QUESTION

Please print today's date.	This should be the date this form wa	S
completed.		

Is this you?

This survey should be completed only by the person named above. Does this person currently live or stay at this address?

What is your sex, [SAMPLE ADULT NAME]?

What is your age in years?

In what month and year were you born?

How many people, including yourself, live or stay at this address?

INCLUDE...

people who are not related to you people who are away on travel babies and small children people staying here who have no other place where they usually live or stay college students living in on-campus housing

DO NOT INCLUDE anyone living somewhere else, such as... a college student living in off-campus housing someone in the Armed Forces on deployment

Number of people

Fill out pages X-X for everyone, including yourself, who is living or staying at this address.

If there are more than 6 people living or staying at this address, start with the OLDEST person, who we will call "Person 1" and continue with the next oldest until you have completed the section.

Have you EVER been told by a doctor or other health professional that you had hypertension or high blood pressure? If you take medication to control your hypertension or high blood pressure, please answer yes.

During the past 12 months, have you had hypertension or high blood pressure?

Have you EVER been told by a doctor or other health professional that you had high cholesterol? If you take medication to control your high cholesterol, please answer yes.

During the past 12 months, have you had high cholesterol? Have you EVER been told by a doctor or other health professional that you had asthma?

Do you still have asthma?

During the past 12 months, have you had an episode of asthma or an asthma attack?

During the past 12 months, have you had to visit an emergency room or urgent care center because of asthma?

Have you EVER been told by a doctor or other health professional that you had...

Mark (X) yes or no for each item.

Coronary heart disease

Angina, also called angina pectoris

A heart attack, also called myocardial infarction

A stroke

Have you EVER been told by a doctor or other health professional that you had...

Mark (X) yes or no for each item.

COPD, emphysema, or chronic bronchitis

Arthritis, rheumatoid arthritis, gout, lupus, or fibromyalgia

Kidney problem, protein in the urine, or kidney disease

Hepatitis

Cirrhosis or any other kind of long-term liver condition Have you EVER been told by a doctor or other health professional that you had cancer or a malignancy of any kind?

What kind of cancer was it? Mark all that apply Breast Lung Prostate

Skin (melanoma) Colorectal Any other type of cancer - Please specify How old were you when a doctor or other health professional first told you that you had cancer? Has a doctor or other health professional EVER told you that you have diabetes? Do not include prediabetes, borderline diabetes, or gestational diabetes. How old were you when a doctor or health professional FIRST told you that you had diabetes? How tall are you without shoes? Answer in feet and inches OR meters and centimeters. Your best estimate is fine. How much do you weigh? Answer in pounds OR kilograms. Your best estimate is fine. How would you rate your quality of life, focusing on what matters to you the most? How would you rate your social and family connections? In general, how healthy is your overall diet?

How would you rate your physical activity, compared with people in

How would you rate your ability to manage stress?

your age group?

How would you rate your sleep?
How would you rate your ability to find meaning and purpose in your daily life?
How would you rate your ability to manage your health, focusing on aspects of your health that matter most to you?
Over the last 2 weeks, how often have you been bothered by little interest or pleasure in doing things?
Over the last 2 weeks, how often have you been bothered by feeling down, depressed, or hopeless?
Over the last 2 weeks, how often have you been bothered by feeling nervous, anxious, or on edge?
Over the last 2 weeks, how often have you been bothered by not being able to stop or control worrying?
Do you have difficulty seeing, even if wearing glasses or contact lenses?

Do you have difficulty walking or climbing steps?
Do you have difficulty remembering or concentrating?

Do you have difficulty with self-care, such as washing all over or dressing?

Using your usual language, do you have difficulty communicating, for example understanding or being understood?

Because of a physical, mental, or emotional condition, do you have difficulty doing errands alone such as visiting a doctor's office or shopping?

Because of a physical, mental, or emotional condition, do you have difficulty participating in social activities such as visiting friends, attending clubs and meetings, or going to parties?

Are you limited in the kind OR amount of work you can do because of a physical, mental, or emotional problem? Work includes paid work, volunteer work, schoolwork, and homework.

During the past 12 months, about how many days of work did you miss because you had an illness, injury, or disability? *Do not include family, maternity, or paternity leave.*

In the past 3 months, how often did you have pain?

