

displays a currently valid OMB control number.

Food and Nutrition Service

Title: FNS Generic Clearance for the FNS Fast Track Clearance for the Collection of Routine Customer Feedback.

OMB Control Number: 0584–0611.

Summary of Collection: Under the Government Service Delivery Improvement Act (GSDIA), along with the OMB Circular A–11, Section 280 Implementation, agencies are obligated to continually improve the services they provide the public and to collect qualitative and quantitative data from the public to do so. The Food and Nutrition Service (FNS) seeks to obtain OMB approval for the extension of a generic clearance to collect qualitative feedback on our delivery of services. By qualitative feedback we mean information that provides useful insights on perceptions and opinions but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

Need and Use of the Information: This feedback will continue to: (1) provide insights into customer or stakeholder perceptions, experiences and expectations, (2) provide an early warning of issues with service and, (3) focus attention on areas where communication, training or changes in operations might improve delivery of products or services. This collection allows for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It also allows feedback to contribute directly to the improvement of program management.

The solicitation of feedback targets areas such as: timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses are assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will not be available.

Description of Respondents: Individuals and Households, Businesses and Organizations, State, Local and/or Tribal Government.

Number of Respondents: 42,500.

Frequency of Responses: Reporting: Annually, On Occasion.

Total Burden Hours: 85,000.

Rachelle Ragland-Greene,
*Departmental Information Collection
Clearance Officer.*

BILLING CODE 3410–30–P

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). Comments are invited on: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments must be received by December 22, 2025 to be assured of consideration. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice at www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Individuals are not required to respond to a collection of information unless it displays a valid OMB control number.

National Agricultural Statistics Service (NASS)

Title: Cooperator Funded Chemical Use Surveys—Substantive Change.

OMB Control Number: 0535–0273.

Summary of Collection: The National Agricultural Statistics Service (NASS) is authorized under 7 U.S.C. 2204 to collect and preserve agricultural information, including through the collection of statistics. NASS's mission

is to provide timely, accurate, and useful statistics on agricultural production, economics, and environmental practices. To fulfill this mission, NASS conducts a variety of surveys that track changes in agricultural practices over time.

NASS is submitting a substantive change request to revise the currently approved information collection for the Cooperator Funded Chemical Use Surveys. This revision pertains specifically to the 2026 Minnesota Pesticide and Fertilizer Survey. While the overall purpose and scope of the survey remain unchanged, several questionnaire items have been reworded, clarified, or replaced to improve data quality and respondent comprehension. These updates are designed to enhance the accuracy and usability of the data without increasing respondent burden. The revised questionnaire will be used for phone enumeration beginning in February 2026, as requested by the sponsoring agency.

Need and Use of the Information: The proposed changes will simplify survey questions for respondents and better align the data collected with future analytical needs. The information supports agricultural policy development, environmental monitoring, and resource management.

Description of Respondents: Farms and Ranches.

Number of Respondents: 24,200.

Frequency of Responses: Reporting: Once per year.

Total Burden Hours: 11,571.

BILLING CODE 3410–20–P

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Survey of Construction Questionnaire for the Building Permit Official (SOC–QBPO)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to

comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 27, 2025 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: Survey of Construction Questionnaire for the Building Permit Official (SOC–QBPO).

OMB Control Number: 0607–0125.

Form Number(s): SOC–QBPO.

Type of Request: Regular submission, Request for an Extension, without Change, of a Currently Approved Collection.

Number of Respondents: 1,000.

Average Hours per Response: 15 minutes.

Burden Hours: 250.

Needs and Uses: The U.S. Census Bureau is requesting an extension of the currently approved collection for the Survey of Construction Questionnaire for the Building Permit Official (SOC–QBPO). The information collected on the SOC–QBPO is necessary to carry out the sampling for the Survey of Housing Starts, Sales and Completions (OMB number 0607–0110), also known as the Survey of Construction (SOC). Government agencies and private

companies use statistics from the SOC to monitor and evaluate the large and dynamic housing construction industry.

The SOC–QBPO is an electronic questionnaire. The field representatives (FRs) either call or visit the respondents to enter their survey responses into a laptop computer using the Computer Assisted Personal Interviewing (CAPI) software formatted for the SOC–QBPO. The overall length of the interview will not change, and the sample size will only receive a minor downward adjustment.

The Census Bureau FRs use the SOC–QBPO to obtain information on the operating procedures of a permit office. This enables them to locate, classify, list, and sample building permits for residential construction. These permits are used as the basis for the sample selected for SOC. The Census Bureau also uses the information to verify and update the geographic coverage of permit offices.

Failure to collect this information would make it difficult, if not impossible, to accurately classify and sample building permits for the SOC. Data for two principal economic indicators are produced from the SOC: New Residential Construction (housing

starts and housing completions) and New Residential Sales. Government agencies use these statistics to evaluate economic policy, measure progress towards the national housing goal, make policy decisions, and formulate legislation. For example, the Board of Governors of the Federal Reserve System uses data from this survey to evaluate the effect of interest rates in this interest-rate sensitive area of the economy. The Bureau of Economic Analysis (BEA) uses the data in developing the Gross Domestic Product (GDP). The private sector and other data users from Department of Housing and Urban Development (HUD) and the National Association of Home Builders (NAHB) use the information for estimating the demand for housing, building materials and the many products used in new housing and to schedule production, distribution, and sales efforts. The financial community uses the data to estimate the demand for short-term (construction loans) and long-term (mortgages) borrowing.

Affected Public: State, Local, or Tribal government.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Sections 131 and 182.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0607–0125.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

National Oceanic and Atmospheric Administration

[RTID 0648–XF329]

Western Pacific Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Western Pacific Fishery Management Council (Council) will hold its 158th Scientific and Statistical Committee (SSC), Executive and Budget Standing Committee (SC), Program Planning SC, and its 205th Council meetings to take actions on fishery management issues in the Western Pacific Region.

DATES: The meetings will be held between December 9 and December 17, 2025. For specific times and agendas, see **SUPPLEMENTARY INFORMATION**. Written public comments on final action items at the 205th Council meeting should be received at the Council office by 5 p.m. HST, Thursday, December 11, 2025, see **ADDRESSES**.

ADDRESSES: The 158th SSC, Program Planning SC, and 205th Council meetings will be held by web conference via Webex. The Executive and Budget SC will be held as an in-person meeting at the Council office, 1164 Bishop Street, Suite 1400, Honolulu, Hawaii. Specific information on joining the meeting, connecting to the web conference and providing oral public comments will be posted on the Council website at www.wpcouncil.org. For assistance with the web conference connection, contact the Council office at (808) 522–8220.

The following venues will be host sites for the 205th Council meeting: Council office, 1164 Bishop Street, Suite 1400, Honolulu, Hawaii; Tedi of Samoa Building Suite 208B, Fagatogo Village, American Samoa; Cliff Pointe, 304 W O'Brien Drive, Hagatna, Guam; and BRI Building Suite 205, Kopa Di Oru St. Garapan, Saipan, CNMI.

Council address: Western Pacific Fishery Management Council, 1164 Bishop Street, Suite 1400, Honolulu, HI 96813.

Background documents for the 205th Council meeting will be available at www.wpcouncil.org. Written public comments on final action items at the 205th Council meeting should be received at the Council office by 5 p.m. HST, Thursday, December 11, 2025, and
