Certain Quartz Surface Products From the People’s Republic of China: Rescission of Countervailing Duty Administrative Review; 2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty (CVD) order on certain quartz surface products from the People’s Republic of China (China). The period of review (POR) is January 1, 2024, through December 31, 2024.

DATES: Applicable December 12, 2025.

FOR FURTHER INFORMATION CONTACT: Ajay Menon, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0208.

SUPPLEMENTARY INFORMATION:

Background

On June 30, 2025, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the CVD order on certain quartz surface products from China.¹ Commerce received a timely request for review of the CVD order from Karinastone (Malaysia) Sdn Bhd (Karinastone), an exporter of the subject merchandise.²

On August 22, 2025, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i), Commerce published the initiation notice in the **Federal Register**.³ On September 12, 2025, we notified interested parties that information from U.S. Customs and Border Protection (CBP) indicated that there were no POR entries of the subject

merchandise.⁴ Further, on September 22, 2025, we notified interested parties of our intent to rescind this administrative review due to a lack of suspended entries.⁵ We received no comments from interested parties regarding our intent to rescind.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce’s practice to rescind an administrative review of a CVD order where it concludes that there were there are no entries of subject merchandise during the POR for which liquidation is suspended.⁶ Normally, upon completion of an administrative review, the suspended entries are liquidated at the CVD rates calculated for the review period.⁷ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the calculated CVD rates for the review period.⁸ As noted above, there were no suspended entries of subject merchandise for the company under review during the POR. Accordingly, in the absence of reviewable, suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review in its entirety, in accordance with 19 CFR 351.213(d)(3).

Cash Deposit Requirements

As Commerce has proceeded to a final rescission of this administrative review, no cash deposit rates will change. Accordingly, the current cash deposit requirements shall remain in effect until further notice.

Assessment

Commerce will instruct CBP to assess countervailing duties on all appropriate entries. Countervailing duties shall be assessed at rates equal to the cash deposit rate of estimated countervailing duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP

no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of the APO materials or conversion to judicial protective order is hereby requested. Failure to comply with regulations and terms of an APO is a violation, which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: December 9, 2025.

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; West Coast Region Groundfish Trawl Fishery Electronic Monitoring Program

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on June 16, 2025 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

² See Karinastone’s Letter, “Karinastone Request for Administrative Review,” dated July 31, 2025.

³ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 90 FR 41043 (August 22, 2025).

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: West Coast Region Groundfish Trawl Fishery Electronic Monitoring Program.

OMB Control Number: 0648–0785.

Form Number(s): None.

Type of Request: Regular submission [extension of a current information collection].

Number of Respondents: 866.

Average Hours per Response: Vessel operators: captain training 1.5 hr., logbook .17 hr., hard drive submission .17 hr.; Vessel owners: initial application 0.5 hr., final application 6.3 hr., updated application .17 hr., EM unit/installation, 4 hr., VMP 2 hr., EM system certification form .15, self-enforcing agreement 3 hr., change to VMP .5 hr., appeal 5 hr., renewal 1.5 hr., EM system maintenance 1 hr.; EM service provider: Application 8 hr., EM service plan 40 hr., 2 units 1 hr., copy of contracts 0.5 hr., other copies 0.5 hr., appeal 4 hr., change to EMSP 2 hr., renewal (biennial) 3 hr., EM system certification form 0.5 hr., reports 0.36 hr., technical assistance 0.2 hr., harassment etc. 1 hr., compliance reports 0.33 hr., catch reports 0.5 hr., feedback to vessel 0.3 hr., data storage 0.25 hr., debrief of EM staff 1.2 hr.

Total Annual Burden Hours: 3,651 hours.

Needs and Uses: This is a request for the renewal of an approved information collection. Under the authority of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act (16 U.S.C. 1801 *et seq.*), the Pacific coast groundfish fishery is managed under the Pacific Coast Groundfish Fishery Management Plan (FMP) by the National Marine Fisheries Service (NMFS) West Coast Region (WCR). One sector of the groundfish fishery has limited entry permits endorsed for trawl gear and is managed under a catch share program. The catch share program implemented requirements for 100 percent observer

coverage at-sea and dockside to ensure full accountability for catch of allocated species and a level playing field for all participants. To provide a cost-effective alternative to human observer coverage, vessels may choose to use electronic monitoring (EM). EM uses video cameras and integrated sensors (e.g., global positioning system (GPS), motion sensor, and hydraulic pressure sensor) to passively monitor fishing activity at-sea. An analyst onshore can review the video and sensor data after the trip to collect information about location and amount of catch and fishing effort. EM has the potential to reduce monitoring costs because it does not require deploying a person on the vessel and the logistical and travel expenses that generates. This information collection includes a permit application and associated documents for EM service provider companies, a permit application and associated documents for vessels participating in EM, and a logbook and video hard drive submissions for participating vessels. The information is used to allow vessels to utilize EM in lieu of the 100% human observer requirement and for fishery catch accounting to occur according to regulations in place at 50 CFR 660 subpart J.

Affected Public: Individuals or households; Business or other for-profit organizations.

Frequency: On occasion and biennially.

Respondent's Obligation: Required to Obtain or Retain Benefits.

Legal Authority: The Magnuson-Stevens Fishery Conservation and Management Reauthorization Act (16 U.S.C. 1801 *et seq.*), 50 CFR part 660, subpart J.