Think about the last time you had pain, how much pain did you have?

Over the past 3 months, how often did pain limit your life or work activities?

The next questions are about health insurance. Include health insurance obtained through employment or purchased directly as well as government programs like Medicare, Medicaid, and Children's Health Insurance Program that provide medical care or help pay medical bills.

Are you covered by any kind of health insurance or some other kind of health care plan?

What kind of health insurance or health care coverage do you have? Mark (X) yes or no for each item

Private health insurance

Medicare (including Medicare Advantage)

Medicare supplement (Medigap)

Medicaid
Children's Health Insurance Program (CHIP)
Military related health care: TRICARE (CHAMPUS)
VA health care (CHAMP-VA)
Indian Health Service
State-sponsored health plan
Other government program
Was any of your health insurance obtained through Healthcare.gov or the Health Insurance Marketplace? <i>Healthcare.gov is a website for the Affordable Care Act, also known as Obamacare.</i>
What is the name of this plan?
At any time in the past 12 months, did you have health insurance through a current or former employer or union?
At any time in the past 12 months, did you have health insurance purchased through Healthcare.gov, the Health Insurance Marketplace, or a state-based health insurance exhange?
At any time in the past 12 months, did you have Medicaid, Medical Assistance, or the Children's Health Insurance Program?

During the past 12 months, were you covered by health insurance for...

How many months did you have coverage?

About how long has it been since you last saw a doctor or other health professional about your health? Do not include appointments by video or phone. Do not include dental care. Include doctors seen while a patient in a hospital.

About how long has it been since you last saw a doctor or other health professional for a wellness visit, physical, or general-purpose check-up? If a wellness exam was combined with a visit for some other reason, include this visit. An obstetrician/ gynecologist (OB/GYN) may perform this visit.

When was the last time you had your blood pressure checked by a doctor, nurse, or other health professional?

When was the last time you had a blood test for high blood sugar or diabetes by a doctor, nurse, or other health professional?

During the past 12 months, how many times have you gone to a retail health clinic about your health? Retail health clinics are located in a pharmacy, grocery store, or supercenter. These clinics can provide common services such as certain vaccination, as well as testing for or treatment of minor uncomplicated illnesses.

During the past 12 months, how many times have you gone to an urgent care center about your health? An urgent care center is located in its own building or space. These centers can provide services such as x-rays and stitches.

During the past 12 months, how many times have you gone to a hospital emergency room about your health? This includes emergency room visits that resulted in a hospital admission.

During the past 12 months, how many nights have you been hospitalized? *Do not include an overnight stay in the emergency room.* During the past 12 months, have you had an appointment with a doctor, nurse, or other health professional by video or by phone?

During the past 12 months, have you had a dental examination or cleaning? *Include cleanings from all types of dental care providers such as dentists, orthodontists, oral surgeons, dental hygienists, and all other dental specialists.*

During the past 12 months, have you had an eye exam from an eye specialist such as an optometrist, ophthalmologist, or eye doctor?

During the past 12 months, did you receive counseling or therapy from a mental health professional such as a psychiatrist, psychologist, psychiatric nurse, or clinical social worker?

During the past 12 months, have you had a flu vaccination? There are 2 types of flu vaccinations. One is a shot and the other is a spray, mist, or drop in the nose.

These next questions are about different types of colorectal cancer screening.

Have you ever had a colonoscopy or sigmoidoscopy? These are exams in which a doctor inserts a tube into the rectum to look for polyps or cancer.

About how long has it been since your MOST RECENT colonoscopy or sigmoidoscopy?

Have you ever had a CT colonography or virtual colonoscopy? CT colonography, sometimes called virtual colonoscopy, is a test that looks for cancer in the colon. Unlike regular colonoscopies, you do not need medication to make you sleepy during the test. In this test, your colon is filled with air and you are moved through a donut-shaped X-ray machine as you lie on your back and then your stomach.

When was your most recent CT colonography or virtual colonoscopy?

Have you ever had a blood stool or FIT test, using a HOME kit? These are tests to determine whether you have blood in your stool or bowel movement and can be done at home using a kit. You use a stick or brush to obtain a small amount of stool at home and send it back to the doctor or lab. This may also be called a fecal occult blood test or fecal immunochemical test.

