SUBJECT: (Month) MPEP Results

Dear Participant:

CDC's TB Model Performance Evaluation Program (MPEP) panel for *Mycobacterium tuberculosis* Drug Susceptibility Testing Program was recently mailed to your laboratory.

Friendly Reminder that the due date for online result submission is [Date].

Your completed survey results have not been received as of (Month, Day, Year). Although your participation is voluntary, your role is vital in helping to obtain information on *M. tuberculosis* drug susceptibility testing.

If you have already entered your results, we appreciate your participation. If not, we would very much appreciate receiving your completed results as soon as possible so that your information can be summarized with other laboratories for the Final Report.

Thank you again for your participation in this very important program.

Thanks,

TB MPEP Team
