.5.1 Block Size Review
4.5.2 Block Shape Review
4.6 Block Boundary Suggestion Flagging
4.6.1 Block Boundary Criteria
4.6.2 "Must Hold" Flags
4.6.3 "Do Not Hold" Flags
4.6.4 Removing a "Must Hold" or "Do Not Hold" Flag
4.6.5 Digitizing a New Linear Feature Extension
4.7 Block Area Grouping
4.7.1 Creating a Block Area Grouping
4.7.2 Deleting a Block Area Grouping
4.8 Block Boundary Review
4.9 Potential Small Block Check
4.10 Boundary Review
4.11 Submitting Updates to the Census Bureau
4.11.1 Export Tools