When was you most recent blood stool or FIT test, using a home test kit?

Have you ever had a Cologuard test? The Cologuard test is another type of stool test for colon cancer. It tests for blood in your stool and DNA changes. With this test, you mail a whole bowel movement back in a container to be tested.

When was you most recent Cologuard test?

During the past 12 months, have you DELAYED getting medical care because of cost? *Do not include dental care.*

During the past 12 months, was there any time when you needed medical care, but DID NOT GET IT because of the cost? *Do not include dental care.*

During the past 12 months, have you DELAYED getting dental care because of cost?

During the past 12 months, was there any time when you needed dental care, but DID NOT GET IT because of the cost?

During the past 12 months, were any of the following true for you? Mark (X) yes or no for each item

You skipped medication doses to save money

You took less medication to save money.

You DELAYED filling a prescription to save money.

During the past 12 months, was there any time when you needed prescription medication, but DID NOT GET IT because of the cost?

If you get sick or have an accident, how worried are you that you will be able to pay your medical bills?

At any time in the past 12 months, did you take prescription medication?

Are you NOW taking any medication prescribed by a doctor for high blood pressure?

Are you NOW taking any medication prescribed by a doctor to help lower cholesterol?

Are you NOW taking diabetic pills to lower blood sugar? These are sometimes called oral agents or oral hypoglycemic agents.

Are you NOW taking insulin? Insulin can be taken by shot or pump.

Other than insulin, are you NOW taking any injectable medication to lower blood sugar or lose weight? These medications include GLP-1 injectables, such as Ozempic, Wegovy, Saxenda, Victoza, Trulicity, Mounjaro, and Byetta.

At any time in the past 12 months, did you take prescription medication to help you with your emotions or with your concentration, behavior, or mental health?

Are you NOW taking prescription medication for anxiety? Anxiety can include feeling worried, nervous, or anxious

Are you NOW taking prescription medication for depression?

What is your sex?

Have you EVER HAD a mammogram? A mammogram is an x-ray taken only of the breast by a machine that presses against the breast.

If yes, about how long has it been since your MOST RECENT mammogram?

There are 2 different kinds of tests to check for cervical cancer. One is a Pap smear or Pap test and the other is the HPV or Human Papillomavirus test. Have you EVER HAD a test or tests to check for cervical cancer? These are routine tests for women in which a doctor or other health professional takes a sample from the cervix through the vagina with a swab or brush and sends it to the lab.

When did you have your MOST RECENT test to check for cervical cancer?

Have you had a hysterectomy? A hysterectomy is when the uterus or womb is removed. This is different from having your tubes tied.

How often do you do MODERATE-INTENSITY LEISURE-TIME physical activities? Moderate-intensity activities cause moderate increases in breathing or heart rate.

About how long do you do these moderate leisure-time physical activities each time?

How often do you do VIGOROUS-INTENSITY LEISURE-TIME physical activities? Vigorous-intensity activities cause large increases in breathing or heart rate.

About how long do you do these vigorous leisure-time physical activities each time?

How often do you do LEISURE-TIME physical activities specifically designed to STRENGTHEN your muscles such as sit-ups, push-ups, or lifting weights? Include any muscle-strengthening activities you may have reported earlier as moderate-intensity or vigorous-intensity leisure-time physical activities.

In the past 7 days, did you walk for transportation? This is walking you might have done to travel to and from work, to do errands, or to go from place to place.

Did you generally walk for at least 10 minutes at a time? Sometimes you may walk for fun, relaxation, exercise, or to walk the dog. In the past 7 days, did you walk for any of these reasons? Do not include walking for transportation.

Did you generally walk for at least 10 munutes at a time? On average, how many hours of sleep do you get in a 24-hour period?

Have you smoked at least 100 cigarettes in your ENTIRE LIFE?

Do you NOW smoke cigarettes every day, some days, or not at all? Have you ever used an e-cigarette or other electronic vaping product, even just one time, in your entire life? *Include e-cigarettes used for nicotine*. Do not include marijuana use.

Do you NOW use e-cigarettes or other electronic vaping products?

In your ENTIRE LIFE, have you had at least 1 drink of any kind of alcohol, not counting small tastes or sips? Alcohol includes beer, wine, wine coolers, liquors such as vodka, whiskey or rum, mixed drinks or cocktails with alcohol, and any other type of alcoholic drink.

During the past 12 months, did you ever have 4 or more drinks in a day?

Do you conisder yourself to be Hispanic or Latino?

What race or races do you consider yourself to be? Mark (X) for all that

What is the HIGHEST level of school you have completed or the

Did you ever serve on active duty in the U.S. Armed Forces, military

highest degree you hav received?

Reserves, or National Guard?

apply.

Is the place where you usually live owned or rented by you or someone in your family?
Are you now living with a spouse or partner?
What is your current legal marital status?
Do you think of yourself as
Were you born in the United States or a U.S. territory?
Which of the following best describes your current employment status? <i>Mark 1 box.</i>
How many of the people in your household are family members? For this survey, family refers to everybody living together who are related by birth, marriage, or adoption, as well as any unrelated children who are cared for by the family, such as foster children. Family also includes any people living together as a couple and their children. If you live alone or with unrelated roommates, just include yourself in these next questions.

In 2024, did you or any family member 18 or older receive income from any of the following sources? Mark (X) yes or no for each item.

Wages, salaries, commissions, bonuses, tips, or self-employment.

Interest-bearing accounts or investments

Dividends from stocks or mutual funds

Net rental income, royalty income, or income from estates and trusts

Social Security or Railroad Retirement.

Supplemental Security Income (SSI).

Any public assistance or welfare payments from the state or local welfare office.

Retirement income, pensions, survivors or disability income.

Any other sources of income received regularly such as Veterans' VA payments, unemployment compensation, child support or alimony. What is your best estimate of the total income of all family members from all sources, before taxes, in 2024?

What is your age today?

Please print today's date. This should be the date this form was completed.

EXPLAINATION OF DIFFERENCES

This item is not needed in the CAPI instrument because the date of interview is captured by the instrument

This item is not needed in the CAPI instrument because the interviewer asks the respondents name directly.

ORIGINAL WORDING

Not applicable - new item

Not applicable - new item

This item is not needed in the CAPI instrument, because the household roster is completed with the assistance of a field interviewer.

The currently approved NHIS item asks this question in a longer format that does not translate well to the shortened PAPI instrument.

The currently approved NHIS item does not specify "in years".

This item is not included in the CAPI instrument, but was included in the PAPI to assist respondents in identifying the household member with the next birthday.

Not applicable - new item

Some of the questions in this survey are about topics like breast and prostate cancer, so it is important to know which questions apply. Are you male or female?

What is your age?

Not applicable - new item

This item is not included in the CATI instrument, but was included in the PAPI to assist respondents in completeing the household roster.

This item is not included in the CATI instrument, but was included in the PAPI to assist respondents in completeing the household roster.

This content is collection on the CATI instrument, but in a slightly different format due to the change in mode.

The currently approved NHIS item asks this question in a longer format that does not translate well to the shortened PAPI instrument.

This content is collection on the CATI instrument, but in a slightly different format due to the change in mode.

This item is not included in the CATI instrument, but was included in the PAPI to assist respondents in selecting the respondent for the sample adult questionnaire using the "last birthday" method for random selection.

This content is collection on the CATI instrument, but in a slightly different format due to the change in mode.

The currently approved NHIS item asks this question is important to know which in a longer format that does not translate well to the shortened PAPI instrument. is important to know which questions apply. Are you male or female?

This item is not included in the CATI instrument, but was included in the PAPI to assist respondents in selecting the respondent for the sample adult questionnaire using the "last birthday" method for random selection.

This item was added to allow for random selection of a sample adult respondent. This process is automated in the CATI, and therefore no such item is needed.

Some of the questions in this survey are about topics like breast and prostate cancer, so it is important to know which questions apply. Are you male or female?

Not applicable - new item

Not applicable - new item

This item was added to allow for random selection of a sample adult respondent. This process is automated in the CATI, and therefore no such item is needed.

Instructional text was added to support the selection of a response option [Mark (X) yes or no]	Not applicable - new instructional t
Instructional text was added to support the selection of a response option [Mark (X) yes or no]	Not applicable - new instructional t
Instructional text was added to support the selection of a response option (Mark all that apply)	Not applicable - new instructional t

Instructional text was added to support the specifiation of a type (*Please specify*)

Not applicable - new instructional t

Instructional text was added (*Do not include prediabetes, borderline diabetes, or gestational diabetes*) in order to account for the absence of automatic skips in a PAPI, and reduced items in this section.

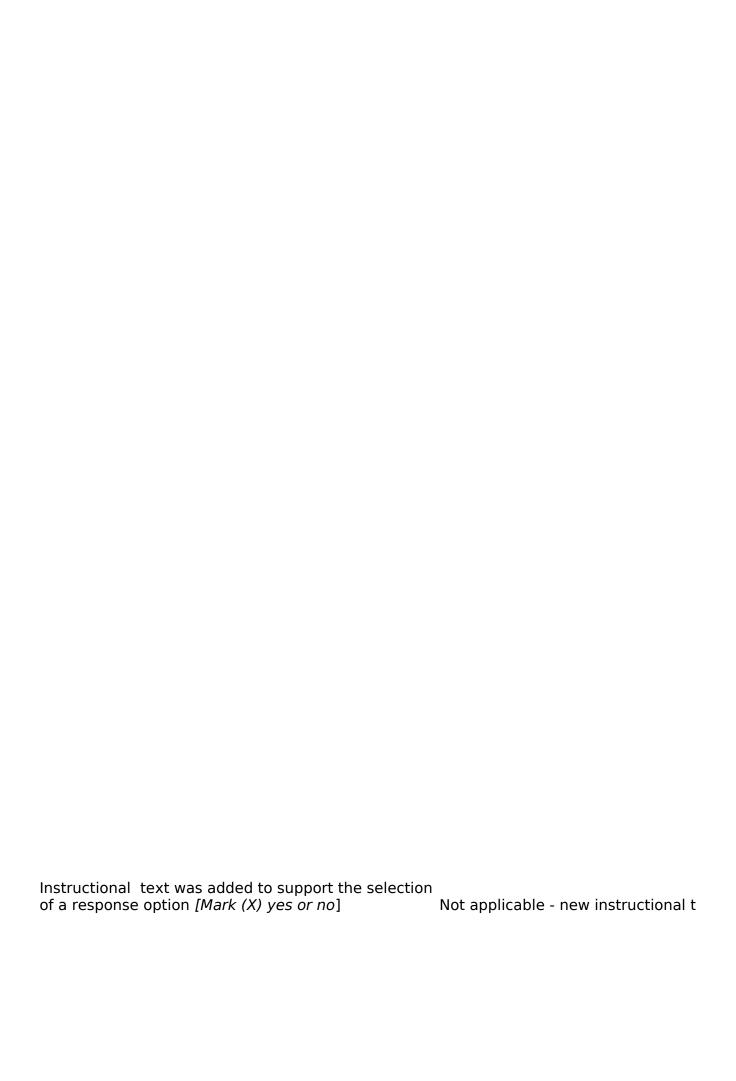

Not applicable - new instructional t

Instructional text was added (Answer in feet and inches OR meters and centimeters. Your best estimate is fine) in order to account for the absence of a trainer interviewer

How tall are you without shoes?

Instructional text was added (*Answer in pounds OR kilograms. Your best estimate is fine*) in order to account for the absence of a trainer interviewer.

How much do you weigh?

This item was modified from it's wording to account for a lack of automatic skips in the PAPI. It was previoulsy asked only of those on specific health plans; it will now be asked of anyone with health insurance.

This item was modified from it's wording to account for a lack of automatic skips in the PAPI. It was previoulsy asked only of those on specific health plans; it will now be asked of anyone with health insurance.

This item is being added to both the PAPI and CAPI instruments as the full CAPI insurance section can not be administered on a paper questionnaire. Including this item on both instruments will support direct comparisons in past year coverage that would not otherwise be possible.

This item is being added to both the PAPI and CAPI instruments as the full CAPI insurance section can not be administered on a paper questionnaire. Including this item on both instruments will support direct comparisons in past year coverage that would not otherwise be possible.

This item is being added to both the PAPI and CAPI instruments as the full CAPI insurance section can not be administered on a paper questionnaire. Including this item on both instruments will support direct comparisons in past year coverage that would not otherwise be possible.

Was your Medicaid obtained through Healthcare.gov or the marketplace?

What is the name of your Medicaid health plan?

Not applicable - new item

Not applicable - new item

The current NHIS CAPI instrument collects informaion on gaps in coverage using more items than would be feasible for a PAPI. This item was written to take the place of those items, and be approperiate for all respondents, regardless of the response given previously in this section.

In the past 12 months, was there any time when you did not have any health insurance coverage?

This item is an adaptation of a current NHIS item. The modification was necessary in order to align with the content that preceeds in this this revised section.

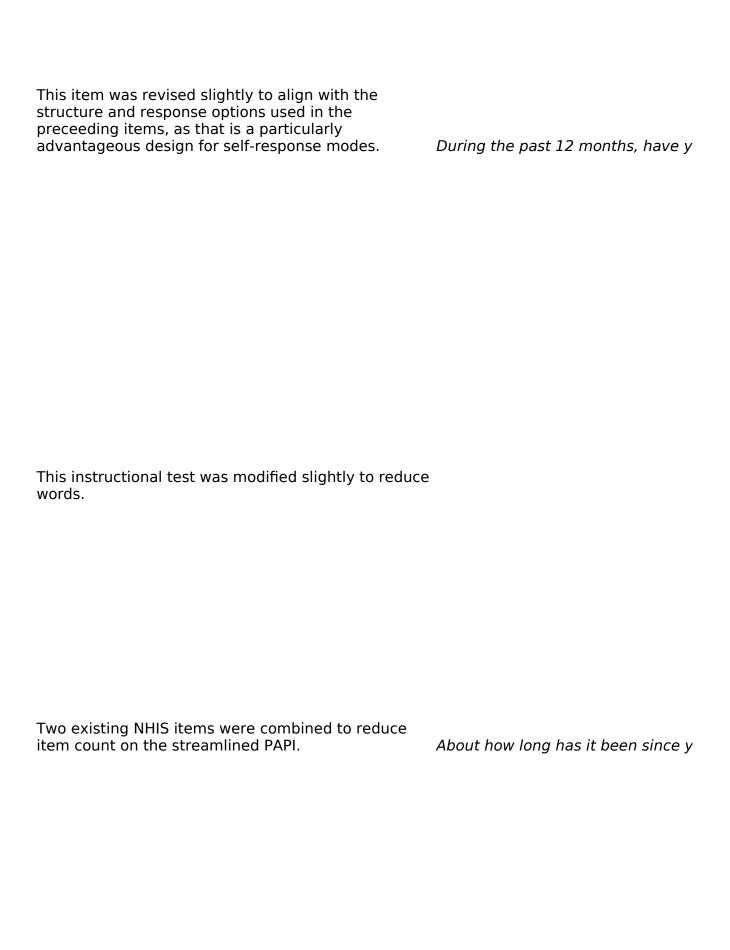

In the past 12 months, about how I

Instructional text was added in order to account for the absence of a trainer interviewer.

About how long has it been since y

Instructional text was added in order to account for the absence of a trainer interviewer.

About how long has it been since y

The CAPI collects this information using slightly differnet wording.

The CAPI collects this information using slightly differnet wording.

Do you take prescription medicatic

Do you take prescription medicatio

This information is collected elsewhere on the CAPI. It was added here in the PAPI to faciliate a skip pattern.

This information is collected in the CAPI using a different format, and was adapted to a self-response mode with an dichtomous response option	On average, how long did those wa
This information is collected in the CAPI using a different format, and was adapted to a self-response mode with an dichtomous response option	On average, how long did those wa
Instructional text was added to the question in order to account for the absence of a trained interviewer.	Have you ever used an e-cigarette

This information is collected in the household roster section of the CAPI using a different format.
This information is collected in the household roster section of the CAPI using a different format.

Instructional text was added to support the selection of a response option [Mark (X) yes or no]	Not applicable - new instructional t
This item was added to compare information provided on the roster with information about the sample adult as collected on the day of completion. The overarching topic (respondent's age) is collected in the current NHIS instrument, but in a different format. This infomration is collected automatically in the CAPI.
